HIS EXCELLENCY THE HIGH COMMISSIONER is pleased to appoint the following Boards of Survey to examine cash, stamps, etc., under Colonial Regulation 331, and to report upon stores under Colonial Regulation 385, at the end of the financial year 1913-14, and also to hold surprise surveys during the year 1914-15, on such dates as may be specially prescribed from time to time.

2. The surveys to be held, forms to be used and members constituting the Boards are detailed below.

3. The President of each Board on cash, stamps, etc., will arrange to assemble the Board at the close of ordinary business on the last business day of the year. The Board will check each item and initial each page of the ledger, and will enter those articles only in which there are discrepancies on Form Gen. 37, recording the surplus or deficiency in red ink opposite the item in the ledger, which will eventually be adjusted departmentally from Form Gen. 37 after proper authority has been obtained. The Board will also report any excessive accumulations of stores, or other point that may come to their notice. Lists of articles which the head of the department wishes to be condemned or otherwise disposed of will be prepared in duplicate on Form Gen. 36 for the Board, who will examine the articles and report to Government on the form.

S P E E C H

OF

His Excellency the High Commissioner

DELIVERED TO THE LEGISLATIVE COUNCIL

AT THE OPENING OF THE SESSION,

ON TUESDAY, 24TH MARCH, 1914.

HONOURABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,

This being the first opportunity afforded to me since I last addressed you a year ago, I desire now to thank you for the kind reply, more or less personal, which you then tendered to me.

It is outside my province to analyse closely the course of events which have taken place in the Near East during the past year, but, as the outcome has been the removal of many restrictions upon the trade of Cyprus which followed upon a state of war between neighbouring countries, we must, if for no other reason, be thankful that peace once again prevails.

Amongst the many subjects, apart altogether from those which you will be specially asked to deal with, which have been receiving the particular attention of the Government during the past twelve months, I desire to mention the following:—

Whether Cyprus should give its adherence to the Paris International Sanitary Convention of 1912 and accept the responsibilities thereby imposed. Government decided, as has been done by the Government of Malta, that the time had not yet arrived for it to do so, but that it should as far as practicable adopt the principles embodied in the Convention. With this object in view the existing Quarantine Regulations are undergoing a further revision, and it is hoped they will shortly be brought into effect.

The necessity, and if so the extent, to which Cyprus should follow the example of many other countries in dealing by legislation with the White Slave traffic.

Whether it is desirable and practicable to re-establish a Coastal Service round the Island to meet the needs of the inhabitants, especially on the north and west coasts, and give further encouragement to their agricultural efforts by affording greater facilities for the disposal of any surplus which they may grow.

To what extent it would be possible further to improve the harbours of the Island, having regard to the great differences in the estimates of expenditure advanced by experts.

The extension of the present measures for stamping out disease amongst vines.

The course to be followed for combating the disease attacking the caroub trees.

Whether restrictions should be placed upon the export of breeding animals.

The development of the Agricultural Department, especially in the direction of giving agricultural education in schools.

The desirability of revising the methods of granting seed loans in view of the refusal of many applicants last autumn to take the seed reserved for them.

The further improvement of village water supplies.

The compilation and publication of a volume of the Statute Laws, Orders in Council, Rules, Regulations, etc.

The compilation and publication of the Bye Laws of the several Municipalities.

The establishment by Government in conjunction with Municipalities of permanent Isolation Hospitals.

The possibility of affording the inhabitants of the Island greater facilities in the administration of justice and settlement of disputes by extending the jurisdiction in Village Courts; by enabling Judges of District Courts to sit alone for the hearing of certain cases; by the establishment of Magisterial Courts in the remote districts of the Island; and by the introduction of some new procedure for the settlement of disputes in the country districts.

The desirability of introducing legislation to deal with the supervision of children when not in the care of their parents.

The possibility of improving the present treatment of the Insane.

The treatment in gaol of Juvenile Offenders.

The alteration where practicable of forest boundaries to meet the reasonable claims of village land owners.

The desirability of acquiring by purchase the land lines of the Eastern Telegraph Company.

The appointing of a Committee, largely non-official in composition, to suggest amendments in the Schedules to the Customs, Excise and Revenue Law of 1899.

The carrying out of the several recommendations put forward by Mr. Bedford Glasier regarding the Island Railway.

I am once again in the pleasant position of being able to state that the prosperity of the Island as judged by the Trade returns and the Treasury statements continues on the upward grade. The only serious declines in trade have occurred in Caroub exports, no doubt due largely to the disease which attacked the trees last season, and in the export of live stock to Egypt, the decline in the latter perhaps having its advantages.

The original estimate of Revenue for the current financial year was £355,500 and the Expenditure, excluding that from Surplus balances, £355,026. The revised Estimates on the foregoing lines shew an anticipated Revenue for the year of £379,182, and an Expenditure of £354,365, providing a surplus of Revenue over Expenditure of £24,817.

The large revenues of the past few years are making themselves felt in the Estimates for the forthcoming year, and they will do so further in following years, owing, as Honourable Gentlemen know, to the Revenue Estimates being primarily based upon the averages of previous years.

The health of the population has, during the year, been normal. There was a notable decrease in the number of cases of malaria from those of the previous year, amounting as I am informed by the Chief Medical Officer, to no less than 3,000, this satisfactory state of affairs being attributable to the fact that some localities, such as Limassol and Larnaca, put in practice at once the recommendations made by Sir Ronald Ross. With increased funds available during the forthcoming year it is hoped that considerable strides may be made towards diminishing materially this all too prevalent scourge.

I am glad to observe that there has been a steady decrease in crime throughout the Island during the year.

The Department of Public Works has been kept steadily busy. The lighthouse at Klides Island has been constructed and has given the greatest satisfaction to mariners.

The boring for Artesian water was proceeded with at a new site near the village of Prastion in the Nicosia District, but only with small result.

All other public works for which money was voted by this Council have been proceeded with as far as funds would permit.

During the year the Government has been approached by individuals and syndicates with a view to the concession of prospecting and mining rights for minerals and mineral oils, this shewing, especially in the case of mineral oils, that the possible resources of the Island are attracting the serious attention of the mining world.

The legislation which will be proposed by the Government during the present Session will include:—

A Bill to amend the Penal Code.

A Bill to amend the Law relating to certain categories of Immovable Property.

A Bill affording protection to Suitors in Courts.

A Bill to deal with Aerial Navigation.

A Bill in respect of Copyright.

A Bill to amend the present Pensions Law.

A Bill to amend the existing Law relating to Malicious Injury to Property.

A Bill to compel the Registration of Dogs.

A Bill in connection with the collection of Port and Harbour Dues.

A Bill dealing with Municipal Councils.

The reintroduction of Bills relating to Co-operative Credit Societies and Caroub Weighing and Shipping places, and

The Ecclesiastical Properties Continuance Bill.

The Report of the Educational experts who visited the Island last year will be laid upon the table of the Council, and an opportunity will be afforded to Honourable Members, during the Committee stage of the Estimates when dealing with the Educational Vote, to express their views in relation to that Report, with the object of facilitating the preparation of any Resolution for

discussion by Council which may be considered desirable.

I expect to be able during the course of the Session to submit to Honourable Members the views of His Majesty's Government in regard to an increase in the membership of this Council and in relation to a change in procedure by which the Annual Estimates can be considered by Honourable Members prior to those Estimates being submitted for final approval to His Majesty's Secretary of State. The final decision on these matters has been delayed owing to the course of events elsewhere.

It is hoped that during the course of the coming Session an opportunity will arise for discussing the question and ascertaining the views of Honourable Members of this Council as to the possibility of merging in forthcoming years the Locust Fund and the charges on it with the general estimates of Revenue and Expenditure.

The financial Estimates for the ensuing year will be submitted to you in the same form as they have taken during the past two years.

The Annual Estimates, based as usual on the average receipts for previous years, provide for an increase in revenue of £12,250 over the original estimate for the current year, and it is anticipated that it will exceed the expenditure by about £700.

The proposed expenditure, besides providing for the more or less normal requirements of the several Government Departments, makes provision for an increase of salary to Government officials on the permanent establishment. For some years Government has had under consideration the complaints of many officials in the public service that the cost of living had increased, and that in consequence their salaries were no longer adequate to meet their necessities. Realising that, in common with other parts of the world, Cyprus had suffered from the results of the depreciation of gold which has steadily been taking place for some years, and from other economic factors, Government decided to appoint a Committee to enquire into and report upon the rise in prices affecting the cost of living. In recommending to this Council provision for an addition to the salaries of its officials, the Government is acting upon the advice tendered to it by that Committee. It has been found possible to provide the extra funds required for this special purpose without materially affecting the other needs of the Public Service. The principle adopted in the apportionment of the additions of salary has been to give a larger proportional increase to the lower paid than the higher paid officials; the details of this will be explained when the Estimates come up for consideration.

It will be found that a considerable increase in expenditure is recommended for the Land Registration and Survey Department. This is found necessary owing to the enormous increase in the work undertaken by that Department since the provisions of Law XII. of 1907 became fully operative.

In view of the importance attaching to the work of the Agricultural Department and the considerable increase of its staff and duties, it has been decided to separate the offices of Director of Agriculture and Principal Forest Officer, and provision is now made for that purpose.

The Estimates chargeable to Surplus balances provide a sum of £63,250 for expenditure under twenty-two headings. Of this sum a portion, which includes provision for Railway Extension and Rolling Stock, Improvements at Limassol, and Building of Law Courts, was voted by this

Council last year but not fully expended. Special Tree Planting, new Bridges and Grain Stores, are works previously undertaken. In addition provision is made for the following new items:—

Malarial Campaign, Improvement of Caroub cultivation, Construction of Stock Depots, Water Supplies and Culverts, Motor Roads, Extended Sanitary Works, and the completion of the Cyprus Museum.

The only one of these items to which I desire specially to refer is that connected with the Malarial Campaign, for which a sum of £4,000 is provided. As I deem it a matter of urgency that the medical authorities should get to work

without delay, now that the mosquito breeding season is upon us, I am about to take the responsibility, in anticipation of Honourable Members agreeing to the vote, of authorising some small expenditure therefrom as soon as the financial year commences, and before the vote can possibly be submitted formally to you. In view of the vital importance of the matter, my action will, I feel sure, meet with your approval.

In conclusion I earnestly pray that your labours during the coming Session may be guided by Divine Wisdom, and I now, in the name of His Majesty King George V., declare this Session of the Legislative Council to be open.

(No. 12250.)

The Honourable
the Chief Secretary,

We have the honour to submit herewith for the information of His Excellency the High Commissioner and for publication in the *Cyprus Gazette* the audited account of the Evkaf for the year 1912-13.

The Mazboutah receipts for the year were £3,846 18s. 4cp. against £3,689 2s. 0cp. in 1911-12.

There is a falling off under the Head "Tithes," due to lower prices obtained for tithe grain. The tithes yielded for the year under review, £1,174 17s. 7cp. as against £1,405 19s. 4cp. for the preceding year.

Rents of properties have realized £1,168 13s. 1cp. as against £1,055 13s. 3cp. for the preceding year.

The other items of revenue call for no particular comment.

The Expenditure was £3,200 4s. 5cp. No new buildings were erected during the year, but the expenditure includes the purchase of a share of a house in Nicosia, adjoining the Omeryeh Mosque, which now becomes the sole property of the Evkaf.

The cost of the Delegates Office, Staff, etc., and the payment on account of the mosques and schools are a little higher than the preceding year owing to certain increases of salaries granted to the officials and servants of the mosques.

The following grants were made in aid of repairs, rebuilding, etc., of the village mosques and schools:—

Psillatos	30	0	0
Anoyira	7	0	0

ADDRESS

OF THE

LEGISLATIVE COUNCIL

IN REPLY TO THE SPEECH OF HIS EXCELLENCY THE HIGH COMMISSIONER AT THE OPENING OF THE SESSION ON 24TH MARCH, 1914.

MAY IT PLEASE YOUR EXCELLENCY.

THE Members of the Legislative Council beg leave to offer their thanks for the Speech which Your Excellency has addressed to the Legislative Council.

2. The Council observes with satisfaction that the Government is occupied in the consideration of various matters the realization of which is likely to contribute very greatly to the welfare of the Island: and it hopes that the intentions of the Government in these respects may be carried into execution as speedily as possible.

3. The Council has listened with interest to the enumeration of the various matters which Your Excellency has stated to have been engaging the attention of the Government during the past year, and to the Bills which the Government proposes to lay before it. The Council will not fail to give its best attention to all these questions in their proper time.

4. The Council welcomes the opportunity foreshadowed by Your Excellency of once more recording its opinion regarding the absolute necessity of abolishing the Locust Tax. It further desires to record its opinion that the special taxation for elementary education should be similarly dealt with, and that the funds required for meeting the expenditure on these services should be met from the public revenue.

5. The Council awaits with great interest the announcement of the views of His Majesty's Government in regard to the question of an increase in the membership of this Council, and also in relation to a change in the method of presenting the Annual Estimates to the Council.

ORDER OF HIS EXCELLENCY THE
HIGH COMMISSIONER IN COUNCIL.

No. 591.

HAMILTON GOOLD-ADAMS,
High Commissioner.

HIS Britannic Majesty's Government find themselves under the necessity of availing themselves of the power reserved under Article 8 of the International Telegraph Convention and Article 17 of the International Radio-Telegraph Convention to suspend the transmission of telegrams and radio-telegrams to and from or in transit through the United Kingdom, and to and from or in transit through all British Protectorates whatsoever, save and except such telegrams and radio-telegrams as are on the service of His Majesty's Government or of the Government of any British Possession or Protectorate.

With a view, however, to minimize inconvenience to the public, His Britannic Majesty's Government will, until further notice, and as an act of grace, permit the transmission of such telegrams and radio-telegrams in plain language as foreign Governments or the public choose to send, provided that such telegrams and radio-telegrams are written in English or French, and on the understanding that they are accepted at the sender's risk and subject to censorship by the British Authorities and without notice to the senders; and that no claims in respect of them, whether for the reimbursement of the sums paid for transmission or otherwise, will be considered by His Majesty's Government in any circumstances whatever. It is, moreover, essential that such telegrams and radio-telegrams should bear the sender's name at the end of the text, otherwise they are liable to be stopped until the name is notified by paid telegram. Registered abbreviated addresses will not be accepted, either as addresses or as the names of senders.

ORDER IN COUNCIL BY THE KING.

HIS Majesty being compelled to declare war against Germany, and being mindful of the recognition accorded to the practice of granting "days of grace" to enemy merchant ships by the Convention relative to the Status of Enemy Merchant Ships at the outbreak of hostilities, signed at The Hague on the 18th October, 1907, and being desirous of lessening, so far as may be practicable, the injury caused by war to peaceful and unsuspecting commerce, is pleased, by and with the advice of His Privy Council, to Order, and it is hereby ordered, as follows:—

1. From and after the publication of this Order no enemy merchant ship shall be allowed to depart, except in accordance with the provisions of this Order, from any British port or from any ports in any Native State in India, or in any of His Majesty's Protectorates, or in any State under His Majesty's protection or in Cyprus.

2. In the event of one of His Majesty's Principal Secretaries of State being satisfied by information reaching him not later than midnight on Friday the seventh day of August that the treatment accorded to British merchant ships and their cargoes which at the date of the outbreak of hostilities were in the ports of the enemy or which subsequently entered them is not less favourable than the treatment accorded to enemy merchant ships by Articles 3 to 7 of this Order, he shall notify the Lords Commissioners of His Majesty's Treasury and the Lords Commissioners of the Admiralty accordingly, and the public notice thereof shall forthwith be given in the *London Gazette*, and Articles 3 to 8 of this Order shall thereupon come into full force and effect.

3. Subject to the provisions of this Order, enemy merchant ships which—

(i) At the date of the outbreak of hostilities were in any port in which this Order applies; or

(ii) Cleared from their last port before the declaration of war, and, after the outbreak of hostilities, enter a port to which this Order applies, with no knowledge of the war:

shall be allowed up till midnight* (Greenwich Mean Time), on Friday the fourteenth day of August for loading or unloading their cargoes and for departing from such port:

Provided that such vessels shall not be allowed to ship any contraband of war, and any contraband of war already shipped on such vessels must be discharged.

4. Enemy merchant ships which cleared from their last port before the declaration of war, and which with no knowledge of the war arrive at a port to which this Order applies after the expiry of the time allowed by Article 3 for loading or unloading cargo and for departing, and are permitted to enter, may be required to depart either immediately, or within such time as may be considered necessary by the Customs Officer of the port for the unloading of such cargo as they may be required or specially permitted to discharge.

Provided that such vessels may, as a condition of being allowed to discharge cargo, be required to proceed to any other specified British port, and shall there be allowed such time for discharge as the Customs Officer of that port may consider to be necessary.

Provided also that, if any cargo on board such vessel in contraband of war or is requisitioned under Article 5 of this Order, she may be required before departure to discharge such cargo within such time as the Customs Officer of the port may consider to be necessary; or she may be required to proceed, if necessary under escort, to any other of the ports specified in Article 1 of this Order, and shall there discharge the contraband under the like conditions.

5. His Majesty reserves the right recognised by the said Convention to requisition at any time subject to payment of compensation enemy cargo on board any vessel to which Articles 3 and 4 of this Order apply.

6. The privileges accorded by Articles 3 and 4 are not to extend to cable ships, or to sea-going ships designed to carry oil fuel, or to ships whose tonnage exceeds 5,000 tons gross, or whose speed is 14 knots or over, regarding which the entries in Lloyd's Register shall be conclusive for the purposes of this Article. Such vessels will remain liable on adjudication by the Prize Court to detention during the period of the war, or to requisition, in accordance, in either case, with the Convention aforesaid.

* Equal to 2.15 a.m. Cyprus local time on the day following.

The said privileges will also not extend to merchant ships which shew by their build that they are intended for conversion into warships, as such vessels are outside the scope of the said Convention, and are liable on adjudication by the Prize Court to condemnation as prize.

7. Enemy merchant ships allowed to depart under Articles 3 and 4 will be provided with a pass indicating the port to which they are to proceed, and the route they are to follow.

8. A merchant ship which, after receipt of such a pass, does not follow the course indicated therein will be liable to capture.

9. If no information reaches one of His Majesty's Principal Secretaries of State by the day and hour aforementioned to the effect that the treatment accorded to British merchant ships and their cargoes which were in the ports of the enemy at the date of the outbreak of hostilities, or which subsequently entered them, is, in his opinion, not less favourable than that accorded to enemy merchant ships by Articles 3 to 8 of this Order, every merchant ship which, on the outbreak of hostilities, was in any port to which this Order applies, and also every merchant ship which cleared from its last port before the declaration of war, but which, with no knowledge of the war, enters a port to which this Order applies, shall, together with the cargo on board thereof, be liable to capture, and shall be brought before the Prize Court forthwith for adjudication.

10. In the event of information reaching one of His Majesty's Principal Secretaries of State that British merchant ships which cleared from their last port before the declaration of war, but are met with by the enemy at sea after the outbreak of hostilities, are allowed to continue their voyage without interference with either the ship or the cargo, or after capture are released with or without proceedings for adjudication in the Prize Court, or are to be detained during the war or requisitioned in lieu of condemnation as prize, he shall notify the Lords Commissioners of the Admiralty accordingly, and shall publish a notification thereof in the *London Gazette*, and in that event, but not otherwise, enemy merchant ships which cleared from their last port before the declaration of war, and are captured after the outbreak of hostilities and brought before the Prize Courts for adjudication, shall be released or detained or requisitioned in such cases and upon such terms as may be directed in the said notification in the *London Gazette*.

11. Neutral cargo, other than contraband of war, on board an enemy merchant ship which is not allowed to depart from a port to which this Order applies, shall be released.

12. In accordance with the provisions of Chapter III. of the Convention relative to certain restrictions on the exercise of the Right of Capture in Maritime War, signed

at The Hague on the 18th October, 1907, an undertaking must, whether the merchant ship is allowed to depart or not, be given in writing by each of the officers and members of the crew of such vessel, who is of enemy nationality, that he will not, after the conclusion of the voyage for which the pass is issued, engage while hostilities last in any service connected with the operation of the war. If any such officer is of neutral nationality, an undertaking must be given in writing that he will not serve, after the conclusion of the voyage for which the pass is issued, on any enemy ship while hostilities last. No undertaking is to be required from members of the crew who are of neutral nationality.

Officers or members of the crew declining to give the undertakings required by this Article will be detained as prisoners of war.

And the Lords Commissioners of His Majesty's Treasury, the Lords Commissioners of the Admiralty, and each of His Majesty's Principal Secretaries of State, and all Governors, Officers and Authorities whom it may concern are to give the necessary directions herein as to them may respectively appertain.

] [September 11, 1914.

(2) The Court may, if it thinks fit, order that the offender shall pay the costs of the prosecution, or some portion of them, within such period and by such instalments as the Court may direct.

Provided that any person desiring to appeal shall immediately after sentence has been pronounced declare to the Court by which he has been convicted his desire to appeal, and if he fails to make such declaration

(4) On hearing of such application the Court may quash all proceedings before the Magisterial Court or in case of a conviction or order may confirm or set aside the finding of the Magisterial Court and shall have all such other powers as are given to the Supreme Court in case of an appeal, and may make such further or other order as seems to the Court just.

(5) Where the application is to set aside a conviction or judgment all the provisions of the law as to appeals shall apply so far as they are applicable, and the service of the notice of the application on the Judge or the Magisterial Court shall have the same effect as a declaration of a desire to appeal under the Criminal Law and Procedure Amendment Law, 1886.

A PROCLAMATION.

GEORGE R.I.

WHEREAS a state of war exists between Us on the one hand, and the German Emperor and the Emperor of Austria, King of Hungary on the other ;

AND WHEREAS it is contrary to law for any person resident, carrying on business, or being in Our dominions to trade or to have any commercial intercourse with any person resident, carrying on business, or being in the German Empire or the dual Monarchy of Austria-Hungary without Our permission :

AND WHEREAS it is therefore expedient and necessary to warn all persons resident, carrying on business, or being in Our dominions of their duties and obligations towards Us, Our Crown, and Government :

NOW, THEREFORE, We have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation, and We do hereby warn all persons resident, carrying on business, or being in Our dominions as follows :—

The expression "enemy country" in this Proclamation means the territories of the German Empire and of the dual Monarchy of Austria-Hungary, together with all the Colonies and dependencies thereof.

The expression "enemy" in this Proclamation means any person or bodies of persons of whatever nationality resident or carrying on business in the enemy country, but does not include persons of enemy nationality who are neither resident nor carrying on business in the enemy country. In the case of incorporated bodies, enemy character attaches only to those incorporated in an enemy country.

The expression "outbreak of war" in this Proclamation means eleven p.m. on the 4th August, 1914, in relation to the German Empire, its Colonies and dependencies, and midnight on the 12th August, 1914, in relation to Austria-Hungary, its Colonies and dependencies.

From and after the date of this Proclamation the following prohibitions shall have effect, save so far as licences may be issued as hereinafter provided, and We do hereby accordingly warn all persons resident, carrying on business or being in our dominions :

(2) not to compromise or give security for the payment of any debt or other sums of money with or for the benefit of an enemy ;

(3) not to act on behalf of an enemy in drawing, accepting, paying, presenting for acceptance or payment, negotiating or otherwise dealing with any negotiable instrument ;

(4) not to accept, pay, or otherwise deal with any negotiable instrument which is held by or on behalf of an enemy, always provided that this prohibition shall not be deemed to be infringed by any person who has reasonable grounds for believing that the instrument is held by or on behalf of an enemy ;

(5) not to enter into any new transaction, or complete any transaction already entered into with an enemy in any stocks, shares, or other securities ;

(6) not to make or enter into any new marine, life, fire or other policy or contract of insurance with or for the benefit of an enemy ; not to accept, or give effect to any insurance of, any risk arising under any policy or contract of insurance, including reinsurance, made or entered into with or for the benefit of an enemy before the outbreak of war ;

(7) not directly or indirectly to supply to or for the use or benefit of, or obtain from an enemy country or an enemy, any goods, wares or merchandise, nor directly or indirectly to supply to or for the use or benefit of, or obtain from any person any goods, wares or merchandise for or by way of transmission to or from an enemy country or an enemy, nor directly or indirectly to trade in or carry any goods, wares or merchandise destined for or coming from an enemy country or an enemy ;

(8) not to permit any British ships to leave for, enter or communicate with, any port or place in an enemy country ;

(9) not to enter into any commercial, financial or other contract or obligation with or for the benefit of an enemy ;

(10) not to enter into any transaction with an enemy if and when they are prohibited by an Order in Council made and published on the recommendation of a Secretary of State, even though he would otherwise be permitted by law or by this or any other Proclamation.

And We do hereby further warn all persons that whoever in contravention of the law shall commit, aid, or abet any of the aforesaid acts, is guilty of a crime and will be liable to punishment and penalties accordingly.

Provided always that where an enemy has a branch locally situated in British, allied, or neutral territory, not being neutral territory in Europe, transactions by or with such branch shall not be treated as transactions by or with an enemy.

Nothing in this Proclamation shall be deemed to prohibit payment by or on account of enemies to persons resident, carrying on business or being

in Our Dominions, if such payments arise out of transactions entered into before the outbreak of war or otherwise permitted.

Nothing in this Proclamation shall be taken to prohibit anything which shall be expressly permitted by Our licence, or by the licence given on Our behalf by a Secretary of State, or the Board of Trade, whether such licences be especially granted to individuals or be announced as applying to classes of persons.

GOD SAVE THE KING.

(No. 12675.)

At the Court at Buckingham Palace, the 29th day of October, 1914.

PRESENT,

The KING'S Most Excellent Majesty in Council.

WHEREAS by an Order in Council dated the 20th day of August, 1914, His Majesty was pleased to declare that during the present hostilities the Convention known as the Declaration of London should, subject to certain additions and modifications therein specified, be adopted and put in force by His Majesty's Government; and

WHEREAS the said additions and modifications were rendered necessary by the special conditions of the present war; and

WHEREAS it is desirable and possible now to re-enact the said Order in Council with amendments in order to minimise, so far as possible, the interference with innocent neutral trade occasioned by the war:

NOW, THEREFORE, His Majesty, by and with the advice of His Privy Council, is pleased to order, and it is hereby ordered, as follows:—

1. During the present hostilities the provisions of the Convention known as the Declaration of London shall, subject to the exclusion of the lists of contraband and

non-contraband, and to the modifications hereinafter set out, be adopted and put in force by His Majesty's Government.

The modifications are as follows:—

(i.) A neutral vessel, with papers indicating a neutral destination, which, notwithstanding the destination shewn on the papers, proceeds to an enemy port, shall be liable to capture and condemnation if she is encountered before the end of her next voyage.

(ii.) The destination referred to in Article 33 of the said Declaration shall (in addition to the presumptions laid down in Article 34) be presumed to exist if the goods are consigned to or for an agent of the enemy State.

(iii.) Notwithstanding the provisions of Article 35 of the said Declaration, conditional contraband shall be liable to capture on board a vessel bound for a neutral port if the goods are consigned "to order," or if the ship's papers do not shew who is the consignee of the goods or if they shew a consignee of the goods in territory belonging to or occupied by the enemy.

(iv.) In the cases covered by the preceding paragraph (iii.) it shall lie upon the owners of the goods to prove that their destination was innocent.

2. Where it is shewn to the satisfaction of one of His Majesty's Principal Secretaries of State that the enemy Government is drawing supplies for its armed forces from or through a neutral country, he may direct that in respect of ships bound for a port in that country, Article 35 of the said Declaration shall not apply. Such direction shall be notified in the "London Gazette," and shall operate until the same is withdrawn. So long as such direction is in force, a vessel which is carrying conditional contraband to a port in that country shall not be immune from capture.

3. The Order in Council of the 20th August, 1914, directing the adoption and enforcement during the present hostilities of the Convention known as the Declaration of London, subject to the additions and modifications therein specified, is hereby repealed.

4. This Order may be cited as "the Declaration of London Order in Council, No. 2, 1914."

And the Lords Commissioners of His Majesty's Treasury, the Lords Commissioners of the Admiralty, and each of His Majesty's Principal Secretaries of State, the President of the Probate, Divorce, and Admiralty Division of the High Court of Justice, all other Judges of His Majesty's Prize Courts, and all Governors, Officers, and Authorities whom it may concern, are to give the necessary directions herein as to them may respectively appertain.

NOTICE TO IMPORTERS AND EXPORTERS.

CERTIFICATES OF ORIGIN AND ULTIMATE
DESTINATION REQUIRED.

THE attention of importers and exporters is directed to the provisions of His Majesty's Proclamation dated the 9th September, relating to Trading with the Enemy. By sub-paragraph (7) of this Proclamation all persons resident, carrying on business, or being in His Majesty's Dominions are warned "not directly or indirectly to supply to or for the use or benefit of, or obtain from an enemy country or an enemy any goods, wares or merchandise, for or by way of transmission to or from an enemy country or an enemy; nor directly or indirectly to trade in or carry any goods, wares, or merchandise destined for or coming from an enemy country or an enemy."

Goods, etc., imported unaccompanied by Certificates of Origin, will be detained until the requisite Certificates are produced. The Chief Collector of Customs and Excise is, however, authorised in such cases, and at his discretion, to allow delivery of the goods on the security of a deposit or of a bond to the amount of three times the value of the goods with a view to the production of the necessary Certificates within a prescribed period, provided he sees no reason for suspecting that the goods emanate from an enemy country.

4. The following goods will be exempt from these requirements:—
