Amendment of section 5 of the Principal Law.

3. Section 5 of the Principal Law is hereby amended as follows :—

(*a*) By the deletion of sub-section (1) and by the substitution therefor of the following sub-section :—

"(1) The secretary of every club shall on or before the 1st June in every year or, in the case of a new club, at least one month before the date of opening, make application in the prescribed form to the Registrar for registration."

(*b*) By the deletion in sub-section (2) of the words "a statement signed by him that there is kept upon the club premises a book containing the names and addresses of the club members, and a record of the latest payment of their subscription" and by the substitution therefor of the words "a list containing the names and addresses of the club members or prospective members as the case may be and the date of the last payment of their subscription, if any".

Insertion of new section 5A in the Principal Law.

4. The following section is hereby inserted immediately after section 5 of the Principal Law :—

"Power to refuse registration.

5A. The Registrar shall refuse to register any club which, in his opinion, is an unlawful association within the meaning of section 61 of the Cyprus Criminal Code, 1928 to 1932, or has been formed for any other unlawful purpose."

Repeal of section 7 of the Principal Law and substitution of new section.

6. Section 7 of the Principal Law is hereby repealed and the following substituted therefor :—

7. The Registrar may upon complaint being made to him in writing by a Police officer not below the rank of Inspector and after full enquiry, strike a club off the register on any of the following grounds :—

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

(*b*) that it is not conducted in good faith as a club;

(*c*) that it is an unlawful association within the meaning of section 61 of the Cyprus Criminal Code, 1928 to 1932, or that it is kept or habitually used for any other unlawful purpose;

(*d*) that there is frequent drunkenness on the club premises;

(*f*) that persons who are not members or guests of members are habitually admitted to the club premises."

New section 7A inserted in the Principal Law.

7. The Principal Law is hereby amended by the insertion therein of the following section immediately after section 7:—

"Right of appeal to the Governor in Council.

Addition of new section to the Principal Law.

8. The Principal Law is hereby amended by the insertion therein of the following section immediately after section 8:—

"Books of names and addresses of members and guests to be kept.

8A. There shall be kept upon the club premises:—

(*a*) a book containing the names and addresses of the members of the club, and

Repeal of section 12 of the Principal Law.

9. Section 12 of the Principal Law and any Rules of Court made thereunder are hereby repealed.

Saving.

10. All certificates of registration issued under the Principal Law before the enactment of this Law shall be valid for a period of three months only from the date of commencement of this Law and every club so registered shall make a fresh application for registration to the Registrar in the prescribed form within two months therefrom and the Registrar shall deal with it in the manner prescribed by this Law for the registration of a new club:

Provided that no further fee shall be payable by any such club in respect of the period ending the 30th June, 1933.

Objects and Reasons.

This Bill which amends the Registration of Clubs Law, 1930, is designed to give more effective control over clubs.

2. The definition of "club" in section 2 of the Principal Law excludes educational institutions and under cover of this certain clubs of an undesirable character have in the past claimed exemption from registration. The definition has therefore been amended so as to prevent evasion of this kind in future.

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

3. A new section has been inserted giving power to the Registrar to refuse registration of any club formed for a seditious or otherwise unlawful purpose.

4. Section 5 has been amended so as to ensure that applications will be received a sufficient time in advance to enable the Registrar to make enquiries as to the nature of the club, and to require that a list of the members be submitted with the application instead of a mere statement that such a list exists.

5. Section 6 has been amended so as to make it clear that the registration is in force for one year only.

6. The power to strike a club off the register has been given to the Registrar in place of a Magisterial Court but no action is to be taken by him save upon the complaint of a Local Commandant or Inspector of Police and an appeal to the Governor in Council is given to any club aggrieved by his decision.

7. Every club at present registered will be required to re-register within 3 months from the enactment of this Law but no extra fee will be payable by those who have already registered. No hardship will therefore be occasioned to such clubs as satisfy the Registrar as to their bona fides.

H. W. B. BLACKALL,
Attorney-General.

REGULATIONS

MADE UNDER

THE CYPRUS GOVERNMENT RAILWAY LAW, 1906.

R. E. STUBBS,
Governor.

In exercise of the powers vested in him by the Cyprus Government Railway Law, 1906, and with the advice of the Executive Council, His Excellency the Governor is pleased to make and hereby makes the following Regulations :—

1. These Regulations may be cited as the Railway Regulations, 1933.

2. Prepayment of freight is compulsory in the case of perishables and livestock. For all other goods, payment of freight charges must be made either at the time of consignment or at the destination station before delivery. Exception will only be made in the case of those who have opened a Ledger account with the Administration. Freight on goods consigned to sidings must be prepaid.

3. The exact amount required for the payment of fares or freight should be tendered as the Railway does not undertake to provide change.

4. Cheques will not be accepted in payment made to the Railway by the public.

5. The hours of arrival and departure of trains at the various stations are given in the Time-Table exhibited at stations. The Railway Administration reserves the right to alter, without notice, the times of running of the trains.

6. The Railway does not guarantee the arrival and departure of trains at the hours given in the Time-Table but every endeavour will be made to ensure punctuality.

7. "Nicosia" time will be kept at all stations of the Railway.

8. The Railway does not guarantee the despatch of articles or animals by any particular train, nor will it be responsible for the arrival of articles or animals at any station at any definite time.

9. The Railway servants are forbidden to ask for or receive any gratuity from the public.

10. The Railway reserves the right to correct any charges that may have been incorrectly entered on a Railway receipt or ticket.

11. In calculation of charges—anything under half a piastre will be treated as half a piastre ; anything over half, but under one piastre, will be taken as one piastre.

Passengers.

12. The following tariffs shall be in force until further notice :—

	Single per mile.	Return per mile.
Passenger fares :		
1st class ..	40 *paras*	1½ single fare
2nd class ..	30 ,,	
3rd class ..	20 ,,	

with a minimum of 1*cp*.

14. All applications for such reductions should be addressed to the General Manager at Famagusta.

15. Passengers, other than Police and soldiers in uniform, are prohibited from taking loaded firearms with them on the premises of the Railway or into the carriages.

20. Passengers joining the train at intermediate points, other than stations, must obtain a ticket from the Conductor.

21. Passengers joining the train at a station not being provided with a ticket, will be supplied by the Conductor with a single journey ticket only.

31. A passenger who unintentionally travels beyond the station to which he has paid his fare will be required to pay for the distance over-ridden, and will receive an excess fare ticket for the payment so made.

If he wishes to return by train to the station at which he should have alighted he must also pay his fare to that station.

32. When a passenger during his journey wishes to change to a higher class, or to travel to a station beyond that to which he has originally booked, he shall pay the difference of fare to the Conductor and be given an excess fare ticket.

85. When such higher value has been declared, the Railway may charge, in respect of the increased risk, a percentage upon the excess of the value so declared over the respective sums aforesaid.

86. The Railway shall not under any circumstances be liable for the loss, destruction or deterioration of any animal if such loss, destruction or deterioration be due to fright or restiveness not caused by wilful neglect or misconduct on the part of any Railway official, nor for any loss or damage arising from delay in the conveyance of any animal not caused by such wilful neglect or misconduct.

Railway Risk and Owner's Risk.—Rates.

90. The Railway offers two rates for the conveyance of merchandise, (except in respect of certain things) Railway risk rate and Owner's risk.

91. Things conveyed at Railway risk rate shall be transported and delivered safely at the liability of the Railway subject to the several conditions and limitations hereinbefore or hereinafter contained.

92. Things conveyed at Owner's risk rate shall (in consideration for that rate being lower than Railway risk rate) be conveyed at the risk of the owner and the Railway will accept no liability for any loss, damage, injury, misdelivery or delay which may occur, unless it be proved that such occurred through the wilful neglect or misconduct of its servants.

93. Reference to the alternative rates is set forth clearly upon consignment notes which must be signed by the consignor or his agent.

94. Any merchant, etc., may, if he desires, sign a general risk note to cover all consignments made by him ; when signed, such risk note must be lodged with the General Manager.

Claims.

95. No person will be entitled to claim compensation for loss, damage, injury or misdelivery of luggage or and parcels unless immediate notice shall have been given at the time, to the receiving Station Master or clerk, and a statement of claim (detailed in writing) submitted within one week, to the General Manager or Traffic Superintendent, Famagusta.

96. No person will be entitled to claim compensation for loss, damage, injury or misdelivery of articles or animals or any other thing consigned as goods unless the matter is brought to the attention of the receiving Station Master or clerk immediately at the time of delivery and a statement of claim (detailed in writing) submitted to the General Manager or Traffic Superintendent, Famagusta, within one week from the date of delivery or expected delivery.

97. The same limitation of time shall hold in respect of claims for refunds of overcharges.

Transport of Goods.

98. Goods offices will be open from 7 a.m. to 5 p.m. daily except upon Sundays, Christmas Day and Good Friday.

99. As a rule no business will be transacted before or after these hours, but in special circumstances special arrangements will be made to suit traders.

100. Consignments will, whenever possible, be weighed in the presence of the sender or his agent, and the details of weights will be recorded on the consignment note.

101.—(*a*) Every consignment of goods, when handed to the Railway for despatch, must be accompanied by a consignment note signed by, or on behalf of, the sender or senders and must contain a declaration of the description and destination of the goods consigned. Printed forms of the consignment note can be had on application to the Station Masters or Goods Clerks.

(*b*) Merchants and traders must satisfy themselves that their consignment notes are correctly written out, as the Railway accepts no responsibility as to accuracy and will hold senders liable for any mistake or misdeclaration. Erasures and alterations in consignment notes must be initialled by the consignor.

(*c*) In the case of large consignments loaded by senders which cannot be readily counted by the station staff, the number need not be specified in the Railway Receipt.

(*d*) The Railway does not undertake the counting of small articles such as tiles, bricks, timbers, iron rods and bars, etc.

102. The Railway will, on application, allot portions of Railway land, if available, within station limits for stacking goods intended for despatch by Railway on payment. The rate may be obtained on application.

103. Goods are classed according to the classification in the First Schedule to these Regulations.

104. The standard weight will be the ton of 800 okes and decimals of that weight. Any consignment of less than 8 okes will be regarded as a parcel and will be rated as a parcel and carried in the brake-van.

105. Should it be suspected that the declaration of the class of goods on the consignment note be false or misleading, the Railway is entitled to open or cause to be opened any case, barrel, parcel, for examination of the contents of same either before or after its transport.

106. The minimum distance will be from one siding or station to another with a minimum charge of $4\frac{1}{2}cp$.

107. Goods shewn in the classification in the First Schedule to these Regulations under different classes, and packed together, will be rated at the highest class to which any of them belong.

108. The Railway does not guarantee the despatch of goods by any particular train, neither will it be responsible for their arrival at any station by any specified time or date ; but every effort will be made to ensure prompt despatch.

109. The Railway does not undertake to send advice or arrival of goods to consignees, but for the convenience of themselves and the public it will, as far as possible, deliver a notice to consignee of arrival of goods where a correct name and address have been furnished, but the non-receipt of such advice will not entitle the consignee to exemption from demurrage if the goods are not taken delivery of within the time allowed.

110. A receipt shall be given by a consignee or his agent in the books of the Railway for all or any part of goods conveyed by it before the removal of such goods from any station.

111. All consignments of goods should be fully addressed and bear the name of Railway station or siding to which they are to be sent.

112. When goods lying undelivered at a station are required to be re-consigned to another station, or sent back to the original forwarding station, the consignor or consignee is required to pay the charges for the re-booking before despatch of goods. This re-booking will only be done on a written authority from the consignor or consignee.

Special Rates.

113. Application for special rates must be made to the General Manager, who may make such special rates for any consignment as he may think fit in the interests of the Railway.

KYPIAKH

Demurrage and Store Rent.

114.—(*a*) Demurrage on wagons which are ordered and not used or which are not loaded or unloaded within 24 hours after their arrival will be charged at the rate of 5*s*. per truck or part per day, exclusive of Sundays and Christmas Day, and Good Friday.

If wagons arrive at a station between 5 p.m. and 7 a.m., the latter hour will, for the purpose of demurrage charges, be considered the hour of arrival. If wagons arrive on Sunday or Christmas Day or Good Friday their arrival will be calculated as from 7 a.m. the following day.

The Railway may unload goods when wagons are required for use charging unloading fee as shewn in Regulation 116.

(*b*) Goods to be forwarded or goods received which are not loaded or not removed from Railway goods sheds, yards or other premises within 24 hours from time of arrival will be subject to store rent at the rate of 10 paras per piece per day or part of a day exclusive of Sundays, Christmas Day and Good Friday.

115.—(*a*) Rail-borne goods or goods to be rail-borne may be stored in the Railway goods shed at Famagusta Harbour free of charge for seven days after arrival, provided that there is room in the shed. Thereafter, the following charges shall be made :—

20 paras	per ton	per diem	2nd 7 days.
30	,,	,,	3rd 7 ,,
1*cp*.	,,	,,	thereafter.

(*b*) Non-rail-borne or goods not to be rail-borne will not be stored without the authority of the General Manager.

(*c*) Explosives and dangerous or obnoxious goods will not be stored.

(*d*) In cases of large consignments or special circumstances application for special terms should be made, in advance to the General Manager, Famagusta.

Loading and Unloading.

116. Goods loaded or unloaded by the Railway will be charged as follows :—

(i.) At Nicosia Station and Famagusta :

At goods shed or private sheds or sidings in station limits, 4½*cp*. per ton. 8 tons and over 3*cp*. per ton.

(ii.) Goods whose size, weight or bulk demand a special arrangement and handling, 1*s*. per ton.

(iii.) At all other stations, 1*s*. per ton. Minimum charge 3*cp*.

117. Special rates for loading and unloading may be made for any large or regular quantities or according to special circumstances application, therefore, should be made to the General Manager, Railway.

118. Loading and unloading at Nicosia will be done by the Railway unless consignors or consignees express wish to the contrary.

Open Trucks and Tarpaulins.

119. The Railway does not guarantee to supply covered trucks for any consignment, but every effort will be made to supply them during rainy weather.

120. Goods sent damageable by rain in open trucks will be accepted at owner's risk rate only.

121. Tarpaulins can be hired (when available) at 1*s*. 4½*cp*. per diem or part thereof.

Collection and Delivery and Transport of Passengers and Goods by Road Services.

122. The charges for collection and delivery and Road transport shall be at such rates as the General Manager with the appoval of the Governor shall from time to time determine.

123. Particulars of such rates can be obtained at any Railway Office.

Returned Empties.

124. Returned empty baskets, barrels, crates, drums and tins, etc., will be charged as follows :—

(*a*) When conveyed in the luggage van half ordinary luggage rates.

(*b*) When conveyed as goods, 15 paras per ton per mile.

(*c*) Weight will be computed on truck capacity, for example :

Half an 8-ton truck load would be counted as 4 tons, and a quarter, as two tons.

(*d*) In quantities of which there is doubt, the cubic space occupied by the empties in the truck should be calculated as a proportion of the total cubic capacity of the truck and that proportion taken as a proportion of its load. Example :

Space occupied by empties, 35 cubic feet.

Total truck capacity, *say* 350 cubic feet, proportion one-tenth.

Load 8 tons : therefore, one-tenth of 8 tons being .8 of a ton the charge should be for .8 tons.

Long, Bulky, Heavy or "Out of Guage" Goods.

125. When, owing to their bulk, length or other cause, goods of the above description occupy and require the use of an entire truck, but are not capable of being loaded to the extent of the carrying capacity of that truck, a minimum weight may be charged or weight may be computed on a measurement basis, as the Administration may decide.

Exception.

Motor cars in cases, minimum charge 2 tons per 8-wheeled wagon.

126. When the condition of the goods or article involve the use of two wagons the minimum weight may be increased accordingly.

127. Bulky or particularly heavy articles which cannot be loaded without exceeding the maximum running guage, will only be conveyed by special arrangement, on application to the General Manager, Famagusta.

Maximum Dimensions and Weight or Packages.

128. Maximum height from rail level at centre	10ft.
Maximum width	8ft.
Maximum weight of any single piece or package	8tons

129. Anything exceeding the above will be conveyed only by special arrangement, *vide* Regulation 127 above.

No. 79. Brief Report on Cyprus Trade during the month of December, 1932.

The month under review does not compare favourably with December, 1931, both imports and exports being lower. This is chiefly accounted for by the fact that last year's figures included a sum of £45,000 as the value of Military stores imported and re-exported owing to the disturbances.

3. Increases are noticeable in motor cars (£2,288) and edible oils (£,1211).

4. As regards exports there were decreases in asbestos (£1,190); carobs (£6,925); potatoes (£10,399); pyrites (£1,222) and wines (£4,002).

5. The principal increases were in cotton, raw (£4,747); embroidery (£1,958); lemons and oranges (£789); raisins (£1,473); sumac (£449); unmanufactured tobacco, fumigated (£1,566) and yellow leaf (£300).

6. For the twelve months ended 31st December, 1932, the following are the values of imports and exports as compared with the same period last year.

Objects and Reasons.

Under section 15 of the Newspaper, Books and Printing Presses Laws, 1930 and 1932, the obligation to deliver to the Colonial Secretary a signed copy of every newspaper is placed upon the proprietor but no provision was made for his absence or for the case of a newspaper owned by a company.

2. As the proprietor is invariably the publisher in Cyprus and is in the great majority of cases the printer as well, it has been considered better to place the obligation upon him alone, but to permit of his attorney acting for him in his absence. Provision is also made for the case of companies.

3. The opportunity has been taken to amplify the provisions of section 27 of the Principal Law so as to enable a permit to be cancelled where the holder has been convicted of sedition or publishing false news with intent to cause fear or alarm to the public, and the procedure for obtaining a permit for a printing press has been assimilated to that relating to a permit under section 4 of the Principal Law.

Attorney-General.

A BILL

WHEREAS by the Royal Charter of its incorporation granted on the fourth day of January, 1912, the Boy Scouts Association is *inter alia* empowered to develop its activities in the British Overseas Dominions :

" foreign Association " means any Boy Scouts Association other than the Association.

" foreign Boy Scout " means a member of a group, troop or body of scouts formed under the constitution, bye-laws or rules of a foreign Association.

3. No person, other than the Association, shall sell or expose for sale or distribute upon or without payment any badge, token, or emblem specifically adopted for use by Boy Scouts under the constitution, bye-laws or rules of the Association. Restriction on the sale of badges, etc., of the Association.

No person falsely to claim connection with the Association.

6. No person shall form, organize or work in connection with or be concerned in forming, organizing or working in connection with any group, troop or body which without due authority granted under the Royal Charter of the Association claim or purport to be Boy Scouts or otherwise to be connected with the Association or which hold themselves out or pass themselves off as Boy Scouts or as otherwise connected with the Association.

8. No person shall form, organize or work in connection with, or be concerned in forming, organizing or working in connection with any group, troop or body of foreign Boy Scouts or any group, troop or body whether known as Boy Scouts or by any other name, which in its organization and aims is similar or analogous thereto unless a permit from the Governor for the formation of such group, troop or body has been previously obtained.

Objects and Reasons.

This Law follows in general the lines of similar legislation in other Colonies. Sections 5, 7, 8 and 9 however, introduce provisions not usually found elsewhere, but which have been rendered necessary by the existence in Cyprus of a group of Scouts belonging to the Boy Scouts Association of a certain foreign country which has been formed without the authorization of the British Boy Scouts Association, and which admits to its membership British

ΚΥΠΡΙΑΚΗ

subjects, thus acting contrary to the International Boy Scouts Regulations which lay down that a group of Scouts of a foreign nationality may be formed only with the authorization of the Scout Association of the country in which it proposed to form such a group, and which provide further that the membership of such group must be limited to such foreign nationals.

2. The object of this Law is to prevent such irregular practices and at the same time to protect and further the legitimate development of the Boy Scouts movement in Cyprus with which the Government is in full sympathy.

3. It does so by providing that no group of foreign Scouts shall be formed in Cyprus without a permit from the Governor, and that no such group shall admit to membership any British subject. Other provisions ensure that the wearing of badges and other Scout emblems shall be restricted to members of recognized groups of Scouts.

H. W. B. BLACKALL,
Attorney-General.

9. Section 13 of the Principal Law is hereby repealed and the following section substituted therefor :—

"Restriction upon grant of certificate of registry.

13. No person who is qualified to be an owner of a British ship under section 1 of the Merchant Shipping Act, 1894, shall be granted a certificate of registry under this Law."

Procedure where ship ceases to be a Cyprus ship.

10.—(1) In any case in which a certificate of registry under the Principal Law has been granted to a person or a Cyprus corporation who by virtue of this Law is no longer qualified to be the owner of a Cyprus ship such person or the secretary of such corporation shall within one month from the date of commencement of this Law give notice thereof to the Registrar and shall within two months from the date of commencement of this Law cause the certificate of registry to be delivered up to the Registrar.

(2) The Registrar shall upon receipt of such notice as aforesaid make an entry thereof in the Register Book and the registry of the ship in the Register Book shall be considered as closed, except so far as relates to any unsatisfied mortgage or existing certificates of mortgage entered therein:

Provided that if any such ship is thereupon registered as a British ship at the port of Larnaca, the fee charged for registry under the Principal Law shall be refunded.

(3) Any such person or secretary who fails without reasonable cause to comply with the provisions of sub-section (1) hereof shall for each offence be liable to a fine not exceeding one hundred pounds.

(4) In any case in which the Registrar shall be of opinion that any person or Cyprus corporation to whom a certificate of registry has been granted under the Principal Law, is no longer qualified by virtue of this Law to be the owner of a Cyprus ship he may, notwithstanding that such person or Cyprus corporation has not complied with the provisions of sub-section (1) hereof, call upon such person or Cyprus corporation to show cause why the registry of the ship in respect of which such certificate of registry was granted should not be closed, and if within one month from the date thereof, such person or Cyprus corporation fails to show cause to the satisfaction of the Registrar, the Registrar shall make an entry of failure to show cause and thereupon the registry of the ship in the Register Book shall be considered as closed except so far as relates to any unsatisfied mortgage or existing certificates of mortgage entered therein.

Objects and Reasons.

The object of the Cyprus Registration of Ships Law, 1922, was to make provision for the case of Cypriots who, although British subjects by virtue of the annexation of Cyprus, were not qualified under the Merchant Shipping Act, 1894, to be owners of British ships.

2. In practice, however, it has been made use of by aliens and others for whose benefit it was never intended, and the object of this Law is to ensure that no ship owned by a person or body corporate who is qualified to own a British ship shall henceforth be registered as a Cyprus ship.

3. Furthermore the registry of any ship belonging to such person or corporation which has already been registered as a Cyprus ship will, within one month from the coming into operation of this Law, have to be cancelled, provision being made however for the refund of registration fees in the event of such ship being subsequently registered as a British ship.

No. 262. **Evcaf : Report of Delegates on Accounts.**

EVCAF OFFICE, CYPRUS,
NICOSIA, *4th March, 1933.*

E. No. 4/1932.

Sir,

We have the honour to submit herewith for the information of His Excellency the Governor and for publication in the *Cyprus Gazette* the audited accounts of the Evcaf for the year 1932.

2. The total revenue for 1932 was £10,935. 19*s*. 7*cp*. as against £11,522. 2*s*. 6*cp*. for 1931 which included the sum of £332. 15*s*. 2*cp*. as Berat Fees on the appointment of a new Trustee to the Abdullah Pasha Vakf in 1931.

3. £10,714. 19*s*. 6*cp*. was spent during 1932; this sum includes the amount expended for the building of the premises on the site at Serai Square, Nicosia, adjoining the General Post Office and now occupied by the Eastern Telegraph Co., Ltd. These premises were constructed under the supervision of Mr. J. C. Galliero, I.S.O., late Engineer, P.W.D. Further improvements in the vicinity of the St. Sophia Mosque at Famagusta were made during the year as well as certain further substantial repairs to the interior of the Mosque. All these were carried out, as usual, under the kind supervision of Mr. G. Jeffery, O.B.E., Curator of Ancient Monuments. Certain preliminary and minor work was also done towards the preservation of the Bedestan, in Nicosia.

4. The sum of £695. 15*s*. 3*cp*. expended on Maintenance of Works and Buildings includes improvements and repairs to the Coffee house at Serai Square, George Hotel Buildings, the house occupied by Dr. Cuff, the small houses at Shaban Pasha Quarter and other Evcaf premises and shops in Nicosia. The Minarets of Yeni Djami and Serai Onou Mosque were repaired and the Gunner's hut was rebuilt owing to the improvements made by the Municipal Corporation of Nicosia at Kyrenia Gate. In addition to these other repairs and improvements necessary were made to the various Evcaf properties in Larnaca, Limassol and Famagusta as well as to the Mosques throughout the Colony.

5. The sum of £1,196 shown under Grants to other Mosques for building, etc., includes £441 paid as wages to Imams and others for the performance of religious duties in the Mosques of Villages which had no funds of their own available for that purpose. It also includes the sum of £755 spent for building, repairs, etc., of Mosques, Cemeteries, etc., in the villages of Peristerona, Louroujina, Skilloura, Kophinou, Polemidhia, Alekhtora, Ayios Iakovos, Topji Keuy, Monarga, Mandria, Phasoula and Keumurji. Various other Mosques in the towns and villages were also repaired and improved out of the funds belonging to them during 1932. The Minaret of Haidar Pasha Mosque in Nicosia which was damaged by a thunderbolt in 1931 was rebuilt during the year and great improvements were also made to the interior of the Mosque under the kind supervision of Mr. G. Jeffery, O.B.E. A new Minaret was also built on to the Mosque in the village of Louroujina out of the grant made to the Louroujina Mosque.

6. A new Medressé has been built in Nicosia close to St. Sophia Mosque, with an improved pleasure garden with iron gates and railing round it. This greatly enhanced the amenities of the neighbourhood as all dilapidated and unsightly buildings were removed. These improvements also were carried out under the kind supervision of Mr. G. Jeffery, O.B.E. This seminary is established as a Moslem Theological School, the graduates of which will in future be available for appointments as Imams, Khatibs and other religious offices for which there will be a great demand in the Colony in the near future.

7. A sum of £50 was again paid as Grants-in-aid for repairs, buildings, etc., of schools, schoolmasters' residences, etc., at the villages of Nerovouno, Alamino, Korovia, Pissouri, Pileri and Lapithos. These grants to the various village schools have been made on the recommendations of the Education Department, in the usual way, and payments were made through that department and placed to the credit of each village. A grant of £450 was made to the Turkish Lycée and College and the instalment of £588. 13*s*. 1*cp*. was paid towards the repayment of interest and sinking fund of the loan raised for the construction of the Lycée building thus making a total payment of £1,038. 13*s*. 1*cp*. for the benefit of the Moslem Secondary Education during 1932. The College Section of the Lycée was discontinued at the end of the school year 1931–1932. The Cypriot student who was sent abroad in 1929 for higher education and training in mathematics and whose expenses were paid out of private vakfs dedicated for educational purposes, returned to Cyprus towards the end of the year duly qualified and joined the staff of the Turkish Lycée. The yearly instalments towards the repayment of loans for the Nicosia Town Infants' School No. 1 and No. 2 and for Larnaca and Galatia Boys' Schools were also paid during the year. Loans have been raised for the construction of new schools during 1932 in the villages of Geunyeli, Yenije Keuy, Kazaphani and a Girls' School at Larnaca and for the improvement of the Boys' School at Lapithos; the Evcaf Department has also made itself responsible for the repayment of the loans contracted by the School Committees of the above-mentioned places. In various villages further assistance has also been given to the several village schools out of the funds and properties of the mosque belonging to that village.

8. Further progress has been made with the tree-planting at the Hala Sultan Tekyé at Larnaca and the plantation continues to be under the supervision of the Forest Department. It is hoped that good results will be obtained and that the plantation will in time develop into a proper forest area.

9. The Mulhaka Vakfs of the various villages continue to be administered by the Evcaf Agents stationed at the Headquarters of each district and at the end of each year the Evcaf Agents continue to notify each village in their district of the various transactions and dealings with the Mosque funds and properties of the particular village during the year; this system as heretofore works most satisfactorily. Various other Mulhaka-Meshrouta vakfs also continue to be administered by the Evcaf Agents. The total number of such vakfs administered by the Evcaf Agents during 1932 were 381 and on the 31st December, 1932, the Cash and Bond Balance of the vakfs under their administration amounted to £2,370. 19*s*. 8½*cp*. and £36,543. 15*s*. 1½*cp*. respectively. Various properties were again purchased during the year out of the funds of the Mulhaka Vakfs which form part of their assets now in addition to the above-mentioned sums.

We have the honour to be,

Your obedient Servants,

Objects and Reasons.

This Law consolidates and amends the Laws relating to elementary education.

2. It introduces into Cyprus the State control of elementary education, a principle well recognized in all civilized countries and one which has worked well in other parts of the Empire.

3. Under this principle the State assumes final responsibility in educational matters but delegates to local bodies such powers as local conditions and the competency and experience of the bodies concerned seems to justify.

4. In conformance with the foregoing principle, the Governor is made the Central Authority for all matters relating to elementary education and is charged with the performance and control of all powers and duties connected therewith, with power however to delegate to local bodies such powers as he may from time to time think fit.

5. The Law does not deprive such bodies of such legitimate influence upon education as they properly should have, but it is considered that that influence will at the present stage be most usefully exercised by them in an advisory capacity.

6. Further extension of their powers will depend upon the manner in which the local bodies concerned are found to exercise the functions now entrusted to them and upon their loyalty, impartiality and devotion to the true objects of education.

7. Lastly the power hitherto enjoyed by local bodies of formulating school estimates and assessing the amount required for general maintenance, has been retained.

A BILL

ENTITLED

A LAW FURTHER TO AMEND THE KYTHREA WATER SUPPLY IMPROVEMENT LAW, 1928.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

1. This Law may be cited as the Kythrea Water Supply Improvement (Amendment) Law, 1933, and shall be read as one with the Kythrea Water Supply Improvement Laws, 1928 and 1932, (hereinafter called "the Principal Law," and the Principal Law and this Law may together be cited as the Kythrea Water Supply Improvement Laws, 1928 to 1933. Short title. 7 of 1928. 38 of 1932.

2. The preamble to the Principal Law is hereby amended by the deletion therefrom of the words "AND WHEREAS the quantity of such water for the use of the said inhabitants has been estimated to be not more than 30,000 gallons a day;" Amendment of preamble to Law 7 of 1928.

3. Section 3 of the Principal Law is hereby amended by the deletion of the words "in a quantity not exceeding 30,000 gallons in any one day" and the substitution therefor of the words "in any quantity". Amendment of section 3 of Law 7 of 1928.

Objects and Reasons.

The Municipality of Kythrea is desirous of extending the facilities for obtaining water in Kythrea but they are hampered by the existence of a provision in the Principal Law limiting the quantity which may be supplied to 30,000 gallons per day. The object of this Law is to remove such limitation.

1. This Law may be cited as the Oaths and Affidavits (Amendment) Law, 1933, and shall be read as one with the Oaths and Affidavits Law, 1931, (hereinafter called "the Principal Law"), and the Principal Law and this Law may together be cited as the Oaths and Affidavits Laws, 1931 and 1933. Amendment of section 2 of Law 2 of 1931.

2. Section 2 of the Principal Law is hereby amended by the addition thereto of the following sub-section, the first part thereof being numbered accordingly :—

"Affidavit for service of criminal summons.

(2) Whenever under the provisions of any other Law or enactment service of a criminal summons may be proved before any Court by affidavit sworn by the person who shall have effected the service, such affidavit may be taken, made and sworn before any Mukhtar who has been specially authorized by the Governor to administer oaths in that behalf."

Objects and Reasons.

Under the existing Law a police constable who has served a summons, has to proceed to the headquarter town in order to swear an affidavit of service. This entails a considerable amount of travelling with its attendant expense, and takes the Police away from their proper duties in their own district.

The object of this Law is to remedy this unsatisfactory state of affairs by empowering Mukhtars of good standing to take such affidavits of service.

Attorney-General.

Penalty.

"Order to attend and produce documents.

Where attendance unnecessary.

(2) Any person required by written order under this section only to produce a document shall be deemed to have complied with the order if he causes the document to be produced instead of attending personally to produce the same.

Saving.

(3) Nothing in this section shall apply to any document for the production of which a warrant or order of the Governor is required by this or any other Law.

Penalty.

(4) Any person who, without reasonable cause, refuses to produce any document when ordered to do so under this section shall be guilty of a misdemeanour and shall be liable on conviction to imprisonment for a term not exceeding one year or to a fine not exceeding fifty pounds."

New sections 8A, 8B and 8C inserted in Law 12 of 1929.

4. The Principal Law is hereby amended by the insertion immediately after section 8 of the following sections :—

"Remand in Police custody.

8A. Where it shall appear that the inquiry into the commission of an offence for which a person has been arrested has not been completed or that for any other reasonable cause it is necessary or advisable to defer the examination or further examination of witnesses it shall be lawful for a Magisterial Court whether or not it has jurisdiction to try the offence and notwithstanding anything in any other enactment contained from time to time to remand the accused in the custody of the Police for such time not exceeding eight clear days as the Court shall think fit.

Power of Police to release arrested person.

8B. Where it appears to the Police officer conducting an inquiry into an offence that there is not sufficient evidence or any reasonable ground of suspicion against a person who has been arrested in connection with such offence he may release him at any time without bringing him before or forwarding him to a Magisterial Court.

ΚΥΠΡΙΑΚΗ

Power of Police to release on bail.

8C.—(1) Where it appears to the Police officer conducting an inquiry into an offence that there is sufficient evidence against a person who has been arrested in connection with such offence for a complaint or charge to be preferred against him before a Magisterial Court having jurisdiction to hear such offence, the Police officer may, if the offence is bailable, instead of bringing him before a Magisterial Court as provided in section 8A (1), release him on his executing a bond, with or without sureties as such Police officer may direct, to appear before the Magisterial Court named in such bond on the date specified therein.

Estreating bail bond.

(2) The Police officer in whose presence the bond is executed by the person under arrest shall deliver a copy thereof to such person, and if such person shall make default, the Magisterial Court named in the bond shall have power to enforce such bond in the manner provided in clause 136 of the Cyprus Courts of Justice Order 1927."

Objects and Reasons.

The object of this Bill is to assist the Police in the detection of crime and to make good certain defects in the law relating to the detention of arrested persons.

2. Section 3 (1) of the Principal Law has been redrafted so as to remove any doubts as to the obligation of a person to attend at a Police Station or other place to which he may be directed in order that he may be examined in connection with an offence that has been committed. It also makes clear that it is an offence to refuse to answer questions put by the Police in such circumstances.

3. New section 5A (1) enables the Police to call for the production of documents in connection with the investigation of an offence.

4. New section 8A gives power to a Court to remand an accused in Police custody in accordance with the procedure in force elsewhere.

5. New section 8B makes it clear that the Police may release a person as soon as they are satisfied that he was not implicated in the commission of the offence for which he was arrested, without having to bring him before a Court. This enables an innocent person to avoid the unpleasant publicity attendant upon an appearance in the dock.

6. The object of new section 8C is to enable the Police particularly in the case of minor offences such as being drunk and disorderly, to allow the arrested person out upon police bail.

Attorney-General.

Enactments.	*Extent of repeal.*
The Customs and Excise Regulation Law, 1879, (24 of 1879)	Section 30.
The Customs and Excise Regulations (Amendment) Law, 1927, (9 of 1927)	The whole.
The Firearms Law, 1930, (11 of 1930)	The whole.

Objects and Reasons.

The object of this Law is to repair several deficiencies which experience has brought to light in the existing Firearms Law and to give the Government more control over the possession of firearms.

2. The importation of rifles, air-rifles, air guns and air pistols of a dangerous type is absolutely prohibited as is that of revolvers and pistols except under a special permit from the Governor.

3. Under the existing Firearms Law a person may possess a firearm without taking out an annual licence and this has resulted in a widespread evasion of the game laws, causing both loss to the Revenue and an excessive destruction of bird life.

4. In order to prevent this, it is provided by this Law that no person shall keep a gun unless he obtains, in addition to a certificate of registration, a yearly licence at a cost of £1. If, however, a person does not desire to take out such licence he may deposit his gun with the Police free of charge for a period of one year after which the gun, if still on deposit, may be destroyed without compensation.

ΔΗΜΟΚΡΑΤΙΑ

5. A licence under this Law will entitle the holder to a game licence free of any charge and it is proposed to amend the Game and Wild Birds Protection Laws, 1922 to 1927, accordingly. It will not place any additional burden therefore upon *bona fide* sportsmen.

6. The opportunity has been taken to incorporate into this Law the provisions as to the importation of firearms hitherto embodied in the Customs and Excise Regulation Law, 1879, and to restrict such importation to firearms required for the personal use of the importer.

7. In order to ensure that undesirable persons do not possess firearms, a discretion is given to the Local Commandant to refuse to issue a certificate of registration in any case he thinks fit, and he may also cancel any certificate already issued. The person affected has however a right of appeal to the Governor in Council.

8. Power is given to the Governor to prohibit the carrying or use of firearms within any specified area by all or any persons, whether licensed or not.

3. A power of search is also given and the penalties have been increased as those in force under the existing Law are not sufficiently high to act as a deterrent.

KYPLAW

A BILL

ENTITLED

A LAW TO AMEND THE RECOVERY OF COMPENSATION FOR INJURY TO PROPERTY LAWS, 1930 AND 1932 AND TO CONTINUE THEM IN FORCE.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

Short title.

1. This Law may be cited as the Recovery of Compensation for Injury to Property (Amendment) Law, 1933, and shall be read as one with the Recovery of Compensation for Injury to Property Laws, 1930 and 1932, (hereinafter called the "Principal Law"), and the Principal Law and this Law may together be cited as the Recovery of Compensation for Injury to Property Laws, 1930 to 1933.

12 of 1930. 28 of 1932.

Amendment of section 2 of Law 12 of 1930.

2. The definition of "Property" in section 2 of the Principal Law is hereby repealed and the following definition substituted therefor :—

"'Property' means any tree, plant, vine, fruit, vegetables, crops (whether standing or otherwise) or other agricultural produce whether raw or partly or wholly treated or manufactured : any mandra, fence, wall or boundary mark ; any beehive : any weir, dam, sluice, aqueduct or other construction or article made or used for the purpose of irrigation or drainage ; and any animals as defined in this section."

Amendment of section 8 (5) of Law 12 of 1930.

3. Section 8 (5) of the Principal Law is hereby amended by the addition at the end thereof of the following proviso :—

"Provided that the Commissioner in his discretion may, for good cause shown, extend the time within which such objections may be lodged."

Continuance of Laws 12 of 1930 and 28 of 1932.

4. Notwithstanding anything contained therein the Recovery of Compensation for Injury to Property Laws, 1930 and 1932, shall continue in force until the first day of August, 1935.

Date of coming into operation.

5. This Law shall come into operation as from the first day of August, 1933.

Objects and Reasons.

The object of this Bill is to continue in operation for a further period of two years as from the 1st August, 1933, the Recovery of Compensation for Injury to Property Laws, 1930 and 1932, which would otherwise expire on that date.

2. The Bill amends the definition of property which has proved to be somewhat too wide, including as it does several categories of property which the owner should be able to safeguard against damage, *e.g.*, household furniture, or to insure against it, *e.g.*, motor cars. The definition has therefore been re-drafted so as to embrace only such forms of agricultural property as, in the conditions obtaining in Cyprus, an owner cannot at all times adequately protect against the malevolence of ill-disposed persons.

3. The object of clause 3 of the Bill is to permit an extension of the time limit for making an objection in hard cases.

Attorney-General.

ARTICLE 4.

Each High Contracting Party reserves the right to refuse or grant the surrender of its own subjects to the other High Contracting Party.

ARTICLE 5.

The extradition shall not take place if the person claimed has already been tried and discharged or punished, or is still under trial in the territories of the High Contracting Party applied to, for the crime or offence for which his extradition is demanded.

If the person claimed should be under examination or under punishment in the territories of the High Contracting Party applied to for any other crime or offence, his extradition shall be deferred until the conclusion of the trial and the full execution of any punishment awarded to him.

ARTICLE 6.

The extradition shall not take place if, subsequently to the commission of the crime or offence or the institution of the penal prosecution or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the High Contracting Party applying or applied to.

ARTICLE 7.

ARTICLE 8.

A person surrendered can in no case be kept in custody or be brought to trial in the territories of the High Contracting Party to whom the surrender has been made for any other crime or offence, or on account of any other matters, than those for which the extradition shall have taken place, until he has been restored, or has had an opportunity of returning, to the territories of the High Contracting Party by whom he has been surrendered.

This stipulation does not apply to crimes or offences committed after the extradition.

ARTICLE 9.

Subject to the provisions of Articles 18 and 19, the requisition for extradition shall be made through the diplomatic agents of the High Contracting Parties respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority in the territories of the High Contracting Party requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime or offence had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent court in the territories of the High Contracting Party who makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

ΚΥΠΡΙΑΚΗ

ARTICLE 10.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities in the territories of the High Contracting Party applied to shall proceed to the arrest of the fugitive.

ARTICLE 11.

A criminal fugitive may be apprehended under a warrant issued by any police magistrate, justice of the peace, or other competent authority in the territories of the High Contracting Party applied to on such information or complaint and such evidence, or after such proceedings, as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime or offence had been committed or the person convicted in that part of the territories of such High Contracting Party in which the magistrate, justice of the peace, or other competent authority exercises jurisdiction. He shall, in accordance with this article, be discharged if within the term of two months a requisition for extradition shall not have been made by the diplomatic agent of the High Contracting Party claiming his extradition in accordance with the stipulations of this Treaty. The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this Treaty, and committed on the high seas on board any vessel of either High Contracting Party which may come into a port of the other.

ARTICLE 12.

The extradition shall take place only if the evidence be found sufficient, according to the laws of the High Contracting Party applied to, either to justify the committal of the prisoner for trial, in case the crime or offence of which he is accused had been committed in the territory of such High Contracting Party, or to prove that the prisoner is the identical person convicted by the courts of the High Contracting Party who makes the requisition, and that the crime or offence of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the High Contracting Party applied to under this Treaty.

ARTICLE 13.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the High Contracting Party applied to shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the territories of the other High Contracting Party, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, and certificates of, or judicial documents stating the fact of a conviction, providing the same are authenticated as follows :—

(1) A warrant, or copy thereof, must purport to be signed by a judge, magistrate, or officer of the other High Contracting Party, or purport to be certified under the hand of a judge, magistrate, or officer of the other High Contracting Party to be a true copy thereof, as the case may require.

(2) Depositions or affirmations, or the copies thereof, must purport to be certified, under the hand of a judge, magistrate, or officer of the other High Contracting Party, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.

(3) A certificate of, or judicial document stating the fact of a conviction, must purport to be certified by a judge, magistrate, or officer of the other High Contracting Party.

In every case such warrant, deposition, affirmation, copy, certificate or judicial document must be authenticated, either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of the other High Contracting Party, or by any other mode of authentication for the time being permitted by the law of the High Contracting Party to whom application for extradition is made.

ARTICLE 14.

If the individual claimed by one of the High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers on account of other crimes or offences committed within their respective jurisdictions, his extradition shall be granted to the Power whose claim is earliest in date, unless such claim is waived.

ARTICLE 15.

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the High Contracting Party applied to, or the proper tribunal of such High Contracting Party, shall direct, the fugitive shall be set at liberty.

ARTICLE 16.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension, and any articles that may serve as a proof of the crime or offence, shall be given up when the extradition takes place, in so far as this may be permitted by the law of the High Contracting Party granting the extradition.

ARTICLE 17.

Each of the High Contracting Parties shall defray the expenses occasioned by the arrest within its territories, the detention, and the conveyance to its frontier, of the persons whom it may have consented to surrender in pursuance of the present Treaty.

ARTICLE 18.

His Britannic Majesty may accede to the present Treaty on behalf of any of His Dominions hereafter named—that is to say, the Dominion of Canada, the Commonwealth of Australia (including for this purpose Papua and Norfolk Island), the Dominion of New Zealand, the Union of South Africa, the Irish Free State, and Newfoundland—and India. Such accession shall be effected by a notice to that effect given by His Britannic Majesty's representative at Baghdad, which shall specify the authority to which the requisition for the surrender of a fugitive criminal who has taken refuge in the Dominion concerned, or India, as the case may be, shall be addressed. From the date when such notice comes into effect the territory of the Dominion concerned or of India shall be deemed to be territory of His Britannic Majesty for the purposes of the present Treaty.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of the above-mentioned Dominions or India, on behalf of which His Britannic Majesty has acceded, shall be made by the appropriate diplomatic or consular officer of Iraq.

Either High Contracting Party may terminate this Treaty separately in respect of any of the above-mentioned Dominions or India. Such termination shall be effected by a notice given in accordance with the provisions of Article 22.

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

Any notice given under the first paragraph of this article in respect of one of His Britannic Majesty's Dominions may include any territory in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, and which is being administered by the Government of the Dominion concerned; such territory shall, if so included, be deemed to be territory of His Britannic Majesty for the purpose of the present Treaty. Any notice given under the third paragraph of this article shall be applicable to such mandated territory.

ARTICLE 19.

The requisition for the surrender of a fugitive criminal who has taken refuge in any territory of His Britannic Majesty other than Great Britain and Northern Ireland, the Channel Islands, or the Isle of Man, or the Dominions or India mentioned in Article 18, shall be made to the Governor, or chief authority, of such territory by the appropriate diplomatic or consular officer of Iraq.

Such requisition shall be dealt with by the competent authorities of such territory: provided, nevertheless, that if an order for the committal of the fugitive criminal to prison to await surrender shall be made, the said Governor or chief authority may, instead of issuing a warrant for the surrender of such fugitive, refer the matter to His Majesty's Government in the United Kingdom.

ARTICLE 20.

This Treaty shall apply in the same manner as if they were Possessions of His Britannic Majesty to the following British Protectorates, that is to say, the Bechuanaland Protectorate, Gambia Protectorate, Kenya Protectorate, Nigeria Protectorate, Northern Rhodesia, Northern Territories of the Gold Coast, Nyasaland, Sierra Leone Protectorate, Solomon Islands Protectorate, Somaliland Protectorate, Swaziland, Uganda Protectorate and Zanzibar, and to the following territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, that is to say, Cameroons under British Mandate, Togoland under British Mandate, the Tanganyika Territory, Palestine, and Transjordan.

ARTICLE 21.

If after the signature of the present Treaty it is considered advisable to extend its provisions to any British Protectorates other than those mentioned in the preceding article or to any British-protected State, or to any territory in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, other than those mandated territories mentioned in Articles 18 and 20, the stipulations of Articles 18 and 19 shall be deemed to apply to such Protectorates or States or mandated territories from the date and in the manner prescribed in the notes to be exchanged for the purpose of effecting such extension.

ARTICLE 22.

The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

In the absence of an express provision to that effect, a notice given under the first paragraph of this article shall not affect the operation of the Treaty as between Iraq and any territory in respect of which notice of accession has been given under Article 18.

The present Treaty shall be ratified, and the ratification shall be exchanged at Baghdad as soon as possible.

In faith whereof the above-named plenipotentiaries have signed the present Treaty and have affixed thereto their seals.

Done in duplicate in English and Arabic, of which, in the case of divergence, the English text shall prevail, at Baghdad, this second day of May, 1932, corresponding with the twenty-sixth day of Dhulhijjah, 1350, Hijrah.

F. H. HUMPHRYS.
JA'FAR-AL-ASKARI.

And whereas the ratifications of the said Treaty were exchanged at Baghdad on the 25th day of January, 1933:

And whereas His Majesty has ratified the said Treaty in respect of, and the said Treaty thereby extends to, the United Kingdom of Great Britain and Northern Ireland (including for that purpose the Channel Islands and the Isle of Man) and all British Colonies:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to Him by the said recited Acts, doth order, and it is hereby ordered, that from and after the 5th day of May, 1933, the said Acts shall apply in respect of the United Kingdom of Great Britain and Northern Ireland, the Channel Islands, the Isle of Man, and all British Colonies in the case of Iraq under and in accordance with the said Treaty of the 2nd May, 1932.

This Order may be cited as the "Iraq (Extradition) Order in Council, 1933."

A BILL
ENTITLED
A LAW TO AMEND THE PUBLIC LOANS LAWS, 1897 TO 1932.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus, as follows :—

Short title.

1. This Law may be cited as the Public Loans (Amendment) Law, 1933, and shall be read as one with the Public Loans Laws, 1897 to 1932, (hereinafter called "the Principal Law"), and the Principal Law and this Law may together be cited as the Public Loans Laws, 1897 to 1933.

13 of 1897.
17 of 1930.
48 of 1932.

Repeal of section 2 of Law 13 of 1897 and substitution of new section.

2. Section 2 of the Principal Law is hereby repealed and the following section substituted therefor :—

"Who shall be Loan Commissioners.

2. The Loan Commissioners shall be—

(*a*) the Governor ;
(*b*) the Colonial Secretary ;
(*c*) the Treasurer ;
(*d*) the Director of Public Works ;
(*e*) the Director of Agriculture ; and
(*f*) such persons not being Government officials and not exceeding three in number as the Governor may from time to time appoint to hold office during his pleasure.

Repeal of section 17 of Law 13 of 1897.

3. Section 17 of the Principal Law is hereby repealed without prejudice to anything done or loans made thereunder.

Repeal of section 18 of Law 13 of 1897 and substitution of new section.

4. Section 18 of the Principal Law is hereby repealed and the following section substituted therefor :—

"Payments into revenue.

18. The Loan Commissioners shall at the close of every financial year pay into the revenue of Cyprus two-thirds of the amount of interest actually recovered on loans made under this Law, after making allowance for losses on the operation of the Fund in the previous years."

Objects and Reasons.

The object of clause 2 of this Bill is in the first place to make the Director of Public Works a Loan Commissioner. Works in connection with village water supplies are carried out by the Public Works Department, and it is considered that the business of the Commissioners and the Department would be facilitated if the Director were to be a member of the Board. The clause also makes provision for the addition of non-officials to be appointed by the Governor. This has been rendered necessary as under section 2 of the Principal Law the only non-officials who are eligible for appointment are elected Members of the Legislative Council, and no non-official now possesses the requisite qualification.

2. Clause 3 repeals section 17 of the Principal Law which requires a fund of £1,000 to be set aside for the purposes of loans to individuals. Since the enactment of the Public Loans Law, 1930, this provision has become unnecessary and it is considered undesirable to immobilize so large a sum under present conditions.

3. Under section 18 of the Principal Law the Loan Commissioners have a discretion to pay a share of the interest on loans into a non-existent Agricultural Fund. The object of clause 4 is to require them to pay it into General Revenue.

Attorney-General.

A LAW TO AMEND THE VILLAGE AUTHORITIES LAW, 1931.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

Short title.

1. This Law may be cited as the Village Authorities (Amendment) Law, 1933, and shall be read as one with the Village Authorities Law, 1931, (hereinafter called "the Principal Law"), and the Principal Law and this Law may together be cited as the Village Authorities Laws, 1931 and 1933.

19 of 1931.

Insertion of new section 13A in Law 19 of 1931.

2. The Principal Law is hereby amended by the insertion immediately after section 13 of the following section :—

"Certain Mukhtars to have power to issue search warrants.

13A.—(1) A Mukhtar who has been specially authorized by the Governor in that behalf may, on the application in writing of a Police officer of any rank not lower than that of Corporal, issue a warrant under his hand authorizing the officer to whom it is addressed to search any building or thing whatever for anything on or in respect of which any offence has been or is suspected to have been committed, or which there is reasonable ground to suspect is intended to be used for the purpose of committing any offence and to seize any such thing and carry it before any Magisterial Court having jurisdiction in the matter, to be dealt with according to law. The Mukhtar issuing the warrant shall authorize the officer to whom it is addressed to execute it either between the hours of sunrise and sunset, or may, if he thinks fit, authorize such person to execute it at any hour.

(2) If under any such warrant there is brought before any Magisterial Court any forged document, or anything of which the use or possession is unlawful, in the absence of some lawful excuse to be proved by the person in possession thereof, such Court may cause such thing to be defaced or destroyed, although no person may be committed for trial in respect thereof.

Objects and Reasons.

The object of this Bill is to empower the Governor to authorize Mukhtars of good standing to issue search warrants.

2. At present police action especially with regard to search for stolen goods is greatly hampered in rural districts owing to police officers having to proceed to a town where a Judge resides in order to obtain a search warrant. This frequently entails a long journey and apart from the loss of time and expense the delay in effecting the search gives time for the removal of the goods by the guilty party.

Attorney-General.

A LAW FURTHER TO AMEND THE TELEPHONE (AGREEMENT) LAW, 1930.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

Short title.

1. This Law may be cited as the Telephone (Agreement) Amendment Law, 1933, and shall be read as one with the Telephone (Agreement) Laws, 1930 and 1931, (hereinafter called " the Principal Law "), and the Principal Law and this Law may together be cited as the Telephone (Agreement) Laws, 1930 to 1933.

30 of 1930.
15 of 1931.

Repeal of section 5 of Law 30 of 1930.

2. Section 5 of the Principal Law is hereby repealed.

Objects and Reasons.

The Telegraphs Bill, 1933, embraces telephones as well as telegraphs and the terms of the agreement with the Imperial and International Communications Limited which was the occasion of the enactment of the Principal Law can be implemented under the Telegraphs Bill. As it is desirable that the same matters should be dealt with under one Law no useful purpose is served by the retention of section 5 of the Principal Law (which enables the Governor in Council to make regulations) and it is accordingly repealed by this Bill.

There were reductions in the import of most commodities, the principal being in: cement (£3,370); cotton piece goods (£9,072): iron and steel manufactures (£2,908): leather dressed (£3,066); leather sole (£3,735): manures, chemical (£3,875); petrol and benzine (£6,316) and kerosene (£2,260). A noteworthly exception is the large increase in the value of flour imported, which amounted to £17,945.

3. The total value of Exports, for the period under review, shows a decrease of £3,234 as compared with 1932, and is £80,171 below the quinquennial average.

4. In view of the universal trade depression it is satisfactory to note that there were appreciable increases in the value of almonds (£3,455); carobs, ground (£4,528); pyrites (£26,359); raisins (£5,950): silk, raw or wound (£1,835): sumac (£1,975) and tobacco (£2,891).

5. On the other hand there were decreases in mules (£5,975): oxen (£6,246): carobs, whole (£12,526); cotton, raw (£1,737): lemons and oranges (£1,572); potatoes (£24,527) and wines (£3,362).

6. There was a decrease in Shipping. During the quarter under review, 112 steamers called at Larnaca, 84 at Limassol and 57 at Famagusta as compared with 108, 113 and 94 respectively during the same period in 1932.

7. Comparative returns of the principal imports and exports are subjoined.

The 16th day of March, 1933.

PRESENT,

THE KING'S MOST EXCELLENT MAJESTY.

Lord President. Mr. Chancellor of the Duchy of Lancaster.
Master of the Horse. Captain Margesson.
Viscount Bridgeman.

Whereas on the ninth day of September, eighteen hundred and eighty-six a Convention (hereinafter called "the Berne Convention") for the constitution of an international Union for the protection of the rights of authors over their literary and artistic works and a Final Protocol thereto was concluded between Her late Majesty Queen Victoria and certain foreign countries:

And whereas on the thirteenth day of November, nineteen hundred and eight, a Convention (hereinafter called "the Berlin Convention"), replacing with modifications and additions the Berne Convention and the Additional Act, was concluded between His late Majesty King Edward the Seventh and certain foreign states:

And whereas it was provided by the Berlin Convention that acceding states might indicate the provisions of the Berne Convention and the Additional Act which they might judge necessary to substitute for the corresponding provisions of the Berlin Convention and also that signatory states might declare at the exchange of ratifications that they desire to remain bound, as regards any specific point, by the provisions of the Conventions which they had previously signed:

And whereas by the Copyright Act, 1911, (a) and the Orders in Council made thereunder mentioned in the Fourth Schedule to this Order effect is now given throughout the parts of His Majesty's dominions to which this Order applies to the Berlin Convention:

And whereas on the second day of June, nineteen hundred and twenty-eight, a Convention (b) (hereinafter called "the Rome Convention") replacing with modifications and additions the Berne Convention and the subsequent revisions thereof was concluded between His Majesty and certain foreign countries:

And whereas it was provided by the Rome Convention that the instruments previously in force should continue to be applicable in regard to relations with countries which did not ratify the Rome Convention, and that the countries on whose behalf the Rome Convention was signed might retain the benefit of the reservations which they had previously formulated and that other countries might accede to the Rome Convention with the right to enjoy the benefit of the last mentioned provision:

And whereas the Rome Convention was ratified by His Majesty in respect of the United Kingdom of Great Britain and Northern Ireland and of British India and applies, by virtue of notice given by His Majesty under the provisions of the Rome Convention, to the other parts of His Majesty's dominions to which this Order applies by virtue of section thirty of the Copyright Act, 1911:

or unincorporated or any organization which by its constitution or propaganda or otherwise advocates, incites or encourages the doing of any act specified in paragraph (*a*) or (*b*) of this section ;

(*d*) any body of persons, incorporated or unincorporated, or any organization whether within or without the Colony which is declared by Order of the Governor in Council to have among its aims or to be used for the promotion of a general strike, or of disorder of any kind, or of the spread of sedition within the Colony and to be proscribed within the Colony."

Amendment of section 199 of the Criminal Code.

7. Section 199 of the Criminal Code is hereby amended by the deletion of the words " is time for his passion " and by the substitution therefor of the words " would be time for the passion of such reasonable person ".

New section 357A inserted in the Criminal Code.

8. The Criminal Code is hereby amended by the insertion immediately after section 357 of the following section :—

"Incitement to commit an offence.

357A. Any person who incites or attempts to induce another person to commit an offence whether such other person consents to commit the offence or not is guilty—

(*a*) of a felony, if the offence in question is a felony, and such person is liable, if no other punishment is provided, to imprisonment for seven years or if the greatest punishment to which a person convicted of such felony is liable, is less than imprisonment for seven years, then to such lesser punishment,

(*b*) of a misdemeanour, if the offence in question is a misdemeanour and such person is liable, if no other punishment is provided, to imprisonment for two years, or if the greatest punishment to which a person convicted of such misdemeanour is liable, is less than imprisonment for two years, then to such lesser punishment."

Objects and Reasons.

The main object of this Bill is to enable the Government to deal effectively with the menace of Communism and with any other unlawful associations.

2. Clause 2 of the Bill increases the penalty for being a member of an unlawful association from one year to two years' imprisonment and for being an office holder from one year to five years thereby bringing the latter offence within the jurisdiction of an Assize Court. The clause also provides that any person attending any meeting or gathering of members of any unlawful association shall be deemed to be a member of such unlawful association until he proves the contrary.

3. Under clause 3 the penalty for advocating the objects of an unlawful association is increased from two to five years' imprisonment and consequently becomes triable at Assizes.

KYPAKIA

4. Clause 4 makes the possession of any literature or any other document whatsoever which advocates the doctrines or practices of any unlawful association an offence punishable with imprisonment for two years.

5. Clause 5 gives additional powers of search, seizure and arrest without warrant to the Police in connection with unlawful gatherings and the possession of unlawful documents.

6. Clause 6 enables the Governor in Council to declare any organization unlawful which has among its aims the promotion of a general strike, or disorder or sedition, and empowers him to prohibit its existence in the Colony.

7. Clause 7 brings the defence of killing under provocation into line with English law upon the subject.

8. Clause 8 rectifies an omission in the Criminal Code to which the Courts have, on several occasions, drawn attention. Under the English Common Law it is an offence to incite another to commit an offence even if the incitement has no effect, but under the existing law in Cyprus, inciting is an offence only if a crime is in consequence committed.

subject to the provisions of these Rules from borrowing money on any pretext whatsoever from any person or institution other than the Society.

62. No person who is deprived of the right of administration of his property under any law in force in the Colony for the time being can be a member of the Society.

63. A member may withdraw from the Society by giving written notice to the Secretary, but such withdrawal shall be without prejudice to section 22 of the Law. Every such notice of withdrawal shall be reported forthwith by the Secretary to the Registrar. Any member so withdrawn shall not be re-admitted to membership except with the written approval of the Registrar.

64. If a member acts in contravention of the Rules and Bye-laws or acts in any way detrimental to the interests of the Society such member may be expelled by a vote of two-thirds of the members present at a General Meeting upon a charge communicated to him in writing by the Committee not less than one week before the meeting. Such expulsion shall, however, be without prejudice to section 22 of the Law. Any member so expelled shall not be re-admitted to membership except with the written approval of the Registrar.

65. Any member who loses any of the qualifications for membership prescribed by the Law and these Rules or the Bye-laws of the Society shall cease to be a member of the Society and the Committee shall cause his name to be struck off the Register of Members without prejudice to any liabilities of such person under Section 22 of the Law:

Provided that such person may be re-admitted without payment of an entrance fee if at any time thereafter he acquires again the necessary qualifications and applies for re-admission.

Books and Accounts.

66. Every Society shall keep such accounts and shall use such books as may from time to time be prescribed by the Registrar.

AUDIT OF ACCOUNTS.

67. The accounts of every Society shall be audited once at least in every year by some person authorized by the Registrar. Such person shall have access to all the books and accounts of the Society, and shall examine every balance sheet and annual return of the receipts and expenditure, funds and effects of the Society, and shall verify the same with the accounts and vouchers relating thereto, and shall either sign the same as found by him to be correct, duly vouched and in accordance with law, and shall report to the Registrar accordingly, or shall specially report to the Registrar in what respects he finds the same incorrect, unvouched or not in accordance with law. The Registrar shall thereupon forward forthwith the report of such person to the Committee.

No charge shall be made for such audit. The audited balance sheet as on the 31st December of each year shall be published in the *Cyprus Gazette*.

LOANS.

68.—(1) Loans, when approved by the Committee, shall be granted to members who are able to obtain two sureties approved by the Committee, or who can give mortgage security to the satisfaction of the Committee:

Provided that for short-term loans, that is to say, loans repayable within a period not exceeding one year and not exceeding five pounds in amount, the Committee may accept one surety:

And provided further that not more than one short-term loan shall be granted to any one member while a short-term loan already granted to him or any part thereof is still unpaid.

(2) No Society shall make a loan to any person other than a member thereof.

(3) Save with the sanction of the Registrar, a Society shall not lend money on the security of movable property.

69. No loan shall be made except for an approved purpose connected with some agricultural operation which by its profits should, in the opinion of the Committee, enable the borrower to repay the loan, or for the redemption of land from an existing mortgage, or for the liquidation of debts of any kind whatsoever existing at the time of the admission of the borrower as a member of the Society. The agricultural operations referred to above shall include the extension or improvement of the borrower's holding, the purchase of manure, seed, cattle and implements, or any other similar undertaking.

70. All money lent to members shall be applied to such purposes as the Committee has approved.

71. No person under liability to the Society either as a principal debtor or as a guarantor shall be accepted as surety for another member requiring a loan, unless all the members of the Committee present at the meeting are unanimous that it is safe to do so.

72. Members who desire to obtain a loan shall fill up a form stating the object for which the loan is required, the term for which it is asked, whether it is desired to repay it by instalments, and the names of his proposed sureties or any other security which is offered. The application, if forwarded to the Secretary not less than two days prior to a meeting of the Committee, shall be considered at that meeting.

73. If the Committee is satisfied with the trustworthiness of the applicant, the sufficiency of the security offered, and the prospects of advantage to the borrower in the way of increased production or economy, and if it has sufficient funds under its control, it may sanction the loan.

74. No loan shall be granted for a period exceeding one year unless it be made repayable by regular instalments of equal amount; nor shall any loan be granted to a member which shall make the total sum owing from him to the Society at any time to exceed £200.

75. If the Committee decides that a loan cannot be made, either from lack of funds or because it deems it otherwise undesirable, or if it thinks proper to postpone the consideration of any application for a loan, it shall cause a communication to that effect to be sent to the applicant.

76. The rate of interest to be charged for loans shall in every case exceed by 1%, but not more than 2%, the highest rate of interest payable by the Society on outstanding loans contracted by the Society.

77. Members who obtain a loan shall pay to the Society all expenses incurred by the Society in connection with such loan to an amount to be approved by the Committee. The Secretary shall furnish members who obtain a loan with a detailed account of such expenses.

78. When a loan is sanctioned a notice shall be sent to the borrower to that effect, and if the borrower does not consent to take the loan on the terms offered by the Committee within one week from the date upon which assent is given, the Committee shall not be held bound to complete the loan. If he consents to accept the terms offered, then, before the amount is advanced, the borrower and his sureties shall execute, if required, an agreement as to the terms of repayment or any other document which the Committee may consider necessary.

79. No person other than members of the Committee and the Secretary shall be present at any meeting of the Committee when an application for a loan is under consideration. A member of the Committee who applies for a loan or who is proposed as surety for a loan must withdraw while the relevant application is being discussed. If there is a difference of opinion concerning the granting of a loan, the voting shall be taken by ballot. The proceedings with regard to loans at Committee meetings shall be kept secret, and any member of the Committee or Officer of the Society infringing this rule shall be liable to immediate expulsion or dismissal.

80. In the event of any loan or any instalment of a loan not being paid on the date on which it is due the Committee shall take immediate steps for the realization of the same, in the case of mortgages by application to the Land Registry Office for foreclosure of the mortgage, and in the case of loans not secured by mortgage by the institution of actions before the Court.

81. A member failing to pay the amount due within the time named, and not giving, in the opinion of the Committee, a sufficient reason for non-payment, shall not be entitled to receive another loan from the Society.

82. If by reason of sickness, or other sufficient cause, notified in writing to the Secretary before a loan is due, a member finds that he will be unable to discharge his obligations to the Society, the Committee shall have power to extend the time fixed for payment on such conditions as it thinks fit :

Provided that in the case of loans on mortgages on immovable property tendered to and registered in the name of an Agricultural Bank under the provisions of the Agricultural Bank (Amendment) Law, 1925, the Committee shall not exercise such power without first obtaining the consent in writing of the Agricultural Bank concerned.

83. If any member shall be found to have misapplied a loan, the Committee shall have power to recall the loan before the agreed date of payment.

PROOF OF ENTRIES IN SOCIETIES' BOOKS.

84. Copies of such entries in the books of a Society as may be required under the provisions of the Law may be made by the Secretary, and shall be certified correct by him and by a member of the Committee.

RESERVE FUND.

85. No dividend or payment out of profits shall be paid to a member of a Society (save interest on deposits as may be provided for by the Bye-laws), but all profits shall be carried to a fund to be called the Reserve Fund and to be applied in accordance with the provisions of section 35 (1) of the Law and the Bye-laws of the Society :

Provided that until the Reserve Fund is required to be so applied, the Committee may, on the approval in writing of the Registrar first obtained, apply the same for any other purpose connected with the business of the Society.

DISPUTES.

86. Any dispute touching the business of a Society between members or past members of the Society or persons claiming through a member or past member and the Committee or any Officer of the Society shall be referred to the Registrar for decision.

87. The Registrar may direct that any dispute referred to him for decision shall be referred to arbitration, in which case he shall proceed to appoint by an Instrument under his hand one or two arbitrators limiting the time within which their award is to be made.

88. After the Registrar has referred a dispute to arbitration as in Rule 86 hereof prescribed, he shall at once record such reference in Court, by filing with the Registrar of the Court a copy of the Instrument appointing the arbitrator or arbitrators.

89. The Registrar or the arbitrator or arbitrators may decide the question referred to him or them by hearing evidence either on oath or otherwise and shall keep a record of the proceedings and the statements of witnesses, and in case the dispute has been referred to arbitration by the Registrar the arbitrators shall transmit to him such record together with their award.

90. When two arbitrators are appointed, in case of disagreement the Registrar shall be the Umpire.

91. The decision of the Registrar or the award of the arbitrator or arbitrators or of the Registrar when acting as Umpire shall be in writing and shall be final, and it shall be immediately recorded in Court by the Registrar by filing the same with the Registrar of the Court with a statement of the costs and fees incurred in connection with the decision or the award.

92. The Registrar may apply to the Court for a judgment in conformity with his decision or the award, and judgment shall be given accordingly. Any such judgment may be served on any person affected by the decision or the award in the same manner as a Writ of Summons is served under the Rules of Court, 1927, or any amendment thereof, and no writ or other process of execution shall be issued under such judgment until it has been proved to the satisfaction of the Court or a judge that an office copy of such judgment has been duly served on every person against whom such judgment is sought to be executed.

3rd August, 1933.

Objects and Reasons.

1. Under the Village Roads (Amendment) Law, 1931, a person who is liable to pay a contribution for village roads is allowed to commute it by working at any time during the year it is due. Under the repealed Section 22 of the Principal Law, however, a person who failed to work when required became liable to a payment of 6 shillings which, upon failure to pay within 15 days of demand, was automatically doubled by way of penalty and there are at present a large number of Court warrants which have been issued for the double amount. Owing to the economic distress the villagers find it difficult, if not impossible, to pay the extra penalty which they have incurred and as a result it is anticipated that large numbers would be committed to prison.

2. The object of this Law is to give power to the Governor to grant relief in such cases and to empower him to postpone the execution of Court warrants in the same manner as he can under the Principal Law postpone the execution of warrants issued by the Mejlis Idaré.

ORDER IN COUNCIL.

EXTRADITION TREATY WITH PORTUGAL.

Windsor, 3rd March, 1894.

AT THE COURT AT WINDSOR.

The 3rd day of March, 1894.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY.

Lord President.	Mr. Gladstone.
Marquess of Ripon.	Sir William Vernon Harcourt.
Earl Spencer.	

Whereas by the Extradition Acts, 1870 and 1873, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient; and that if, by any law made after the passing of the Act of 1870 by the Legislature of any British possession, provision is made for carrying into effect within such possession the surrender of fugitive criminals who are in or suspected of being in such British possession, Her Majesty may, by the Order in Council applying the said Acts in the case of any foreign State, or by any subsequent Order, suspend the operation within any such British possession of the said Acts, or of any part thereof, so far as it relates to such foreign State, and so long as such Law continues in force there and no longer :

And whereas by an Act of the Parliament of Canada passed in 1886, and entitled "An Act respecting the Extradition of Fugitive Criminals," provision is made for carrying into effect within the Dominion the surrender of fugitive criminals :

And whereas by an Order of Her Majesty the Queen in Council, dated the seventeenth day of November, one thousand eight hundred and eighty-eight, it was directed that the operation of the Extradition Acts, 1870 and 1873, should be suspended within the Dominion of Canada so long as the provision of the said Act of the Parliament of Canada of 1886 should continue in force and no longer :

And whereas a Treaty was concluded on the seventeenth day of October, one thousand eight hundred and ninety-two, between Her Majesty and His Majesty the King of Portugal for the mutual extradition of fugitive criminals, which Treaty is in the terms following :—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Most Faithful Majesty the King of Portugal and of the Algarves, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within their respective territories, that persons charged with or convicted of the crimes hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, the said High Contracting Parties have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say :

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, Sir George Glynn Petre, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George, Companion of the Most Honourable Order of the Bath, Her Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of His Most Faithful Majesty, etc.; and

His Most Faithful Majesty the King of Portugal and of the Algarves, Dom Antonio Ayres de Gouvêa, Councillor of His Majesty, Peer of the Realm, Bishop of Bethsaida, retired Professor of the University of Coimbra, His Majesty's Minister and Secretary of State for Foreign Affairs, etc. ;

Who, having communicated to each other their respective Full Powers, found in good and due form, have agreed upon and concluded the following Articles :—

ARTICLE I.

The High Contracting Parties engage to deliver up to each other those persons who, being accused or convicted of a crime or offence committed in the territory of the one Party, shall be found within the territory of the other Party, under the circumstances and conditions stated in the present Treaty.

32. Revolt, or conspiracy to revolt, by two or more persons on board a ship on the high seas against the authority of the master.

33. Dealing in slaves in such a manner as to constitute a criminal offence against the laws of both States.

Extradition is also to be granted for participation in any of the aforesaid crimes, provided such participation be punishable by the laws of both the Contracting Parties.

Extradition may also be granted at the discretion of the State applied to in respect of any other crime for which, according to the laws of both the Contracting Parties for the time being in force, the grant can be made.

The Portuguese Government will not deliver up any person either guilty or accused of any crime punishable with death.

ARTICLE III.

The Portuguese Government will not grant the extradition of any Portuguese subject, and Her Britannic Majesty's Government will not grant the extradition of any British subject ; but in the case of a naturalized subject, this Article shall only be applicable if the naturalization was obtained previous to the commission of the crime giving rise to the application for extradition.

ARTICLE IV.

The extradition shall not take place if the person claimed on the part of the British Government, or the person claimed on the part of the Portuguese Government, has already been tried and discharged or punished, or is still under trial within the territories of the two High Contracting Parties respectively, for the crime for which his extradition is demanded.

If the person claimed on the part of the British Government, or if the person claimed on the part of the Portuguese Government, should be under examinatoin, or is undergoing sentence under a conviction for any other crime within the territories of the two High Contracting Parties respectively, his extradition shall be deferred until after he has been discharged, whether by acquittal, or on expiration of his sentence, or otherwise.

ARTICLE V.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

ARTICLE VI.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try or punish him for an offence of a political character.

ARTICLE VII.

A person surrendered can in no case be kept in prison or be brought to trial in the State to which the surrender has been made, for any other crime, or on account of any other matters, than those for which the extradition shall have taken place, until he has been restored, or had an opportunity of returning to the State by which he has been surrendered.

This stipulation does not apply to crimes committed after the extradition.

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

ARTICLE VIII.

The requisition for extradition shall be made through the Diplomatic Agents of the High Contracting Parties respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but circumstances may cause a person so sentenced *in contumaciam* to be dealt with as an accused person.

ARTICLE IX.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

ARTICLE X.

If the fugitive has been arrested in the British dominions, he shall forthwith be brought before a competent Magistrate, who is to examine him and to conduct the preliminary investigation of the case, just as if the apprehension had taken place for a crime committed in the British dominions.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the British dominions shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the dominions of Portugal, or copies thereof, and likewise the warrants and sentences issued therein, and certificates of, or judicial documents stating the fact of, a conviction, provided the same are authenticated as follows:—

1. A warrant must purport to be signed by a Portuguese Judge, Magistrate, or officer.

2. Depositions or affirmations, or the copies thereof, must purport to be certified under the hand of a Portuguese Judge, Magistrate, or officer to be the original depositions or affirmations, or to be the true copies thereof, as the case may require.

3. A certificate of or judicial document stating the fact of a conviction must purport to be certified by a Portuguese Judge, Magistrate, or officer.

4. In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Portuguese Minister; but any other mode of authentication for the time being permitted by the law in that part of the British dominions where the examination is taken may be substituted for the foregoing.

ARTICLE XI.

If the fugitive has been arrested in the dominions of Portugal, his surrender shall be granted if upon examination by a competent authority it appears that the documents furnished by the British Government contain sufficient *prima facie* evidence to justify the extradition.

The Portuguese authorities shall admit as valid evidence records drawn up by the British authorities of the depositions of witnesses, or copies thereof, and records of conviction, or other judicial documents, or copies thereof: Provided that the said documents be signed or authenticated by an authority whose competence shall be certified by the seal of a Minister of State of Her Britannic Majesty.

ARTICLE XII.

The extradition shall not take place unless the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition, and that the crime of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to. In Her Britannic Majesty's dominions the fugitive criminal shall not be surrendered until the expiration of fifteen days from the date of his being committed to prison to await his surrender.

ARTICLE XIII.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

ARTICLE XIV.

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper Tribunal thereof, shall direct, the fugitive shall be set at liberty.

ARTICLE XV.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place; and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

ARTICLE XVI.

All expenses connected with extradition shall be borne by the demanding State.

ARTICLE XVII.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of both of the High Contracting Parties, so far as the laws for the time being in force in such Colonies and foreign possessions respectively will allow.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions may be made to the Governor or chief authority of such Colony or possession by the Chief Consular authority of the other State in such Colony or possession.

Such requisitions may be disposed of, subject always, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, to the provisions of this Treaty, by the said

Governor or chief authority, who, however, shall be at liberty either to grant the surrender or to refer the matter to his Government.

The High Contracting Parties shall, however, be at liberty to make special arrangements in their respective Colonies and foreign possessions for the surrender of criminals who may take refuge therein, on the basis, as nearly as may be, and so far as the law of such Colony or foreign possession will allow, of the provisions of the present Treaty.

Requisitions for the surrender of a fugitive criminal emanating from any Colony or foreign possession of either of the High Contracting Parties shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XVIII.

The present Treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties at any time on giving to the other six months' notice of its intention to do so.

The Treaty shall be ratified, and the ratifications shall be exchanged at Lisbon as soon as possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done in duplicate at Lisbon, the seventeenth day of October, in the year of our Lord one thousand eight hundred and ninety-two.

(L.S.) GEORGE G. PETRE.

And whereas a Protocol relative to the said Treaty was signed at Lisbon on the thirtieth day of November, one thousand eight hundred and ninety-two, which Protocol is in the terms following :—

The stipulations of the present Treaty do not apply to extradition between British and Portuguese India, which is reserved for ulterior negotiation.

Done in duplicate at Lisbon, the thirtieth day of November, in the year of our Lord one thousand eight hundred and ninety-two.

Her Britannic Majesty's Envoy Extraordinary and Minister Plenipotentiary,

GEORGE G. PETRE.

And whereas the ratifications of the said Treaty and Protocol were exchanged at Lisbon on the thirteenth day of November, one thousand eight hundred and ninety-three.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the nineteenth day of March, one thousand eight hundred and ninety-four, the said Acts shall apply in the case of Portugal, and of the said Treaty and Protocol with His Majesty the King of Portugal.

Provided always, and it is hereby further ordered, that the operation of the said Extradition Acts, 1870 and 1873, shall be suspended within the Dominion of Canada so far as relates to Portugal and to the said Treaty and Protocol, and so long as the provisions of the Canadian Act aforesaid of 1886 continue in force, and no longer.

No. 716. Brief Report on Cyprus Trade during the quarter ended 30th June, 1933.

As compared with the same quarter in 1932 imports show a decrease in value of £67,383 and were £130,520 below the quinquennial average.

2. Most of the commodities imported show decreases, the principal being : cotton piece goods (£1,884) ; cotton manufactures, other (£3,446) ; flour, wheaten (£17,907) ; manure, chemical (£12,414) ; petroleum, kerosene (£3,008) ; soap, common (£2,515) ; timber (£10,095) and woollen manufactures (£4,480).

3. The fall in the figures for cotton goods and flour is, to a large degree, due to the low values of these goods imported from Japan, Italy and France.

4. The only appreciable increases, in imports, were in hardware and cutlery (£1,076); machinery (£3,890); motor cars and chassis (£2,338) and tobacco (£1,470).

5. The total value of exports, for the period under review, shows a decrease of £30,477 as compared with the same period in 1932, and is £132,876 below the quinquennial average.

6. Most export commodities show increases, the principal being :—Animals, mules (£1,658) ; asbestos (£2,714) ; hides and skins, raw (£2,152) ; pyrites (£6,046) ; raisins (£4.679) and terra umbra (£1,763).

7. Big decreases in the following items however are the principal cause of the total value being below last year's figure :—Animals, oxen (£4,780) ; carobs, whole (£35,807) ; carobs, ground (£2,135) ; potatoes (£11,406) and wine (£5,013).

8. During the quarter under review, 118 steamers called at Larnaca, 82 at Limassol and 63 at Famagusta as compared with 127, 101 and 76, respectively, during the same period in 1932.

(*b*) that, at the request of the Assize Court or at a written request by or on behalf of the accused notified to the prosecution not less than seven days before the trial in the Assize Court, the prosecution shall call the Government Analyst or the Government Bacteriologist, as the case may be, to give evidence before the Assize Court."

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

New sections 8A, 8B and 8C inserted in Law 12 of 1929.

4. The Principal Law is hereby amended by the insertion immediately after section 8 of the following sections :—

"Remand in Police custody.

8A. Where it shall appear that the inquiry into the commission of an offence for which a person has been arrested has not been completed or that for any other reasonable cause it is necessary or advisable to defer the examination or further examination of witnesses it shall be lawful for a Magisterial Court whether or not it has jurisdiction to try the offence and notwithstanding anything in any other enactment contained from time to time to remand the accused in the custody of the Police for such time not exceeding eight clear days as the Court shall think fit.

Power of Police to release arrested person.

8B. Where it appears to the Police officer conducting an inquiry into an offence that there is not sufficient evidence or any reasonable ground of suspicion against a person who has been arrested in connection with such offence he may release him at any time without bringing him before or forwarding him to a Magisterial Court.

Disposal of persons arrested by the Police.

8C.—(1) Where it appears to the Police officer conducting an inquiry into an offence that there is sufficient evidence or reasonable ground of suspicion against a person who has been arrested in connection with such offence the Police officer shall bring or forward the accused under custody as soon as reasonably may be to a Magisterial Court empowered to try him or commit him for trial provided that if the offence is triable summarily the Police officer may release the accused on his executing a bond with or without sureties for his appearance on the date specified therein before a Magisterial Court named in the bond being a Court empowered to take cognizance of such offence.

Estreating bail bond.

(2) The Police officer in whose presence the bond is executed by the person under arrest shall deliver a copy thereof to such person, and if such person shall make default, the Magisterial Court named in the bond shall have power to enforce such bond in the manner provided in clause 136 of the Cyprus Courts of Justice Order 1927."

Repeal of section 14 of Law 12 of 1929 and substitution of new section.

5. Section 14 of the Principal Law is hereby repealed and the following substituted therefor :—

"Powers of Supreme Court on hearing of appeal.

14. The Supreme Court, after perusing the file of the proceedings and after hearing the Attorney-General or his representative and the appellant or such of them as shall attend at the time fixed for the hearing of the appeal shall have full power to—

(*a*) allow the appeal and quash the conviction, or

(*b*) dismiss the appeal, or

(*c*) notwithstanding that they are of opinion that the point raised in the appeal might be decided in favour of the

ΚΥΠΡΙΑΚΗ

appellant, dismiss the appeal if they consider that no substantial miscarriage of justice has actually occurred, or

(*d*) increase, reduce or modify the sentence, or

(*e*) hear further evidence, and reserve their judgment until such further evidence has been heard, or

(*f*) order a new trial before the Court which passed sentence or before any other Court having jurisdiction in the matter, or

(*g*) order further evidence to be taken, either generally or on some particular point, before the Court which passed sentence, or

(*h*) call upon the Court which passed sentence to furnish any information the Supreme Court may think necessary beyond that which is furnished by the file of proceedings as to the grounds on which such Court has found the appellant guilty or passed sentence upon him, or

(*i*) set aside the conviction and convict the appellant of any offence triable summarily of which he might have been convicted on the evidence which has been adduced, and sentence him accordingly, or

(*j*) if they consider that the evidence which has been adduced justifies the filing of an information for any other offence not triable summarily, direct that an information be filed against the appellant for such other offence before the Assize Court at the next sitting thereof and upon such direction the trial of the appellant before the Assize Court shall take place in the same manner as though he had been committed for trial for the offence by a Magisterial Court."

Repeal of section 15 of Law 12 of 1929 and substitution of new section.

6. Section 15 of the Principal Law is hereby repealed and the following substituted therefor :—

"Exercise of certain powers by Supreme Court under section 14.

15. In case of the exercise by the Supreme Court—

(*a*) of the power contained in paragraph (*a*) of section 14 hereof, the appellant shall be forthwith set at liberty, or, in the case of a fine, such fine, if already paid, shall be refunded to the appellant, or

(*b*) of the power contained in paragraph (*f*) or (*g*) of section 14 hereof, issue directions in respect to further proceedings in the matter as they may deem necessary, or

(*c*) of any powers contained in paragraph (*e*), or (*f*) or (*g*) or (*h*) or (*j*) of section 14 hereof, the Supreme Court may, in their discretion, order that the appellant be kept in custody or released on bail, or in the case

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

of a fine, if such fine has not already been paid, may suspend execution of the sentence."

Repeal of section 16 of Law 12 of 1929 and substitution of new section.

7. Section 16 of the Principal Law is hereby repealed and the following substituted therefor :—

"Costs of witnesses.

16. The costs of all witnesses called on the part of the prosecution in any proceedings under this Law shall in the first instance be paid out of the Public Treasury, and in any such proceedings the Supreme Court may order that the costs of any witness either on the part of the prosecution or of the defence be paid out of the Public Treasury."

Objects and Reasons.

The main objects of this Bill are (*a*) to assist the Police in the detection of crime (*b*) to make good certain defects in the law relating to the detention of arrested persons and (*c*) to amplify the powers of the Supreme Court in dealing with appeals from convictions by Magisterial Courts.

2. Section 3 of the Principal Law has been redrafted so as to remove any doubts as to the obligation of a person to attend at a Police Station or other place to which he may be directed in order that he may be examined in connection with an offence that has been committed. It also makes clear that it is an offence to refuse to answer questions put by the Police in such circumstances.

3. New section 5A enables the Police to call for the production of documents in connection with the investigation of an offence.

4. New section 5B dispenses with the attendance of the Government Analyst and the Government Bacteriologist at preliminary investigations and at Assizes unless the Crown, the accused or the Court require his or her attendance. In practice these officers are rarely, if ever, cross examined and a great deal of their time is at present wasted in attending Court proceedings. The provision now introduced is in force in other Colonies and it has been found to work no hardship upon accused persons.

5. New section 8A gives power to a Court to remand an accused in Police custody in accordance with the procedure in force elsewhere.

6. New section 8B makes it clear that the Police may release a person as soon as they are satisfied that he was not implicated in the commission of the offence for which he was arrested, without having to bring him before a Court. This enables an innocent person to avoid the unpleasant publicity attendant upon an appearance in the dock.

7. The object of new section 8C is to enable the Police, particularly in the case of minor offences such as being drunk and disorderly, to allow the arrested person out upon police bail.

8. Clauses 5 and 6 clarify and enlarge the powers of the Supreme Court in its appellate capacity. It is in the main designed to discourage frivolous appeals, so common in

ΚΥΠΡΙΑΚΗ

Cyprus, by enabling the Appeal Court to cure formal defects where no real injustice has been done to the appellant. Thus the Appeal Court when dealing with appeals from Magisterial Courts is under new section 14 (*c*) empowered to dismiss an appeal even where the appellant succeeds on a technical point, if they are satisfied that no substantial injustice has been done. Such a provision at present exists only in appeals from Assize Courts. Again, new section 14 (*f*) enables the Court to order a new trial. Such a power would be exercised where there have been defects in the procedure or otherwise of the lower Court, but where it is apparent from the record that there is a case which the appellant should be called upon to meet. New section 14 (*g*) operates to assist an appellant who is in a position to adduce fresh evidence which might exonerate him. On the other hand, it prevents a guilty person succeeding upon appeal merely because certain evidence which the prosecution was in a position to produce was inadvertently omitted. All the provisions now introduced are based upon legislation in force in the United Kingdom or other parts of the Empire.

H. W. B. Blackall,
Attorney-General.

1. This Law may be cited as the Tobacco (Amendment) Law, 1933, and shall be read as one with the Tobacco Law, 1932, (hereinafter called " the Principal Law "), and the Principal Law and this Law may together be cited as the Tobacco Laws, 1932 and 1933.

Objects and Reasons.

Under section 4 (1) of the Tobacco Law, 1932, every person who desires to cultivate tobacco is required to apply for a licence before 1st September. Representations have been made to the Government that many growers are not in a position to determine so far ahead as September whether they will plant tobacco in the following spring. The period within which application must be made is therefore by clause 2 of this Bill extended to 1st March.

2. Section 62 of the Principal Law is amended so as to ensure that bodily searches of women will be made only by a female.

3. The form of Factory Licence has been amended so as to provide for the construction of an emergency exit in case of fire.

7. The following Third Schedule shall be inserted in the Principal Law :— Insertion of Third Schedule in Law 49 of 1932.

"THIRD SCHEDULE.

(SECTION 10C (1) (*b*).)

1.—(1) If any resident, corporate body, Orthodox-Christian Institution, Moslem Institution, Religious Institution or the Evcaf Department (hereinafter in this Schedule, unless the context otherwise requires, called "person in default"), shall refuse or neglect to pay any amount which has been assessed upon and has become payable by such person in default under the provisions of the Second Schedule to this Law, the Mayor of Nicosia shall issue a warrant under his hand and the corporate seal directed to the town bailiff requiring and commanding him to recover the amount on the property of such person in default, and every such warrant shall be executed in accordance with the provisions in this Schedule contained:

Provided that the Mayor may, in lieu of issuing separate warrants in respect of each person in default, issue under his hand and the corporate seal one warrant and annex or subjoin to such warrant a schedule of the names of the persons in default for which it is issued, and such warrant shall be taken to apply in respect of each of the persons in default named in the schedule annexed or subjoined thereto.

(2) The Municipal Corporation of Nicosia shall be liable for all acts done by the bailiff in the execution of any warrant issued under the provisions of this Schedule.

2. The town bailiff upon receiving a warrant (which for the purposes of this Schedule shall include a schedule annexed or subjoined to the warrant) issued by the Mayor under the provisions of paragraph 1 (1) of this Schedule, shall proceed to the due execution of the same.

3. Every such warrant shall be executed by the town bailiff after sunrise and before sunset by the seizure of so much of the movable property of the person or persons in default named in the warrant as would in his opinion be amply sufficient to satisfy the amount due by such person in default or severally due by each one of such persons in default.

4. For the purposes of executing any such warrant the town bailiff shall have power to enter if need be by breaking open the house, office or premises or by forcible entry upon the lands in the possession, occupation or use of the person in default.

5. It shall be the duty of the town bailiff to keep in safe custody all such movable property as may have been so seized and, unless the amount due has been in the meantime paid, to sell the same by public auction to the highest bidder within three days from the date of the seizure.

6.—(*a*) In case no bid is made for the movable property so put up to auction or in case the price bid is manifestly too low and inadequate the town bailiff may adjourn the sale to another day being not more than three days from the day of the adjourned sale.

(*b*) The town bailiff shall post a notice containing the date for such adjourned sale and a description of the movable property to be sold thereat at some conspicuous place within the municipal limits.

(*c*) On the date fixed for the adjourned sale the town bailiff shall sell the movable property by public auction to the highest bidder.

7. The following sums shall be paid by every person in default whose name is included in the warrant as costs in connection with the execution thereof and shall be paid and recovered in addition to and in the same manner and at the same time as the amounts due under the warrant:—

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

Where the amount to be recovered—

(*a*) does not exceed 3*s*.	a sum of	1*s*.
(*b*) exceeds 3*s*. but does not exceed 10*s*.	,,	2*s*.
(*c*) exceeds 10*s*. but does not exceed £1	,,	3*s*.
(*d*) exceeds £1 but does not exceed £3 ..	,,	5*s*.
(*e*) exceeds £3 but does not exceed £6 ..	,,	8*s*.
(*f*) exceeds £6	,,	10*s*.

8. Upon the completion of the sale the town bailiff shall pay to the Mayor of Nicosia such parts of the proceeds of the sale as may be sufficient to cover the amount due together with the costs of seizure and sale and shall pay any surplus thereof to the owner of the movable property and obtain from such owner a receipt therefor.

9. It shall not be lawful to seize or sell by virtue of any warrant—

(*a*) the necessary wearing apparel of the person in default and his family, and the necessary beds and bedding thereof not exceeding the value of five pounds ;

(*b*) the necessary baking and cooking utensils of the person in default and his family ;

(*c*) the books, tools, implements, vessels and receptacles absolutely necessary for the science, art, industry and trade of the person in default, not exceeding in the whole the value of five pounds ;

(*d*) one pair of neat cattle, or one mule and one ass, or two asses at the option of the person in default ;

(*e*) every article which is indispensable to the use of the exempted animals ;

(*f*) the chopped straw required to feed the exempted animals for three months ;

(*g*) provisions for three months for the person in default and his family.

10. If no sufficient movable property of the person in default is found within the town of Nicosia but it appears that he has movable property, liable to seizure, in any other place the warrant shall be transmitted by the town bailiff to the Commissioner of the district wherein such movable property is found and the warrant shall thereupon be executed and the amount therein collected and recovered in the same manner as Government taxes are collected and recovered.

11. If no sufficient movable property can be found from which the amount due by a person in default may be collected and recovered it shall be lawful for the District Court of the District in which the person in default resides, upon the application of the Mayor, upon production of the warrant and upon proof of such insufficiency as aforesaid, but without further proof of the amount due, to summon the person in default before such Court and to make inquiry as to his circumstances and means of livelihood, and to make such order for the payment of the sum due, either forthwith or by instalments as the Court shall think fit ; and, in default of payment either of the sum due or of the instalment thereof, without further process to commit the person in default to prison, there to be kept without bail for any term not exceeding three months unless payment shall be made before the expiration of that period :

Provided always that no imprisonment under this paragraph shall operate as a discharge of the liability of the person in default to pay any sum or instalment in respect of which the imprisonment was awarded.

ΚΥΠΡΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

12. If on an inquiry under paragraph 11 hereof it shall appear to the Court that the person in default has immovable property capable of being sold for the payment of the sum due, it shall be lawful for the Court without further process to issue its warrant for the sale of such immovable property or a sufficient part thereof in like manner as if it were sold by order of a competent Court for the payment of a judgment debt, and the proceeds of such sale shall be applied in payment of the sum due: and the surplus thereof, after deducting the sum due and also the reasonable costs and charges of the sale and of all the proceedings prior thereto, shall be paid to the person in default.

13. It shall not be lawful for the Court in any such inquiry as hereinbefore mentioned to inquire into the justice of the assessment or the correctness of the amount due: but the Court shall proceed to make its order as aforesaid, unless the person in default shall show that the warrant was issued wrongly or by mistake or that he is not the person mentioned therein.

14.—(1) A special account shall be kept by the Municipal Corporation of Nicosia—

(*a*) of all moneys paid by the Municipal Corporation into the Nicosia Water Supply Fund under the provisions of section 10 (1) of this Law, and

(*b*) of all amounts (except costs of execution) recovered under any warrant issued by the Mayor under the provisions of paragraph 1 (1) of this Schedule.

(2) All amounts (except costs of execution) recovered under any such warrant shall be applied by the Municipal Corporation to the credit of the special account aforesaid.

(3) All costs of execution of any such warrant shall form part of the revenue of the Municipal Corporation and shall be subject to the provisions of the Municipal Corporations Laws, 1930 and 1932.

(4) The special account aforesaid shall be subject to audit under the provisions of the Municipal Corporations Laws, 1930 and 1932.

15. In this Schedule—

(*a*) the expressions—

(i) "resident",

(ii) "corporate body",

(iii) "Orthodox-Christian Institution",

(iv) "Moslem Institution", and

(v) "Religious Institution"

shall have, respectively, the same meanings as in the first Schedule to this Law, and

(*b*) the expression "town bailiff" shall mean the town bailiff appointed under the provisions of the Municipal Corporations Laws, 1930 and 1932."

Validation of certain acts.

8.—(1) The sum of two thousand and five hundred pounds advanced by the Government of Cyprus to the Municipal Corporation of Nicosia and paid into the Nicosia Water Supply Fund on the 12th July, 1933, shall be deemed to be moneys paid under the provisions of section 10 (1) (*a*) of the Principal Law.

(2) The sum of one thousand and five hundred pounds borrowed by the Municipal Corporation of Nicosia from the Bank of Cyprus Limited and paid into the Nicosia Water Supply Fund on the 25th July, 1933, shall be deemed to have been borrowed under the authority of an Order of the Governor issued under the provisions of section 10 (1) (*b*) of the Principal Law.

ΚΥΠΡΙΑΚΗ

Objects and Reasons.

The object of clause 2 of this Bill is to give the Turkish Delegate of Evcaf, as representing the Moslem inhabitants, a seat on the Board and to give the Chairman a casting vote.

2. Clause 3 empowers the Municipal Corporation of Nicosia to borrow such sums as they are required to pay into the Nicosia Water Supply Fund for the purpose of relieving the water shortage.

3. The definition of "capital expenditure" has been redrafted so as to ensure that the contribution from the Corporation will not be expended upon the permanent improvement of any supply that will not enure to the benefit of the inhabitants of Nicosia.

4. The object of new sections 10A and 10B (clause 4) is to provide that pipes purchased and works executed at the expense of the Corporation shall be handed over to it free of charge at the expiration of the emergency period. They will thus be a permanent benefit to the inhabitants.

5. New section 10C in conjunction with the provisions in the First and Second Schedules empowers the Corporation to impose a special *ad hoc* levy in order to recover any moneys paid into the Water Supply Fund or borrowed for that purpose.

6. The amount to be raised by the various communities is approximately in proportion to their numbers according to the last census. The Greek-Orthodox Community pays slightly more (60% instead of 57%) and the Moslem slightly less, as the former will receive an advantage by having most of the corporate bodies included in their assessment even though there may be Moslem or other shareholders in such corporate bodies.

7. A limit is imposed whereby no individual can be assessed to pay more than £1 in any one year or more than £3 in all spread over three years, and a right of appeal is given where the assessment exceeds five shillings.

Attorney-General.

Provided that the Mayor may, in lieu of issuing separate warrants in respect of each person in default, issue under his hand and the corporate seal one warrant and annex or subjoin to such warrant a schedule of the names of the persons in default for which it is issued, and such warrant shall be taken to apply in respect of each of the persons in default named in the schedule annexed or subjoined thereto.

(2) The Municipal Corporation of Nicosia shall be liable for all acts done by the bailiff in the execution of any warrant issued under the provisions of this Schedule.

2. The town bailiff upon receiving a warrant (which for the purposes of this Schedule shall include a schedule annexed or subjoined to the warrant) issued by the Mayor under the provisions of paragraph 1 (1) of this Schedule, shall proceed to the due execution of the same.

3. Every such warrant shall be executed by the town bailiff after sunrise and before sunset by the seizure of so much of the movable property of the person or persons in default named in the warrant as would in his opinion be amply sufficient to satisfy the amount due by such person in default or severally due by each one of such persons in default.

4. For the purposes of executing any such warrant the town bailiff shall have power to enter if need be by breaking open the house, office or premises or by forcible entry upon the lands in the possession, occupation or use of the person in default.

5. It shall be the duty of the town bailiff to keep in safe custody all such movable property as may have been so seized and, unless the amount due has been in the meantime paid, to sell the same by public auction to the highest bidder within three days from the date of the seizure.

6.—(*a*) In case no bid is made for the movable property so put up to auction or in case the price bid is manifestly too low and inadequate the town bailiff may adjourn the sale to another day being not more than three days from the day of the adjourned sale.

(*b*) The town bailiff shall post a notice containing the date for such adjourned sale and a description of the movable property to be sold thereat at some conspicuous place within the municipal limits.

(*c*) On the date fixed for the adjourned sale the town bailiff shall sell the movable property by public auction to the highest bidder.

7. The following sums shall be paid by every person in default whose name is included in the warrant as costs in connection with the execution thereof and shall be paid and recovered in addition to and in the same manner and at the same time as the amounts due under the warrant:—

9. It shall not be lawful to seize or sell by virtue of any warrant—

Restriction on prosecutions.

(3) A prosecution for an offence under the provisions of this section shall not be commenced except by, or with the consent of, a law officer."

7. The Criminal Code is hereby amended by the insertion immediately after section 133 of the following section :—

"Publications insulting religion.

133A. Any person who publishes a book or pamphlet or any article or letter in a newspaper or periodical which any class of persons consider as a public insult to their religion, with

ΚΥΠΡΙΑΚΗ ΔΗΜΟΚΡΑΤΙΑ

intent to vilify such religion or to shock or insult believers in such religion is guilty of a misdemeanour."

Insertion of new section 144A in the Criminal Code.

8. The Criminal Code is hereby amended by the insertion immediately after section 144 of the following section:—

"Allowing child or young person to frequent a brothel.

144A. Any person who having the custody, charge or care of a child or young person between the ages of four and sixteen years allows that child or young person to reside in or frequent a brothel shall be guilty of a misdemeanour and shall be liable to a fine not exceeding twenty-five pounds or to imprisonment for a term not exceeding six months or to both."

Objects and Reasons.

The object of clause 2 of this Bill is to bring into the category of the more serious offences under Chapter VIII of the Criminal Code, the action of those persons who spread propaganda on behalf of an unlawful association.

2. The object of clause 3 is to make it an offence to possess or circulate any document issued by or in the interests of an unlawful association.

3. Clause 6 makes it an offence for an official to disclose confidential information which has come to his knowledge in the course of his duty or to abstract or take copies of documents passing through his hands.

4. Under the existing law it is no offence to publish ribald or grossly insulting writings against religion and advantage has been taken of this by certain persons who make it a practice to wound the religious feelings of their fellow-citizens by scurrilous articles upon the tenets of their faith. Clause 7 is designed to provide a remedy for such cases.

5. Clause 8, which is based upon a similar provision in the Children Act, 1908, of the Imperial Parliament, makes it an offence to allow a child or young girl to reside in or frequent a brothel.

In exercise of the powers vested in the Governor by the Companies (Limited Liability) Laws, 1922 and 1931, His Excellency the Governor, with the advice of the Executive Council, is pleased to make and hereby makes the following rules :—

PART I.—PRELIMINARY.

1. These rules may be cited as the Companies (Winding-Up) Rules, 1933.

2. These rules shall not affect anything already done or suffered in good faith for the winding up of any company.

3. In these rules, unless the context otherwise requires :—

"the Court" means the Court having jurisdiction under the Law.

"creditor" includes a corporation and a firm of creditors in partnership.

"sealed" means sealed with the Seal of the Court.

"company" means a company in respect of which a Winding-Up Order has been made.

"The verb to "gazette" means to publish in the *Cyprus Gazette;* and the verb to "advertise" means to publish in a local Greek and a local Turkish newspaper.

PART II.—GENERAL PROCEDURE.

Statement of Affairs.

4. A person who under section 99 of the Law has been required by the official receiver to submit and verify a statement of affairs of a company, shall be furnished by the official receiver with such forms and instructions as the official receiver in his discretion shall consider necessary. The statement shall be made out in duplicate, one copy of which shall be verified. The official receiver shall cause to be filed with the Registrar of the Court the verified statement of affairs.

5. The official receiver may from time to time hold personal interviews with any such person as is mentioned in sub-section 2 of section 99 of the Law for the purpose of investigating the company's affairs. And it shall be the duty of any such person to attend upon the official receiver, at such time and place as the official receiver may appoint, and to give the official receiver all information that he may require.

6. When any person requires any extension of time for submitting the statement of affairs, he shall apply to the official receiver who may, if he thinks fit, give a written certificate extending the

time, which certificate shall be filed with the proceedings in the winding up and shall render an application to the Court unnecessary.

7. After the statement of affairs of a company has been submitted to the official receiver it shall be the duty of such person who has made or concurred in making it, if and when required, to attend on the official receiver and answer all such questions as may be put to him and give all information as may be required of him by the official receiver in relation to the statement of affairs.

8. Any default in complying with the requirements of section 99 of the Law may be reported by the official receiver to the Court.

9. Any person, who is required to make or concur in making any statement of affairs of a company shall, before incurring any costs or expenses in and about the preparation and making of the statement and affidavit, apply to the official receiver for his sanction and submit a statement of the estimated costs and expenses which it is intended to incur; and, except by Order of the Court, no person shall be allowed out of the assets of the company any costs or expenses which have not before being incurred been sanctioned by the official receiver.

Public Examination.

10. The official receiver shall give notice of the time and place appointed for holding a public examination directed under section 123 of the Law to the creditors and contributories by gazetting and advertising.

11. If a person who has been directed by the Court to attend for public examination fails to attend at the time and place appointed for holding and proceeding with the same, and no good cause is shown for such failure, or if before the day appointed for the examination the official receiver satisfies the Court that such person has absconded, or that there is reason to believe that he is about to abscond with the view of avoiding examination, it shall be lawful for the Court, upon it being proved to the satisfaction of the Court that notice of the Order and of the time and place appointed for attendance at the public examination was duly served, without any further notice, to issue a warrant for the arrest of the person required to attend, or to make such other order as the Court shall think just.

12. The official receiver may take part in an examination under section 123 of the Law either in person, or, with the leave of the Court, by an advocate, and put such questions to the persons examined as the Court may allow.

Arrangements with Creditors and Contributories.

13. If application is made to the Court to sanction any compromise or arrangement the Court may, before giving its sanction thereto, hear a report by the official receiver as to the terms of the scheme, and as to the conduct of the directors and other officers of the company, and as to any other matters, which in the opinion of the official receiver ought to be brought to the attention of the Court.

Contributories.

14. The duties imposed on the Court by section 112 (1) of the Law with regard to the collection of the assets of the company and the application of the assets in discharge of the company's liabilities shall be discharged by the liquidator in such manner as the Court may direct: Provided that where the official receiver is acting as liquidator these duties shall be discharged by the official receiver as an officer of the Court subject to the control of the Court.

15. The Court shall give notice of the time and place appointed for the settlement of the list of contributories to every person whom it is proposed to include in the list, and shall state in the notice to each person in what character and for what number of shares or interest it is proposed to include such person in the list and what amount has been called up and what amount has been paid up in respect of such shares or interest.

16. On the day appointed for the settlement of the list of contributories the Court shall hear any person who objects to being settled as a contributory, and after such hearing shall finally settle the list, which when so settled shall be the list of the contributories of the company.

17. When it is proposed to make a call under section 114 of the Law the Court shall cause notice to be given to the person against whom it is proposed to make such an order four clear days at the least before the day appointed for making the Order.

Proof of Debts.

18. A debt may be proved by sending through the post in a prepaid letter or delivering to the official receiver, or if a liquidator has been appointed, to the liquidator, an affidavit verifying the debt. An affidavit verifying a debt shall be in the form No. 1 in the First Schedule hereto and shall state whether the creditor is or is not a secured creditor. The affidavit shall specify the securities held and shall contain an estimate of their value.

19. A creditor shall bear the cost of proving his debt unless the Court otherwise orders.

20. A creditor proving his debt shall deduct therefrom (*a*) any discount which he may have agreed to allow for cash in excess of 5% per annum on the net amount of his claim, and (*b*) all trade discounts.

21. When any rent or other payment falls due at stated periods, and the order to wind up is made at any time other than one of those periods, the person entitled to the rent or payment may prove for a proportionate part thereof up to the date of the Winding-Up Order as if the rent or payment grew due from day to day: Provided that where the liquidator remains in occupation of the premises demised to a company which is being wound up, nothing herein contained shall prejudice or affect the right of the landlord of such premises to claim payment by the company, or the liquidator, of rent during the period of the company's or the liquidator's occupation.

22. A creditor may prove for a debt not payable at the date of the Winding-Up Order, as if it were payable presently, and may receive dividends equally with the other creditors, deducting thereout only a rebate of interest at the rate of 9% per annum computed from the declaration of a dividend to the time when the debt would have become payable according to the terms on which it was contracted.

23. In the case of labourers and others employed by the company who are entitled to wages, it shall be sufficient if one proof is made by them collectively, with a schedule attached thereto setting forth their names and the amounts due to them. Such proof shall be in the form No. 2 in the First Schedule hereto.

24. Where a creditor seeks to prove in respect of a bill of exchange, promissory note, or other negotiable instrument or security on which the company is liable, such bill, note, instrument, or security must, subject to any special Order of the Court made to the contrary, be produced to

KYPRIAKH

the official receiver, liquidator, or chairman of a meeting, as the case may be, before the proof can be admitted for voting or for dividend.

25. Where a liquidator is appointed all proofs of debts that have been received by the official receiver shall be handed over to the liquidator, but the official receiver shall first make a list of such proofs, and take a receipt thereon from the liquidator for such proofs.

26.—(1) Subject to the provisions of the Law, and unless otherwise ordered by the Court, the liquidator may from time to time fix a certain day which shall not be less than fourteen days from the date of the notice, on or before which the creditors of the company are to prove their debts or claims, and to establish any title they may have to priority under section 130 of the Law, or to be excluded from the benefit of any distribution made before such debts are proved, or as the case may be from objecting to such distribution.

(2) The liquidator shall give notice in writing of the day so fixed by advertisement and to every person mentioned in the statement of affairs as a preferential creditor whose claim to be a preferential creditor has not been admitted or established.

(3) A proof intended to be used at the first meeting of creditors must be lodged with the official receiver not more than two days before and not later than 12 o'clock on the day before the meeting.

27. The official receiver, where no other liquidator has been appointed, shall, forthwith after the final dividend has been declared, send to the Registrar of the Court all proofs tendered in the proceeding, with a list thereof certified to be correct, distinguishing in such list the proofs which were wholly or partly admitted, and the proofs which were wholly or partly rejected.

28. Every liquidator other than the official receiver shall on the first day of every month, send to the Registrar of the Court a certified list of all proofs, if any, received by him from the official receiver, or otherwise tendered during the month next preceding, distinguishing in such lists, the proofs admitted, those rejected, and such as stand over for further consideration; and in the case of proofs admitted or rejected, he shall transmit the proofs themselves for the purpose of being filed.

29. The liquidator shall, within four days after receiving notice from a creditor of his intention to apply against a decision rejecting a proof, file such proof with the Registrar of the Court, with a memorandum thereon of his disallowance thereof. After the application has been heard by the Court, the proof, unless wholly rejected, shall be given back to the liquidator.

30. Subject to the power of the Court to extend the time, all proofs lodged shall be admitted or rejected wholly or in part, or further evidence in support thereof required, within fourteen days after their being lodged. Whatever the decision, it shall be communicated by registered letter to the creditor affected thereby. Such letter shall be sent off within the fourteen days herein mentioned.

31. Subject to the power of the Court to extend the time, no application to reverse or vary a decision in respect of a proof shall be entertained by the Court unless made within fourteen days of the date of the letter communicating the decision.

32. Notice of the application to apply against a decision rejecting a proof shall be given to the liquidator whose decision is affected by the application.

33. If the liquidator or the official receiver thinks that a proof has been improperly admitted the Court may, on the application of the liquidator or the official receiver, after notice to the person who made the proof, expunge the proof or reduce the amount.

34. The Court may also expunge or reduce a proof upon the application of the official receiver, or of a creditor or a contributory, if the liquidator declines to interfere in the matter.

35. The official receiver shall in no case be personally liable for costs in relation to an appeal from his decision rejecting any proof wholly or in part.

36. The official receiver, before the appointment of a liquidator, shall have all the powers of a liquidator with respect to the examination, admission and rejection of proofs, and any act or decision of his in relation thereto shall be subject to the like appeal.

Dividends.

37.—(1) The liquidator shall not more than two months before declaring a dividend give notice of his intention to do so to the official receiver (who shall forthwith gazette the same) and to such of the creditors mentioned in the statement of affairs as have not proved their debts. Such notice shall specify the latest date up to which proofs may be lodged, which shall not be less than fourteen days from the date of such notice.

(2) Where application is made against a decision in respect of a proof, and notice thereof is given to the liquidator, the liquidator shall make provision for the dividend upon such proof and the probable costs of the application in the event of the proof being admitted. Where no such application is made within the prescribed time, the liquidator shall exclude all proofs which have been rejected from participation in the dividend.

(3) Immediately after the expiration of the time for applying against his decision the liquidator shall proceed to declare a dividend, and shall give notice thereof to the official receiver, who shall gazette the same.

(4) If it becomes necessary in the opinion of the liquidator, or through the intervention of the official receiver, to postpone the declaration of a dividend beyond the prescribed limit of two months, the liquidator shall give fresh notice to the official receiver, who shall gazette the same; but it shall not be necessary for the liquidator to give fresh notice to the creditors mentioned in the statement of affairs as have not proved their debts. In all other respects the same procedure shall follow the fresh notice as would have followed the original one.

(5) Upon the declaration of a dividend the liquidator shall forthwith transmit to the official receiver a list of proofs filed with the proceedings under Rule 28. The list shall be sent in duplicate, and shall distinguish between proofs on which dividend is payable, rejected proofs in respect of which application has been made to the Court, and proofs excluded from participation in the dividend. The list shall also show the claim in respect of each, and the amount of dividend allocated. The official receiver shall examine the list and certify it if found correct, and return one copy certified to the liquidator.

38.—(1) Every order by which the liquidator is authorized to make a return to contributories of the company shall, unless the Court otherwise directs, contain or have appended thereto a list, which the liquidator shall prepare, setting out in

the form required the full names and addresses of the persons to whom the return is to be paid and such other information as may be required to enable the return to be made. The liquidator shall send a notice of return to each contributory, and together with a copy of the list above referred to to the official receiver, who shall gazette the same forthwith.

(2) If a person to whom dividends are payable desires that they should be paid to some other person he may lodge with the liquidator a document, in the form No. 3 in the First Schedule hereto which shall be sufficient authority for the payment of the dividend to the person therein named.

Meetings of Creditors and Contributories.

39. Unless the Court otherwise orders, the meetings of creditors and contributories under section 104 of the Law (hereinafter referred to as the first meetings of creditors and contributories) shall be held within one month after the date of the Winding-Up Order. The dates of such meetings shall be fixed and they shall be summoned by the official receiver, who shall cause them to be gazetted. Notice shall be sent to each creditor and contributory appearing on the statement of affairs, and they shall state a time within which creditors must lodge their proofs in order to entitle them to vote at the first meeting.

40. The official receiver shall also give to each of the directors and other officers of the Company who in his opinion ought to attend the first meetings of creditors and contributories seven days' notice of the time and place appointed for each meeting. It shall be the duty of every officer or director who receives notice of such meetings to attend, if so required by the official receiver, who shall report any failure to the Court.

41. The official receiver shall also, as soon as practicable, send to each creditor mentioned in the statement of affairs, and to each person appearing as a contributory of the company, a summary of the company's statement of affairs, including the causes of its failure, and any observations thereon which the official receiver may think it fit to make. The proceedings at a meeting shall not be invalidated by reason of any summary or notice required by these rules not having been sent or received before the meeting.

42. In addition to the first meetings of creditors and contributories, the official receiver or liquidator may himself from time to time subject to the provisions of the Law and the control of the Court summon, hold, and conduct meetings for the purpose of finding out the wishes of the creditors and contributories in all matters relating to the winding-up.

43. The official receiver or liquidator shall summon all meetings by giving not less than seven days' notice of the time and place thereof in the *Gazette* and in a suitable paper ; and shall, not less than seven days before the day appointed for the meeting, send by registered post to every person appearing by the books of the company to be a creditor of the company notice of the meeting of creditors, and to every person who appears by the company's books or otherwise to be a contributory of the company notice of the meeting of contributories.

44. A certificate by the official receiver or other officer of the Court, or by the agent of any such person, or an affidavit by the liquidator or his agent, or as the case may be by some officer of the company, its advocate or the clerk of such company, that notice of any meeting has been duly posted, shall be sufficient evidence of such notice having been duly sent to the person to whom the same was addressed.

45. Every meeting shall be held at such place as in the opinion of the person convening it is convenient to the majority of the creditors or contributories or both. Different times or places or both may if thought expedient be named for the meetings of creditors and for the meetings of contributories.

46. The costs of summoning a meeting of contributories or creditors at the instance of any person other than the official receiver or liquidator shall be paid by the person at whose instance the meeting is summoned, who shall before the meeting is summoned deposit with the official receiver or liquidator such sum as may be required by the official receiver or liquidator as security for the payment of the costs of the meeting. The costs of summoning such meetings including all expenses incidental thereto shall be calculated at the rate of 1*s.* 4½*cp.* for each person to whom notice is required to be sent. The said costs shall be repaid out of the assets of the company if the Court shall by order or if the creditors or contributories shall by resolution so direct.

47. Where a meeting is summoned by the official receiver or the liquidator, he or someone nominated by him shall be chairman of the meeting. At every other meeting the chairman shall be such person as the meeting shall appoint.

48. At a meeting of creditors a resolution shall be deemed to be passed when a majority in number and value of the creditors present personally or by proxy and voting on the resolution have voted in favour of the resolution, and at a meeting of contributories when a majority in value and number of the contributories present personally or by proxy, and voting on the resolution, have voted in favour of the resolution, the value of the contributories being determined according to the number of votes conferred on each contributory by the regulations of the company.

49. The official receiver or as the case may be the liquidator shall file with the Registrar of the Court a copy certified by him of every resolution of a meeting of creditors or contributories.

50. Where a meeting of creditors or contributories is summoned by notice the proceedings and resolutions at the meeting shall unless the Court otherwise directs be valid notwithstanding that some creditors or contributories may not have received the notice sent to them.

51. The chairman may with the consent of the meeting adjourn it from time to time and from place to place, but the adjourned meeting shall be held at the same place as the original place of meeting, unless in the resolution another place is specified.

52.—(1) A meeting may not act for any purpose except the election of a chairman, the proving of debts and the adjournment of the meeting unless there are present or represented thereat at least three creditors entitled to vote or three contributories, or all the creditors entitled to vote or all the contributories if the number of creditors entitled to vote or the number of contributories as the case may be shall not exceed three.

(2) If within half an hour from the time appointed for the meeting a quorum of creditors or contributories is not present or represented the meeting shall be adjourned to the same day in the following week at the same time and place.

53. In the case of a first meeting of creditors or an adjournment thereof a person shall not be entitled to vote unless he shall have lodged a proof of his debt with the official receiver not later than the time mentioned for that purpose in the notice convening the meeting. In the case of any other

KYPIAKH

meeting a person shall not be entitled to vote unless his proof has been admitted wholly or in part before the time fixed for the meeting.

54. A creditor shall not vote in respect of any unliquidated or contingent debt, or any debt the value of which is not ascertained, nor shall a creditor vote in respect of any debt on or secured by a current bill of exchange or promissory note held by him, unless he is willing to treat the liability to him thereon of every person, who is liable thereon antecedently to the company, and against whom a Receiving Order has not been made, as a security in his hands, and to estimate the value thereof, and for the purposes of voting, but not for the purpose of dividend, to deduct it from his proof.

55. For the purpose of voting a secured creditor shall, unless he surrenders his security, state in his proof the particulars of his security, the date when it was given and the value at which he assesses it, and shall be entitled to vote only in respect of the balance, if any, due to him after deducting the value of his security. If he votes in respect of the whole debt he shall be deemed to have surrendered his security, unless the Court on application is satisfied that the omission has arisen from inadvertence.

56. The chairman shall have power to admit or reject a proof for the purpose of voting, but his decision shall be subject to appeal to the Court. If he is in doubt whether a proof shall be admitted or rejected he shall mark it as " objected to " and allow the creditor to vote subject to the vote being declared invalid in the event of the objection being sustained.

57.—(1) The Chairman shall cause minutes of the proceedings at the meeting to be drawn up and fairly entered in a book kept for the purpose, and the minutes shall be signed by him or by the chairman of the ensuing meeting.

(2) A list of creditors and contributories present at every meeting shall be made and kept as in form No. 4 in the First Schedule hereto.

58. A proxy, which shall be in the form required, shall be lodged with the official receiver or liquidator not later than 12 o'clock on the day preceding the meeting, at which it is to be used. As soon as the proxy or voting letter has been used it shall be filed with the proceedings in the matter.

59. No person shall be appointed a general or special proxy who is a minor.

60. A creditor or a contributory may appoint the official receiver or liquidator to act as his general or special proxy. Where the official receiver, who holds any proxies, cannot attend the meetings for which they are given, he may, in writing, depute some person under his official control to use the proxy on his behalf in such manner as he may direct.

61. A creditor or a contributory may give a general proxy to any person.

62. A creditor or contributory may give a special proxy to any person entitled to vote at any specified meeting or adjournment thereof—

(*a*) for or against the appointment or continuance in office of any specified person as liquidator, and

(*b*) on all questions relating to any matter other than those above referred to and arising at the meeting or an adjournment thereof.

Liquidators.

63.—(1) As soon as possible after the first meetings of creditors and contributories have been held the official receiver shall furnish a copy of the proceedings to the Court.

(2) Upon the result of the meetings of creditors and contributories being reported to the Court, if there is a difference between the determinations of the meetings of creditors and contributories the Court shall, on the application of the official receiver, fix a time and place for considering the resolutions and determinations, if any, of the meetings, deciding differences, and making such order as may be necessary. In any other case the Court may upon the application of the official receiver forthwith make any appointment necessary for giving effect to any such resolutions or determinations.

(3) When a time and place have been fixed for the consideration of the resolutions and determinations of the meetings, such time and place shall be advertised by the official receiver in such manner as the Court shall direct, but so that the first or only advertisement shall be published not less than seven days before the time so fixed.

(4) If a liquidator is appointed a copy of the order appointing him shall, as soon as the liquidator has given security, be gazetted. And every appointment of a liquidator shall be advertised by the liquidator after the appointment has been made and the liquidator has given the required security.

(5) If a liquidator shall die, or be removed, or resign, another liquidator may be appointed in his place in the same manner as in the case of a first appointment, and the official receiver shall on the request of not less than one-sixth in value of the creditors or contributories summon meetings for the purpose of determining whether or not the vacancy shall be filled.

64. If a liquidator fails to give security within the time stated for that purpose in the Order appointing him, or any extension thereof, or if the liquidator fails to keep up the required security, the official receiver shall report such failure to the Court, who shall thereupon rescind the Order appointing the liquidator, or remove him as the case may be.

Where an Order appointing a liquidator is rescinded or the liquidator is removed from office the appointment of another liquidator shall proceed as in Rule 63 (5).

65.—(1) Where a liquidator is appointed, and has notified his appointment to the Registrar of Companies, and has given security the official receiver shall forthwith put the liquidator into possession of all property of the company of which the official receiver may have custody: Provided that such liquidator shall have, before the assets are handed over to him by the official receiver, discharged any balance due to the official receiver on account of fees, costs, and charges properly incurred by him in respect of the company, together with interest on such advances at the rate of nine pounds per centum per annum; and the liquidator shall pay all fees, costs and charges of the official receiver which may not have been discharged by the liquidator before being put into possession of the property of the company, and whether incurred after or before he has been put into such possession.

(2) The official receiver shall be deemed to have a lien upon the company's assets until such balance shall have been paid and the other liabilities shall have been discharged.

(3) It shall be the duty of the official receiver, if so requested by the liquidator, to communicate to the liquidator all such information respecting the estate and affairs of the company as may be necessary or conducive to the due discharge of the duties of the liquidator.

KYPRAKH

66. A liquidator who wishes to resign his office shall summon separate meetings of creditors and contributories of the company to decide whether or not his resignation shall be accepted. If the creditors and contributories by ordinary resolutions both agree to accept his resignation he shall send notice of the resolutions to the official receiver and the resignation shall thereupon take effect. In any other case the liquidator shall report the results of the meetings to the Court, and to the official receiver, and the Court may make such orders as in the opinion of the Court shall be necessary.

67. When a liquidator is granted a release, the official receiver shall cause notice of it to be gazetted. But no such release shall be granted or notice sent unless and until the liquidator has delivered over to the official receiver all the books, documents, papers, and accounts.

68. The remuneration of the liquidator shall, unless the Court otherwise order, be fixed by the scale of fees and percentages for the time being payable to the official receiver as liquidator.

69. Before summoning any meeting of creditors or contributories the liquidator shall give not less than seven clear days' notice of the meeting to the official receiver. And he shall forward copies of proceedings of all such meetings to the Court and to the official receiver.

70. If a Receiving Order in Bankruptcy is made against a liquidator he shall thereby vacate his office, and for the purposes of the application of the Law and these Rules, he shall be deemed to have been removed.

71. Where the official receiver is of opinion that any act done by a liquidator should be brought to the notice of creditors, for the purpose of being reviewed or otherwise, the official receiver may summon a meeting of creditors accordingly to consider the same, and the expense of summoning such meeting shall be paid by the liquidator out of any available assets under his control.

72. Where one-sixth in value of the creditors or contributories desire that a general meeting of the creditors or contributories may be summoned to consider the propriety of removing the liquidator, such meeting may be summoned by the official receiver on deposit of a sum sufficient to defray the expenses of the meeting.

73. The liquidator shall not, except by leave of the Court, either directly or indirectly, by himself or any employer, partner, clerk, agent, or servant, become purchaser of any part of the company's assets. Any such purchase made contrary to the provisions of this rule may be set aside by the Court on application by the official receiver or of any contributory or creditor, and the Court may make such Order as to costs as the Court shall think fit.

74. Where the liquidator carries on the business of the company, he shall not, without the express sanction of the Court, purchase goods for the carrying on of the business from any person whose connection with him is of such a nature as would result in his obtaining any portion of the profit, if any, arising out of the transaction. And the cost of obtaining such sanction shall be borne by the liquidator personally.

75. All payments out shall be made by cheque payable to order, and every cheque shall have marked or written on the face of it the name of the company and shall be signed by the liquidator and countersigned by the official receiver.

76. The official receiver, until a liquidator is appointed, and thereafter the liquidator, shall keep a book to be called the "Record Book" in which he shall record all minutes, all proceedings had and resolutions passed at any meeting of creditors or contributories, and all such matters as may be necessary to give a correct view of his administration of the company's affairs; but he shall not be bound to insert in the Record Book any document of a confidential nature nor need he exhibit such document to any person other than the official receiver.

77. The official receiver, until a liquidator is appointed, and thereafter the liquidator, shall keep a cash book, in which he shall enter, subject to any provisions of these Rules as to trading accounts, from day to day the receipts and payments made by him.

Examination and Audit.

78. The liquidator shall submit the Record Book and Cash Book together with any other requisite books and vouchers to the official receiver, when requested to do so and not less than once in every three months.

79. The Auditor appointed under section 107 (3) of the Law shall at the same time as auditing the account submitted under that section also audit the cash book and certify therein under his hand the day or days on which the said book was audited.

80. The liquidator shall, at the expiration of six months from the date of the Winding-Up Order, and at the expiration of every succeeding six months thereafter until his release, transmit to the official receiver a copy of the cash book for such period in duplicate, together with the necessary vouchers and copies of the certificates of audit by the auditor. He shall also forward with the first accounts a summary of the company's statement of affairs, showing thereon the amounts realized, and explaining thereon the cause of the non-realization of such assets as may be unrealized. The liquidator shall also at the end of every six months forward to the official receiver with his accounts a report on the position of the liquidation in such manner as the official receiver shall direct. Where the assets of the company have been fully realized and distributed, the liquidator shall forthwith send in his accounts to the official receiver, although the six months may not have expired. The accounts sent in by the liquidator shall be verified.

81.—(1) Where the liquidator carries on the business of the company, he shall keep a distinct account of the trading, and shall incorporate in the cash book the total weekly amounts of receipts and payments of such trading account.

(2) The trading account shall once in every month be verified, and the liquidator shall thereupon submit such account to the official receiver for audit.

82. The official receiver may from time to time direct that a summary of the liquidator's accounts, in such form as the official receiver may approve, shall be forwarded to the creditors and contributories. And for this purpose he may require the liquidator to supply him with so many copies thereof, duly stamped for transmission by post, as may be required for the purpose, or he may require the liquidator to furnish him with an affidavit verifying that the liquidator has despatched the same. The cost of printing and posting such copies shall be a charge on the company's assets.

Costs.

83. Where a liquidator receives remuneration for his services as such, no payment shall be allowed on his accounts in respect of the performance by

any other person of the ordinary duties which are required by the Law or these Rules to be performed by himself.

84. The assets of a company, remaining after payment of the fees and expenses properly incurred in realizing getting in or preserving the assets shall, subject to any Order of the Court, be liable to the following payments, which shall be made in the following order of priority, namely :—

First.—The taxed costs of the petition, including the taxed costs of any person appearing on the petition, whose costs are allowed by the Court.

Next.—The costs and expenses of any person who makes or concurs in making the company's statement of affairs.

Next.—The taxed charges of any shorthand writer appointed to take an examination : Provided that where the shorthand writer is appointed at the instance of the official receiver the costs of the shorthand notes shall be deemed to be an expense incurred by the official receiver in getting in and realizing the assets of the company.

Next.—The necessary disbursements of the liquidator, other than the expenses properly incurred in preserving, realizing or getting in the assets heretofore provided for.

Next.—The costs of any person properly employed by the liquidator.

Next.—The remuneration of the liquidator.

The liquidator shall, before paying any amount by way of a fee for services rendered in connection with the winding-up, present a list of such fees as he proposes to pay to the official receiver.

And the official receiver may require such charges as he considers unreasonable to be taxed.

Release.

85.—(1) Before making application to the Court for his release, the liquidator shall give notice of his intention to do so to all creditors who have proved their debts, and to all contributories, and shall send with the notice a summary of all receipts and payments in the winding-up.

(2) When the Court has granted to the liquidator his release a notice of the Order granting the release shall be gazetted. The liquidator shall charge the cost of gazetting his release against the company's assets.

Treasurer's Powers and Control.

86. Where a company against whom a Winding-Up Order has been made has no available assets, the official receiver shall not be required to incur any expense in relation to the winding-up without the express direction of the Treasurer.

87. The provisions of these Rules as to liquidators and their accounts shall not apply to the official receiver when he is liquidator, but he shall account in such manner as the Treasurer may from time to time direct.

General.

88. The Governor may from time to time issue general orders or regulations for the purpose of regulating any matters under the Law or these Rules which are not of a judicial nature. Judicial notice shall be taken of any general orders or regulations which are published in the *Gazette*.

89. The Court may, in any case in which it shall see fit, extend or abridge the time appointed by these Rules or fixed in any Order of the Court for doing any act or taking any proceeding.

90.—(1) No proceedings under the Law or these Rules shall be invalidated by any formal defect or by any irregularity, unless the Court before which any objection is made to the proceeding is of opinion that substantial injustice has been caused by the defect or irregularity, and that the injustice cannot be remedied by any Order of the Court.

(2) No defect or irregularity in the appointment of or election of an official receiver or liquidator shall vitiate any act done by him in good faith.

91. The Court may on the application of the official receiver direct that the company's books of account and other documents given up by him may be sold, destroyed or otherwise disposed of.

92. Where no provision is made in these Rules regarding any matter arising out of winding-up proceedings, the Rules of Court governing civil proceedings (including the Bankruptcy Rules) shall, so far as they are not repugnant to these Rules, apply to such matter.

PART III.—FEES, PERCENTAGES AND COSTS.

93. The fees, percentages and costs described in the Second Schedule hereto shall be paid to the official receiver in such manner as the Treasurer may direct.

94. The fees payable for proceedings in Court or before the Registrar of the Court shall be paid in stamps in the same manner as in civil proceedings, and they shall follow the fees laid down in Table A of Part II of the Bankruptcy Rules (No. 2), 1931, or, where applicable, they shall be at the rates chargeable in civil proceedings.

No. 1017. **Public Officers' Guarantee Fund.**

DIRECTORS' ANNUAL REPORT.

In continuation of our report last year, published in the *Cyprus Gazette* No. 2252 of the 11th November, 1932, we have the honour to submit the Income Account for the year ended the 30th June, 1933, together with the Balance Sheet as at that date.

2. At the 30th June, 1933, the number of officers guaranteed by the Fund was 784, as compared with 803 for the previous year.

3. No defalcations have been reported during the year, and in accordance with Section 5 of the Public Officers' Guarantee Fund (Amendment) Law, 1930, the whole of the income for the year has been carried to the credit of the contributors in the ratio of the amounts standing to their respective credits at the close of the financial year.

4. In conformity with revised Colonial Regulation 291, the investments held on account of the Fund have been re-valued at middle market prices in London at the 30th of June. The appreciation amounted to £1,426. 1*s.* 8*cp.*, and, in view of the fact that the market prices were at a high level on the 30th June, it has not been considered advisable to distribute this sum to the credit of the contributors' accounts, as was done in the previous year of account. This sum has, therefore, been retained in the Fund in a special account to meet a subsequent depreciation in the value of investments.
