A BILL

ENTITLED

A LAW TO AMEND THE CYPRUS PENSIONS ORDERS IN COUNCIL, 1929 AND 1931.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the Cyprus Pensions Order in Council, 1929, (Amendment) Law, 1936, and shall be read as one with the Cyprus Pensions Orders in Council, 1929 and 1931, (hereinafter called "the Order"), and the Order and this Law may together be cited as the Cyprus Pensions Orders and Law, 1929 to 1936. Short title.

2. Section 5 of the Order is hereby repealed and the following section substituted therefor:— Repeal of section 5 of the Order and substitution of new section.

"Pensions, etc., not of right.

5.—(1) No officer shall have an absolute right to compensation for past services or to pension, gratuity or other allowance; nor shall anything in this Order contained limit the right of the Crown to dismiss any officer without compensation.

(2) Where it is established to the satisfaction of the Governor in Council that an officer has been guilty of negligence, irregularity or misconduct, the pension, gratuity or other allowance may be reduced or altogether withheld."

Objects and Reasons.

Under section 5 (2) of the Cyprus Pensions Order in Council, 1929, provision was made for the issue of a certificate of service with diligence and fidelity as a condition of the award of a pension, gratuity or other allowance, while under section 5 (3) thereof the reduction or withdrawal of the same required the approval of the Secretary of State. The object of this Bill is to dispense with the above-mentioned requirements.

Attorney-General.

Post Office Notice.

AIR MAIL SERVICES.

It is hereby notified for general information that, on and from the 1st April, 1936, and until further notice, the combined rate of postage on any kind of postal packet, that is, letters, printed papers, commercial papers, samples and postcards, posted in Cyprus and intended for transmission by air from Egypt or Palestine will be as shown in the Schedule hereto. The limits of size and maximum weight are the same as for similar correspondence sent by ordinary post.

2. A special blue Air Mail label must be affixed to the top left-hand corner of every Air Mail packet. These labels may be obtained free of charge at any Post Office. Packets bearing a manuscript indication "By Air Mail" will be accepted, but the absence of an Air Mail label may lead to delay.

3. Cyprus postage stamps to the full value of the postage must be affixed to the top right-hand corner of the address side of the envelope. Any packet which is not fully prepaid with the Air Mail fee will not be forwarded by air.

4. A packet intended for transmission by air may be posted in any of the ordinary ways of posting. It can be accepted for registration at any Post Office; but it cannot at present be insured.

5. Air Mail correspondence posted in Cyprus and despatched by the Khedivial mailship, leaving Limassol every Saturday, secures connection with:

- The Air Mail which leaves Alexandria every Tuesday for Greece and Europe generally and arrives in London the following Thursday;
- The Air Mail which leaves Cairo every Monday for East and South Africa and arrives at Capetown the following Sunday; and
- The Air Mail which leaves Alexandria every Tuesday for India-Australia and arrives at Singapore the following Sunday and at Darwin the following Tuesday.

6. A new branch air service has been established between the Sudan and Nigeria. Air Mail correspondence for French Equatorial Africa, the Cameroons, Nigeria, Dahomey and the Gold Coast, if sent via Cairo as in paragraph 5 (b) above, will secure connection with the Air Mail which leaves Khartoum every Tuesday and arrives at Kano (Nigeria) the following day.

No. 352.**Evcaf : Report of Delegates on Accounts.**

EVCAF OFFICE, CYPRUS,

E. No. 4/1935.

NICOSIA, 26th March, 1936.

SIR,

We have the honour to submit herewith for the information of His Excellency the Governor and for publication in the *Cyprus Gazette* the audited accounts of the Evcaf for the year 1935.

2. The total revenue for 1935 was £28,818. 10s. 8cp. as compared with £10,520. 1s. 8cp. for 1934. The revenue for 1935 includes the sum of £10,490. 6s. 7cp. received from Government for commuted Evcaf tithes as shewn under Head 1 and also the sum of £10,669. 15s. 7cp. being share of the Evcaf from the commuted tithes of Abdullah Pasha under Heads 6 and 7. From and including the year 1935 the loss to the Evcaf revenue will be at the rate of £2,343. 18s. 6cp. per annum as a result of the commutation of tithes on the recommendation of the Financial Commissioner. It is hoped, however, that the investment in buildings of the moneys received as tithes commutation will produce a substantial income to cover the major part of this yearly loss in revenue.

3. The total expenditure for 1935 was £13,705. 9s. 5cp. This sum includes expenditure on the building schemes out of the commuted tithe moneys amounting to £4,062. 6s. 6cp. during the year for the building of houses at Arab Ahmed Mosque, the building of new offices at Famagusta, the building of flats at the back of the Evcaf

Office, Nicosia, the building of shops at Garibler Cemetery, Nicosia and the additions and alterations made to the block of offices at Famagusta now used as Police barracks. During the year two meetings of the Moslems from all parts of the Colony were held at the Evcaf Office and in this way it was arranged for a discussion to take place as to the best way of utilizing the tithe commutation moneys. The works undertaken during the year and the future works to be undertaken in this connection were discussed and agreed to unanimously. This sum further includes the amount spent during the year for the completion of a second building on the site at Serai Onou, which is now used as the Central Telephone Office. Certain improvements were carried out in the vicinity of the Municipal Market in the Moslem Quarter of the town of Limassol during the year which improved the amenities of the market place. The repairs to the windows above the main entrances to the St. Sophia Mosque at Famagusta were commenced during 1935 and lead glazing to these windows were also carried out in part during the year. This scheme of repair was devised by the late Mr. G. Jeffery, O.B.E., by whose death, at the beginning of the year under report, the Evcaf Department has suffered an irreparable loss.

4. The sum of £946. 1s. 2cp. spent on Maintenance of Works and Buildings includes substantial repairs to the premises occupied by Dr. Cuff, Mr. Petrides, Mr. McLaughlan, the George Hotel, Patiki's Tobacco Factory and Messrs.

Paschalis and Clirides. Minor repairs were made to Buyuk Khan, Buyuk Hamam, Omerié Bath, Omerié Garden and the small houses in Shaban Pasha Quarter. Certain repairs were carried out to Serai Onou, Omerié and Iplik Pazari Mosques and to Yeni Djami and the Sultan's Library. The interior of the St. Sophia Mosque at Nicosia was thoroughly cleaned by a utility scaffolding tower and certain repairs were made to the exterior walls. A special room was built in the Moslem Cemetery at the Kyrenia Gate for storing hearses and the cemetery was cleaned and improved by laying out and opening paths therein. This sum further includes expenditure on other repairs and improvements made to the Evcaf properties in Nicosia, Larnaca, Limassol and Famagusta. The expenditure on properties in the towns of Nicosia and Limassol were carried out at the request of the respective Municipalities, which were deemed necessary for sanitary requirements, etc.

5. A sum of £806 shewn as grants to other Mosques for building, etc., includes £561 paid as salaries to Imams and others for the performance of religious duties in the Mosques of villages which have no funds of their own available for that purpose. It also includes the sum of £245 spent for building, repairs, etc., of Mosques in the villages of Peristerona, Pyrga, Vatali, Arnadhi and Trapeza. Out of this sum the annual instalment of the loan contracted by the Photta villagers for their water supply was paid; also a special grant was made to assist the building of a wall round the new Moslem burial ground in Limassol, the site being an Evcaf property now utilized as a Moslem Cemetery for that town. Various other Mosques in the towns and villages were also repaired and improved out of their own funds during 1935 and the upper portion of the Minaret at Lapithos which was damaged by storms was reconstructed. The tomb stones used as pavement slabs in the Omerié Mosque, Nicosia, were removed during the year by the Antiquities Department and the Mosque has been refloored by the same department.

6. The Moslem Theological School for the training of Imams and Khatibs for the needs of the Colony is working satisfactorily. Three students graduated during the year and are now duly qualified for appointments as Imams and Khatibs. A special course for religious instruction was opened during the summer of 1935 for the training of schoolmasters so as to enable them to perform the duties of Imams in the villages. The travelling Preachers visited all the Moslem villages throughout the Colony on several occasions and their visits were appreciated by the villagers. Further improvements were carried out during the year to the Tekyé of the Ancient Order of the Mevlevi Brotherhood and the Mevlevi Dervishes now regularly perform the ceremonies and rites of the Fraternity under the charge of their Sheikh.

7. A sum of £95 was paid as Grants-in-aid for building, repairs, etc., for schools at the villages of Vatali, Arnadhi and Trapeza. These grants to the village schools were made on the recommendation of the Education Department,

in the usual way, and payments were made through that department and placed to the credit of the aforesaid villages. This sum also includes an amount of £30 paid as a grant to the Shakespeare School for the school year 1935-36 for the teaching of the English language amongst the Moslem girls of the Colony. Again, a grant of £300 was made to the Turkish Lycée and the instalment of £588. 13s. 1cp. was paid towards the repayment of interest and sinking fund of the loan raised for the construction of the Lycée buildings, thus making a total grant of £888. 13s. 1cp. during 1935 towards the Moslem Secondary education of the Colony. The yearly instalments towards the repayment of loans for the Nicosia Town Infants' School No. 1 and No. 2 and for Larnaca Boys' and Girls' Schools and also for the Galatia, Geunyeli and Yenijé Keuy Schools were paid during the year. The Evcaf Department, during 1935, has also made itself responsible for the repayment of the loan contracted by the villagers of Lefkara for the construction of a new school in that village. Assistance has again been given to various village schools out of the funds and properties of the village Mosques.

8. The planting of Eucalyptus trees on the road leading to the Hala Sultan Tekyé was continued; plants that had failed were replaced, and new species suitable for the conditions obtaining in that locality were introduced. All seedlings in the Nursery were transplanted into beds, and fresh seed was sown in preparation for next year's planting. The species planted in the forest area of the Tekyé under the supervision of the Forest Department, thrived successfully, and showed that the planting had improved local climatic conditions. The Cyprus Forestry Association encouraged the planting of trees in old Moslem Cemeteries in various villages, and two prizes of £1. 10s. each were awarded by the Evcaf Department to the two best villages, viz.: Ambelikou and Psilatos. The nests of the Processionary Moth Caterpillar in the Tekyé plantations at Famagusta were collected and burnt with a view to preventing defoliation during the forthcoming spring.

9. The Mulhaka Vakfs continue to be administered by the Evcaf Agents stationed at the Headquarters of each district and the Evcaf Agents continue to notify at the end of each year every village in their district of the various transactions and dealings with the Mosque funds and properties of the particular village administered by them during the year; this system continues to work admirably. The Evcaf Agents also continue to administer various other Mulhaka-Meshrouta and Mulhaka-non-Meshrouta Vakfs placed under their charge from time to time. The total number of these vakfs administered by the Evcaf Agents at the end of 1935 was 393 and on the 31st December, 1935, the cash and bond balance of the vakfs administered by them amounted to £1,816. 0s. 3cp. and £35,107. 19s. 0½cp. respectively. Various properties were purchased out of the funds of the Mulhaka Vakfs and small houses for the labourers working in the mines were built at Lefka, during 1935, which now form part of their assets in addition to the above-mentioned sums.

SCHEDULE.

(SECTION 32.)

The Vagrants' Exclusion Law, 1882, (No. 1 of 1882).

The Aliens Law, 1921, (No. 8 of 1921).

The Passports Law, 1923, (No. 11 of 1923).

Objects and Reasons.

This Bill consolidates and amends the law relating to immigration. It is for the greater part based upon legislation in force in other Colonies. The following points may be noted:—

Clause 6 (h).—This is designed to prevent the immigration of Communists.

Clause 6 (i).—This will prevent certain deportees returning to the Colony even when the Defence (Certain British Possessions) Order in Council, 1928, is withdrawn.

Clause 8 (3).—To enable Conventions or reciprocal arrangements entered into by His Majesty with foreign States to be implemented.

Clauses 20 and 21.—These Clauses are designed primarily to deal with cabaret proprietors who bring artistes into the Colony from abroad. These artistes, after fulfilling a short engagement, not infrequently find themselves destitute.

Clause 22.—Enables a deposit to be called for where the immigrant is one who, it is considered, may become a charge upon public funds.

Clause 27.—This clause will enable a search to be made where the immigrant is suspected of being in possession of seditious or Communistic literature.

Clause 31.—The object of this clause is to enable the Government to impose restrictions and limitations upon the immigration of certain classes of aliens or to prohibit their entry altogether.

(2) No such statement as is mentioned in the preceding paragraph shall, except by the direction of the Judge, be open to inspection by any other party to the suit. This paragraph shall not apply to the Attorney-General as King's Proctor whether he is or is not a party to the suit.

(3) Where such statement contains any allegation of adultery or other matrimonial offence on the part of the other spouse which is not referable to any specific allegation in the pleading, notice of such allegation shall be given to the said spouse, provided that if the Court at the hearing is satisfied that the failure to give notice is justified the same may be dispensed with.

(4) Neither the said statement nor the said notice shall be admissible in evidence against the party lodging or giving the same respectively, except where the party has referred to the said statement or the said notice in evidence given in open Court.

32. The petitioner after obtaining the Chief Registrar's certificate shall set the cause down for trial or hearing and within twenty-four hours thereafter give to each party in the cause for whom an appearance has been entered notice of his having done so.

THE STATUTE LAWS OF CYPRUS

No. 12 OF 1936.

A LAW TO AMEND THE GUARDIANSHIP OF INFANTS' AND
PRODIGALS LAW, 1935.

H. R. PALMER,]

[29th April, 1936.

Governor.

BE it enacted by His Excellency the Governor and
Commander-in-Chief of the Colony of Cyprus as
follows:—

1. This Law may be cited as the Guardianship of Short title.
Infants and Prodigals (Amendment) Law, 1936, and shall
be read as one with the Guardianship of Infants and
Prodigals Law, 1935, (hereinafter called "the Principal 32 of 1935.
Law"), and the Principal Law and this Law may
together be cited as the Guardianship of Infants and
Prodigals Laws, 1935 and 1936.

2. Section 8 of the Principal Law is hereby amended Amendment
of section 8
of Law 32 of
1935.
as follows:—

(a) By the insertion at the end of sub-section (2) of
the words "unless the other party thereto had no
notice of the appointment of a guardian of the
property of the prodigal".

(b) By the insertion of the following sub-section as
sub-section (3):—

"(3) Any prodigal who enters into any trans-
action or contract in sub-section (2) mentioned (other
than a contract for necessities) without disclosing
to the other party thereto that a guardian of his
property had been appointed under this Law shall
be guilty of an offence.

Penalty: Imprisonment for three months or a
fine of fifty pounds or both."

W. D. BATTERSHILL,

29th April, 1936.

Colonial Secretary.

Objects and Reasons.

Under section 8 (2) of the Principal Law every trans-
action or contract (other than one for necessities) was
null and void unless the consent in writing of the
prodigal's guardian had been obtained. It is considered
that this would operate as a hardship on a person who
had no notice of the appointment of a guardian. The
sub-section is by section 2 (a) of this Law amended
accordingly.

2. Section 2 (b) of this Law makes it an offence for a
prodigal not to disclose to any person with whom he
enters into a contract (other than one for necessities) that
his property is under guardianship.

N. PASCHALIS,

Acting Attorney-General.

No. 468. Brief Report on Cyprus Trade during the quarter ended 31st March, 1936.

Both imports and exports show increases over the corresponding quarter last year. The total value of exports exceeded that of imports by £3,569, thus showing a favourable balance of trade for the first time in years.

IMPORTS.

2. Imports, during the quarter under report, showed an increase of £16,428, as compared with the figures of the corresponding period of 1935, and £25,178 as compared with the quinquennial average 1931-1935, principally due to machinery, iron and steel and manufactures thereof, chemical manure, timber and crude petroleum.

Flour, wheaten, however, shows a decline of £35,594, as compared with the quinquennial average, and £14,647, as compared with 1935, and there was considerable decrease in imports of beans and peas.

EXPORTS.

3. The total value of exports, during the quarter under review, amounted to £347,088, as against £260,332, for the corresponding period of the previous year, and £239,817, for the same quarter of the quinquennial average.

Copper ore, yellow ore and metallic residues and wastes, are the principal factors in this rise of export values. There were also pleasing increases in agricultural products, such as oranges and lemons, raisins, and potatoes; also in cheese, hides and skins, spices, olive stones and embroidery.

Export of animals declined, and there were decreases in asbestos, barley, almonds, tobacco and wool.

SHIPPING.

4. The total number of steamers, which called at Cyprus ports during the quarter under review, was 279, as against 318 for the corresponding period of the previous year, a decrease of 39 vessels.

Callings at the 3 principal ports were as follows: Larnaca 87, Limassol 85 and Famagusta 78, as against 120, 85 and 83, in 1935.

5. Comparative returns of the principal imports and exports are subjoined.

Objects and Reasons.

The object of this Bill is to bring the law relating to the sale of food and drugs into line with recent legislation of the Imperial Parliament on the subject and to make certain amendments which experience has shown to be necessary.

2. Clause 6 is designed to put a stop to the practice of labelling all goods "adulterated" which is done by some shopkeepers in Cyprus with a view to making the Law a dead letter. In future the ingredient with which the article is adulterated will have to be specified. A grocer therefore who adulterates his coffee with barley will have to state this both on the label and by word of mouth when delivering the article.

3. Clause 8 prohibits the sale of decomposed food or drugs. At present this subject is regulated by Municipal bye-laws which, however, cover sales within municipal limits only.

THE STATUTE LAWS OF CYPRUS
No. 13 OF 1936.

A LAW TO AMEND THE MOTOR CAR LAWS, 1921 TO 1932.

H. R. PALMER,]
Governor.

[30th May, 1936.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the Motor Car (Amendment) Law, 1936, and shall be read as one with the Motor Car Laws, 1921 and 1932, as amended by the Motor Car (Amendment No. 2) Law, 1932, (hereinafter together called "the Principal Law"), and the Principal Law and this Law may together be cited as the Motor Car Laws, 1921 to 1936.

Short title.

9 of 1921
36 of 1932
47 of 1932.

2. The following sub-section shall be inserted in section 3 of the Principal Law, the first part thereof being numbered accordingly:—

Insertion
of new
sub-section
in section 3
of Law 9 of
1921.

"(2) Any person who contravenes any regulation made hereunder shall be guilty of an offence.

Penalty: Imprisonment for six months or a fine of twenty-five pounds or both."

3. Section 5 of the Principal Law is hereby repealed and the following section substituted therefor:—

Repeal of
section 5 of
Law 9 of
1921 and
substitution
of new
section.

"Driving,
etc., of a
motor car
while drunk.

5. Any person who when driving or attempting to drive or when in charge of a motor car on a road or other public place is under the influence of drink or a drug to such an extent as to be incapable of having proper control of such car shall be guilty of an offence.

Penalty: Imprisonment for one year or one hundred pounds fine or both."

4. The Principal Law is hereby amended by the insertion immediately after section 5 of the following section:—

Insertion
of new
section 5A in
Law 9 of
1921.

"Additional
powers of
Court.

5A.—(1) Any Court before which a person is convicted of any offence—

(a) under any regulation made under this Law;

(b) under any Law in connection with the driving of a motor car,

may order such person to be disqualified from holding or obtaining a licence for such period as the Court thinks fit. Particulars of the

conviction and of any disqualification to which the convicted person has become subject shall be endorsed on any licence held by the offender.

(2) A person who by virtue of an order of the Court under sub-section (1) is disqualified from holding or obtaining a licence may appeal against the order in the same manner as against a conviction and the Court may, if it thinks fit, pending the appeal, suspend the operation of the order.

(3) Where a person who is disqualified by virtue of a conviction or order under this section is the holder of a licence, the licence shall be suspended so long as the disqualification continues in force and the licence so suspended shall, during the time of suspension, be of no effect."

W. D. BATTERSHILL,

Colonial Secretary.

30th May, 1936.

Objects and Reasons.

Under section 5 of the Principal Law a penalty not exceeding £100 is provided for the breach of any regulation made thereunder. In consequence of this no motoring offences, however trivial, are triable by Magistrates, their jurisdiction being limited to offences punishable with a fine not exceeding £25.

The object of section 2 of the present Law is to reduce the penalties for minor motoring offences and thus enable them to be dealt with by Magistrates.

2. Section 3 of this Law makes provision for dealing with persons who are under the influence of drink or a drug while in charge of a motor car on a road or other public place. Such persons upon conviction may be sentenced to imprisonment for a period not exceeding one year or to a fine not exceeding £100 or to both.

3. Under the Principal Law the Courts have power to order forfeiture or suspension of a licence to drive a motor car only if the offender contravenes any provision of the Motor Car Laws or the regulations made thereunder. This power, however, can only be exercised in respect of the unexpired term of the licence which may, in certain cases, be of very brief duration and can in no event exceed a year, licences being issued annually.

By section 4 of the present Law power is given to the Court to order that a driver upon conviction for any offence under the regulations or under any Law in connection with the driving of a motor car should be disqualified for holding or obtaining a licence for such period as the Court might think fit.

Acting Attorney-General.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the English School (Management and Control) (Amendment) Law, 1936, and shall be read as one with the English School (Management and Control) Law, 1935, (hereinafter called “the Principal Law”), and the Principal Law and this Law may together be cited as the English School (Management and Control) Laws, 1935 and 1936.

Short title.

35 of 1935.

2. Section 4 of the Principal Law is hereby repealed and the following section substituted therefor:—

Repeal of section 4 of Law 35 of 1935 and substitution of new section.

“Board of Management.

4.—(1) The English School, either in its present form or in such modified form as may be determined by the Governor under the provisions of section 3 (1) (a), shall be managed and controlled by a Board of Management which shall consist of—

- (a) the Director of Education who shall be Chairman;
- (b) the Grantor;
- (c) a fit and proper person appointed by the Governor.

(2) The Governor may upon the death or resignation of the Grantor appoint a fit and proper person to fill the vacancy.

(3) The Governor may at any time terminate any appointment made by him under the provisions of this section.

(4) The Governor may upon the death, resignation, retirement or termination of appointment of any person appointed by him under the provisions of this section appoint another fit and proper person to fill the vacancy.

(6) The Board of Management shall conduct their meetings and proceedings and shall manage and control the English School in accordance with regulations made by them and approved by the Governor.”

3. Sub-section (2) of section 5 of the Principal Law is hereby repealed and the following sub-section substituted therefor:—

Repeal of sub-section (2) of section 5 of Law 35 of 1935 and substitution of new sub-section.

“(2) Upon the closing of the English School as in sub-section (1) provided the Governor may, by writing under his hand, direct—

- (a) that such part of the immovable and movable property mentioned in sections 2 and 3 as may remain undisposed of at the date of the closing be utilized for such purpose being for the benefit of the youth of the Colony as the Governor may determine, or be sold and the proceeds thereof be applied to such purpose aforesaid and in such manner as the Governor may determine ;
- (b) that the proceeds of such part of the said immovable and movable property as may have been disposed of before the date of the closing be utilized in the like manner."

W. D. BATTERSHILL,
Colonial Secretary.

2nd June, 1936.

Objects and Reasons.

Under section 4 of the Principal Law the English School is managed and controlled by a Board of Management consisting of the Director of Education, the Grantor (Canon Newham) and a fit and proper person appointed by the Governor.

That section does not contain provision in respect of—

(a) the filling of a vacancy which may occur upon the death or resignation of the Grantor, or

(b) the appointment of a fit and proper person to act as a member of the Board during the illness or absence from the Colony of a member thereof,

and the object of section 2 of this Law is to substitute a new section 4 in the Principal Law making provision therefor.

2. The object of section 3 of this Law is to make it clear that, upon the closing of the English School when it is no longer necessary that it should continue to function as a school, such part of the immovable and movable property of the English School, vested in the Governor under sections 2 and 3 of the Principal Law, which has not been disposed of at the date of the closing and the proceeds of any part thereof which has been previously disposed of, may be utilized for the benefit of the youth of the Colony.

5. The duties and powers of a Village Health Commission are set out in Clause 7, and such duties and powers will be performed and exercised by the Village Health Commission at the instance of the Commissioner and in so far as there may be funds available for the purpose.

6. The Commissioner is empowered to appoint two or more persons to perform a duty imposed on a Village Health Commission, where such Commission has made default in the performance of such duty.

7. The revenue of a Village Health Commission will be derived from fees or charges which the Commission is empowered to impose in connection with the matters referred to in Clause 9 (1) (a) and also from an annual rate, not exceeding five shillings, which the Commission may impose on every person who occupies any immovable property in the village either as owner thereof or by virtue of any lease or agreement whereby he is entitled to occupy such immovable property. These fees or charges and the annual rate will be prescribed by Rules made by the Commission with the approval of the Commissioner.

8. For every village to which the Bill will apply, there shall be a Village Health Fund which shall consist of—

(d) for any compensation payable under sections 33 and 35 of the Law, whenever there are funds at the disposal of the treasurer or of the Committee sufficient to meet any amount payable as compensation under the provisions of these sections; and

(e) for any audit fee; and

(f) for any costs or expenses incurred in connection with works or proceedings which, in the opinion of the Committee, are beneficial to the Irrigation Division notwithstanding that the same may have been incurred before the formation of such Irrigation Division.

8. The Committee may from time to time appoint such person or persons as may be required

for the purpose of the carrying out of any work or for the performance of any duty under the provisions of the Law or of these Rules, and fix the remuneration of such person or persons.

11. Any person receiving such written leave as aforesaid shall, immediately after his lands have been irrigated, remove any obstruction which he has been permitted to place in the said works and shall repair any branch channel whose width he has been permitted to open, and if such person fails or refuses to do so, it shall be lawful for the Committee to carry out such repairs or alterations as may be necessary at the expense of the offender.

14. Every person upon whom a notice for that purpose has been served by the Commissioner or the Committee shall at once clean such part of the channel as runs through his fields of any stones or rubbish, which might divert the water or stop its proper course, and shall remove all stones and other things intended to direct the water on to his fields at the proper time.

15. The Committee shall distribute the water from time to time to every proprietor in proportion to the quantity of water available and having regard to the number of donums of land to be irrigated by each proprietor.

16. The Committee may with the consent of the Commissioner enter into any agreement or arrangement with the Committee of any other Irrigation Division formed under the provisions of the Law with regard to any dams or channels which are shared in common between the Irrigation Division and such other Irrigation Division, the maintenance thereof and the proportion of any contribution for any expenses incurred in connection therewith, to be paid by the Irrigation Division.

Amendment
of section
48 (2) of
Law 13 of
1914.

W. D. BATTERSHILL,

18th June, 1936.

Colonial Secretary.

Objects and Reasons.

The object of this Law is to amend the Co-operative Credit Societies Laws in the following respects:—

(1) Section 2 makes it clear that—

- (a) the liability of a society is unlimited ;
- (b) the unlimited liability of the members of a society in respect of its obligations is contributory and enforceable on liquidation only ;
- (c) in any civil proceedings against a society in respect of an obligation of the society, no member thereof can be made a party thereto either by name or in his capacity as a member.

(2) Section 3 gives power to the Registrar of Co-operative Credit Societies to supersede the Committee of a society where such Committee is not functioning properly and to appoint a suitable person or persons to manage the affairs of the society for a period not exceeding two years which may be extended to not more than four years in the aggregate. This power is to be exercised only after an

opportunity had been given to the Committee to state its objections.

It is hoped that prudent use of the power conferred on the Registrar by this section may make it possible to avoid the winding up of certain societies.

(3) Sections 4 to 12 provide a clearly defined procedure for liquidation and are designed to facilitate the performance of the duties of liquidators and to empower the Registrar to control the liquidation.

In particular, power is given to the Registrar—

- (a) to surcharge any member of the Committee or officer of a society who had misapplied or retained money belonging to the society or who had been guilty of misfeasance or breach of trust in relation to the society (section 7); and
- (b) to order the conditional attachment of the property of any person where the Registrar is satisfied that such person, with intent to defraud or delay the execution of any order made by a liquidator or the Registrar or an arbitrator, is about to dispose of the whole or any part of his property (section 8).

SUPPLEMENT No. 1

TO

THE CYPRUS GAZETTE No. 2525 OF 10TH JULY, 1936.

A BILL

ENTITLED

A LAW TO PROVIDE FOR THE PROTECTION IN THE COLONY OF DESIGNS REGISTERED IN THE UNITED KINGDOM.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the United Kingdom Designs (Protection) Law, 1936. Short title.

2. Subject to the provisions of this Law, the registered proprietor of any design registered in the United Kingdom under the Patents and Designs Acts, 1907 to 1932, or any Act amending or substituted for those Acts, shall enjoy in the Colony the like privileges and rights as though the Certificate of Registration in the United Kingdom had been issued with an extension to the Colony. Privileges and rights in the Colony of registered proprietor of design in United Kingdom.

3. The registered proprietor of a design shall not be entitled to recover any damages in respect of any infringement of copyright in a design from any defendant who proves that at the date of the infringement he was not aware nor had any reasonable means of making himself aware of the existence of the registration of the design : Innocent infringer not liable in damages.

Provided that nothing in this section shall affect any proceedings for an injunction.

4. The District Court shall have power upon the application of any person who alleges that his interests have been prejudicially affected to declare upon any of the grounds upon which the United Kingdom registration might be cancelled under the law for the time being in force in the United Kingdom that exclusive privileges and rights in a design have not been acquired in the Colony under the provisions of this Law. Grounds upon which Court may declare that exclusive privileges and rights have not been acquired in the Colony.

Such grounds shall be deemed to include the publication of the design in the Colony prior to the date of registration of the design in the United Kingdom.

5. The Registration of United Kingdom Designs Laws, 1928 to 1934, and the Registration of United Kingdom Designs Rules, 1929 to 1934, made thereunder, are hereby repealed. Repeal.
33 of 1928.
26 of 1932.
40 of 1934.

Objects and Reasons.

Under the provisions of the Registration of United Kingdom Designs Laws, 1928 to 1934, a design registered in the United Kingdom under the Patents and Designs Acts, 1907 to 1932, is not protected in the Colony except after registration thereof in the Colony.

2. It is thought that local registration of a design registered in the United Kingdom, which is attended by certain formalities and entails some expense, is an unnecessary requirement.

3. The object, therefore, of this Bill is to dispense with local registration of a design registered in the United Kingdom and to provide that the registered proprietor of such design shall enjoy in the Colony the like privileges and rights as though the Certificate of Registration in the United Kingdom had been issued with an extension to the Colony.

9. During the months of August and September in every year, the Committee shall cause the works to be properly cleaned and repaired.

10. No person shall enlarge or lessen the width of any branch or channel or open a new channel or interfere in any way with the works without leave in writing signed by the Committee, and no leave shall be given under this rule until ten days after a notice has been posted in the village of Psomolophou so that any complaints against the application may be inquired into by the Committee.

11. Any person receiving such written leave as aforesaid shall, immediately after his lands have been irrigated, remove any obstruction which he has been permitted to place in the said works and shall repair any branch channel whose width he has been permitted to alter and shall close any new channel he has been permitted to open, and if such person fails or refuses to do so, it shall be lawful for the Committee to carry out such repairs or alterations as may be necessary at the expense of the offender.

12. The Committee shall distribute the water from time to time to every proprietor in proportion to the quantity of water available having regard to the number of donums of land to be irrigated by each proprietor, and in accordance with the usage heretofore observed with regard to the turn of irrigation and the distribution of such water.

13. No person shall be allowed to cut the water either with a view of obtaining more water for his own fields or for any other purpose, except as directed by the Committee in writing.

14. The cleaning and clearing of branch channels shall be carried out not later than the 1st September in every year by the proprietors through whose lands such branch channels flow. In the event of two or more persons being interested in such branch channels and disputes arising, the Committee shall carry out the cleaning, etc., and the cost of such cleaning, etc., shall be paid by such proprietors in addition to any amount that may be assessed on them under Rule 5 hereof. If the owners fail to do so, the Committee shall be entitled after the said date to clean the branch channels and charge the owners with the expenses actually incurred.

15. Every person upon whom a notice for that purpose has been served by the Committee or the Commissioner shall at once clean such part of the channel as runs through his fields of any stones or rubbish, which might divert the water or stop its proper course, and shall remove all stones and other things intended to direct the water on to his fields at the proper time.

16. The Committee may with the consent of the Commissioner enter into any agreement or arrangement with the Committee of any other Irrigation Division formed under the provisions of the Law with regard to any dams or channels which are shared in common between the Irrigation Division and such other Irrigation Division, the maintenance thereof and the proportion of any contribution for any expenses incurred in connection therewith, to be paid by the Irrigation Division.

17.—(a) Upon an application to the Commissioner signed by not less than two-thirds of the proprietors mentioned in the list requesting that the Irrigation Division be dissolved, the Commissioner shall call a meeting of the proprietors for the purpose of determining whether the Irrigation Division should be dissolved.

(b) Every meeting so convened shall be held in the presence of the Commissioner at the time and place appointed and if at such meeting a majority of two-thirds of the proprietors or the authorized proxies thereof who are present decide that the Irrigation Division should be dissolved, the Irrigation Division shall be so dissolved accordingly:

Provided that all rates due and unpaid on the date of dissolution shall be levied and paid as if the Irrigation Division had not been dissolved.

(c) The provisions of sections 4, 6, 7, 8 and 9 of the Law with respect to public meetings shall apply *mutatis mutandis* to a meeting convened under the provisions of this Rule.

(d) Any money in the hands of the Committee or the treasurer at the time of the dissolution of the Irrigation Division and any money recovered at any time thereafter on account of the rates due and unpaid at the time of such dissolution, shall be paid to the Commissioner and shall be passed in the books of the Commissioner to the credit of the village of Psomolophou and shall be utilized by the Commissioner for some purpose of public utility in the said village.

THE MERCHANT SHIPPING (NETHERLANDS LOAD LINE CERTIFICATES) ORDER, 1936.

AT THE COURT AT BUCKINGHAM PALACE,
The 24th day of March, 1936.

PRESENT,

THE KING'S MOST EXCELLENT MAJESTY
IN COUNCIL.

Whereas by Section 445 of the Merchant Shipping Act, 1894 (a) (hereinafter called "the principal Act") it was enacted that where the Board of Trade certify that the laws and regulations for the time being in force in any foreign country and relating to overloading and improper loading are equally effective with the provisions of the principal Act relating thereto His Majesty in Council may direct that on proof of a ship of that country having complied with those laws and regulations she shall not when in a port of the United Kingdom be liable to detention for non-compliance with the said provisions of the principal Act nor shall there arise any liability to any fine or penalty which would otherwise arise for non-compliance with those provisions :

And whereas by an Order in Council dated the 11th day of June, 1910, (b) after reciting that the Board of Trade had certified that certain statutory regulations which had been approved by the Netherlands Government relating to overloading so far as regards the assignment of load lines to Netherlands ships were equally effective with the corresponding regulations in force in the United Kingdom respecting the assignment of load lines to British merchant ships it was directed that on proof that Netherlands ships had complied with the aforesaid Netherlands regulations such ships should not, when in ports of the United Kingdom, be liable to detention for non-compliance with the provisions of the Merchant Shipping Acts relating to overloading nor should there arise any liability to any fine or penalty which would otherwise arise for non-compliance with those provisions :

And whereas by sub-section (2) of Section 67 of the Merchant Shipping (Safety and Load Line

Convention) Act, 1932 (c) (hereinafter called "the Act") it was amongst other things enacted that Section four hundred and forty-five of the principal Act should be repealed as from the appointed day subject to a proviso that any Order in Council in force immediately before the appointed day under Section four hundred and forty-four or Section four hundred and forty-five of the principal Act should, until revoked, continue to have effect as if for references in the Order to Part V of the principal Act relating to overloading or improper loading as the case might be there were substituted references to Part II of the Act so however that no such Order should continue to have effect with respect to Load Line Convention ships plying on international voyages :

And whereas by sub-section (3) of Section 67 of the Act, it was enacted that for the purpose of the Section the expression "the appointed day" meant such day as His Majesty in Council might appoint :

And whereas by an Order in Council dated the 10th day of November, 1932, (d) His Majesty appointed the 1st day of January, 1933, as the date on which Part II of the Act should come into operation :

And whereas by Section 738 of the principal Act it is amongst other things provided that where His Majesty has power under that Act to make an Order in Council His Majesty may from time to time by Order in Council revoke any Order so made :

And whereas it is expedient that the said recited Order in Council of the 11th day of June, 1910, should be revoked :

And whereas by sub-section (2) of Section 59 of the Merchant Shipping (Safety and Load Line Conventions) Act, 1932, it is amongst other things enacted subject to the proviso that no Order in Council made under the sub-section shall apply to Load Line Convention ships plying on international voyages, that where the Board of Trade certify that provision has been made for the fixing, marking and certifying of load lines by the law in force in any foreign country with

respect to ships (or any class or description of ships) of that country and has also been so made (or has been agreed to be so made) for recognizing United Kingdom load line certificates as having the same effect in ports of that country as certificates issued under the said provision; and that the said provision for the fixing, marking and certifying of load lines is based on the same principles as the corresponding provisions of Part II of the Act and is equally effective His Majesty may by Order in Council direct that load line certificates issued in pursuance of the said provision in respect of ships (or that class or description of ships) of that foreign country shall have the same effect for the purpose of Part II of the Act as United Kingdom load line certificates:

And whereas the Board of Trade have certified that provision has been made by the law in force in the Netherlands for the fixing, marking and certifying of load lines on Netherlands ships of the class or description specified in the Schedule hereto, and that it has been agreed that provision shall be so made for recognizing United Kingdom load line certificates as having the same effect in Netherlands ports as certificates issued under the said first-mentioned provision, and further that the said first-mentioned provision is based on the same principles as the corresponding provisions of Part II of the Act and is equally effective:

4. Section 2 (3) gives additional power to Commissioners to require the forfeiture of animals or goods, or such part thereof as the Commissioner exercising the power may think fit, where such forfeiture would have followed upon the conviction of the offender.

5. Section 6 empowers the Governor in Council to make compoundable any offence punishable with imprisonment not exceeding six months or with a fine not exceeding twenty-five pounds or with both such imprisonment and fine.

No. 856. Fellowships and Appointments for Research in Tropical Medicine.

His Excellency the Acting Governor directs the publication for general information of the following notification relating to award of fellowships and appointments for the purpose of promoting research in tropical medicine :—

The Medical Research Council, advised by the Tropical Medical Research Committee which they have recently appointed after consultation with the Colonial Office, announce the following.

JUNIOR FELLOWSHIPS.

Three junior fellowships are offered immediately, for award to qualified medical men wishing to receive training with a view to careers in research work in tropical medicine. Preference will be given to candidates who have already had preliminary experience of methods of research in some branch of medical science.

Subject to satisfactory reports, the fellowships will be tenable for three years. The first year will be spent at a School of Tropical Medicine; the second in doing research in the same or some other institution at home; and the third largely in work under direction at some centre in the tropics. The stipend will be at the rates of £300, £400 and £500 per annum in the successive years, with an additional allowance during service abroad and necessary expenses.

The Council have every reason to believe that men who undergo this training will be eligible and well qualified for various appointments, apart from the prospects of further employment under the scheme now announced.

SENIOR FELLOWSHIPS.

In three years' time, at least one senior fellowship will be available for candidates who have held the junior fellowships mentioned above. This will be awarded for a further period of three years, carrying stipend at the rate of £600-£750 per annum, with an additional allowance during service abroad and expenses. The time will be spent mainly in research work in the tropics.

The Council are also prepared to consider immediate applications for senior fellowships from candidates who have had adequate experience in research work, whether already specially trained in tropical medicine or not.

PERMANENT APPOINTMENTS.

The Council further intend to establish in due course, as suitable investigators become available as the result of the fellowships scheme, permanent and pensionable appointments for research work in tropical medicine, including senior posts. Members of this research staff will work partly in the tropics, and partly in institutions at home to which they will be severally attached. The exact terms of service are still undecided, but they will be not less favourable than those which apply to other Government appointments at home or overseas for men of similar professional standing.

Inquiries may be addressed to the Secretary, Tropical Medical Research Committee, 38, Old Queen Street, London S.W.1, with whom applications should be lodged not later than the 1st October, 1936.

Amendment
of section 2
of Law 6
of 1899 as
amended by
section 2 of
Law 2 of
1928.

(a) The following definition shall be substituted for the definition of “Land”:—

 - (ii) is required for the purposes of any land already acquired or which is being acquired under the provisions of this Law.”

(b) The words "or by a public body recognized as such for the purposes of this Law by an instrument under the hand of the Governor" shall be inserted at the end of the definition of "Undertaking of public utility".

A. B. WRIGHT,

31st August, 1936.

Acting Colonial Secretary.

Objects and Reasons.

The objects of this Law are—

(a) to amplify the definition of "land" in the Principal Law so as to enable compulsory acquisition (i) of privileges and liberties appertaining or reputed to appertain to land and (ii) of water, held independently of land, where such water is required for any land already acquired or which is being acquired for public purposes;

(b) to amend the definition of "undertaking of public utility" in the Principal Law so as to empower public bodies, recognized by the Governor as such, to acquire land compulsorily for public purposes.

2. The Law does not affect any powers to acquire land compulsorily already possessed by statutory bodies such as municipal corporations or school committees.

A. B. WRIGHT,
Acting Colonial Secretary.

Objects and Reasons.

This Customs Law consolidates and amends the Laws hitherto in force relating to the control and regulation of customs and the payment of import and export duties.

2. The provisions of this Law mainly follow the provisions of the present Customs Laws but the opportunity has been taken to incorporate certain new provisions which are to be found in the customs legislation of other parts of the Empire. The new provisions are contained in sections 2, 3, 12, 15, 16, 18 to 21, 37, 40 to 43, 47, 48, 50, 51, 71 to 75, 81, 82, 84, 85, 89, 92, 95 and 96.

3. The First Schedule to this Law sets forth the import duties, and shows the preferential rate chargeable on British Empire products and also the general rate chargeable on goods imported from foreign countries.

4. The main object of the alterations made in the rates of import duties is to ensure a greater margin of preference to goods of British Empire origin, and for the purpose of affording greater protection to local industries the duties on goods of foreign manufacture have in certain cases been increased.

The principal changes in import duties are as follows :—

(A) Reductions :—

- (i) British cement from $4\frac{1}{2}p.$ to $3\frac{1}{2}p.$ per cwt.
- (ii) British coal from $4s. 1\frac{1}{2}p.$ to $2s. 4\frac{1}{2}p.$ per ton.
- (iii) Medicines, chemicals, drugs and dyes :
 British from $12\frac{1}{2}\%$ to 7% .
 Foreign from 15% to 12% .
- (iv) Flour :
 British from £2.5.0 to £1.0.0 per ton.
 Foreign from £5.5.0 to £4.0.0 per ton.

(B) Increases :—

- (i) Boots and shoes—at various rates.
- (ii) Brooms from £1 to £1. 10s. per hundred.
- (iii) Macaroni from $1p.$ to $1\frac{1}{2}p.$ per oke.
- (iv) Foreign sugar from $3p.$ to $3\frac{1}{2}p.$ per oke.

5. Wearing apparel including hats, hosiery, shirts, ties and vests and woollen piece goods are made chargeable at an alternative rate of import duty in order that cheap goods of foreign manufacture shall pay such a duty as will enable British Empire goods to compete.

6. It will be observed that the rate of import duty on ammunition, beer, butter, coffee, fish, matches, motor cars, oils, petrol, petroleum, rice, soap and tobacco remains unchanged.

7. The Second Schedule to this Law enumerates the goods exempted from the payment of import duties, and exemption has been granted to poultry farming and bee-keeping appliances, certain articles used in the packing and export of fruit, eggs and vegetables, fungicides, and baskets for the export of fruit.

The time during which household goods of intending residents may be admitted free of import duty has been extended from three to six months.

Attorney-General.

[24th September, 1936.

BE it enacted by His Excellency the Governor and
Commander-in-Chief of the Colony of Cyprus as
follows:—

1. This Law may be cited as the Immovable Property Acquisition (Aliens) Amendment Law, 1936, and shall be read as one with the Immovable Property Acquisition (Aliens) Law, 1936, (hereinafter called “the Principal Law”), and the Principal Law and this Law may together be cited as the Immovable Property Acquisition (Aliens) Laws, 1936.

Short title.

“(3) Any regulations made under this section may enable the Governor to exempt, in such manner as the regulations may prescribe, any alien or class of aliens from the operation of such regulations and of the proviso to section 5.”

24th September, 1936.

Objects and Reasons.

By section 4 (1) of the Principal Law the Governor in Council is empowered to make regulations prescribing the minimum size of plots into which an alien may sub-divide his immovable property for the purpose of sale.

2. Section 5 of the Principal Law saves the right of an alien to acquire from another alien immovable property which such other alien had lawfully acquired, but under the proviso to that section where such property has been sub-divided into plots for the purpose of sale such plots must be of the minimum size prescribed by the regulations.

3. The object of this Law is to give power to the Governor in Council to make provision in the regulations enabling the Governor to exempt any alien or class of aliens from the operation of such regulations and of the proviso to section 5.

“Works” means the Irrigation works of the Irrigation Division.

3. The Committee shall hold office for a period of three years beginning on the 26th July, 1936. Thereafter the election of the Committee shall take place every third year in the first week of the month of July and it shall hold office for a period of three years from the 26th July next following its election.

4.—(a) The Committee shall appoint a treasurer who shall, during the months of July and August in every year, collect the rates and charges assessed upon the proprietors mentioned in the list.

(b) The treasurer shall, on the 1st September, in every year, prepare a statement of all rates or charges still due and unpaid on that date and shall forward such statement to the Commissioner.

(c) The treasurer shall be unpaid. Provided that he shall be paid such of his out of pocket expenses as may be sanctioned by the Committee.

(d) The treasurer shall be appointed for such period as the Committee may fix but in no case extending over the term of office of the Committee appointing such treasurer.

5. Every proprietor mentioned in the list shall pay a rate not exceeding six shillings per annum as may be prescribed by the Committee from time to time for every Government donum of land owned by such proprietor which is benefited or is capable of being benefited by the works.

8. The Committee may from time to time appoint such person or persons as may be required for the purpose of the carrying out of any work or for the performance of any duty under the provisions of the Law or of these Rules, and fix the remuneration of such person or persons.

arrangement with the Committee of any other Irrigation Division formed under the provisions of the Law with regard to any dams or channels which are shared in common between the Irrigation Division and such other Irrigation Division, the maintenance thereof and the proportion of any contribution for any expenses incurred in connection therewith, to be paid by the Irrigation Division.

17.—(a) Upon an application to the Commissioner signed by not less than two-thirds of the proprietors mentioned in the list requesting that the Irrigation Division be dissolved the Commissioner shall call a meeting of the proprietors for the purpose of determining whether the Irrigation Division should be dissolved.

(b) Every meeting so convened shall be held in the presence of the Commissioner at the time and place appointed and if at such meeting a majority of two-thirds of the proprietors or the authorized proxies thereof who are present decide

that the Irrigation Division should be dissolved, the Irrigation Division shall be so dissolved accordingly:

Post Office Notice.

PRIVATE POST OFFICE BOXES.

It is hereby notified for general information that on and from the 1st of January, 1937, Private Post Office Boxes may be rented under the following conditions at the principal Post Offices in the Colony. The renter will forfeit all rights by non-compliance or failure to carry out any or all of the conditions hereinafter set forth, and will be held responsible for the observance of the conditions, and no other person will be recognized in connection therewith.

CONDITIONS OF RENTAL.

(a) The annual rent is £1 for a small box and £1. 10s. 0p. for a large box. The rent is payable in advance, and calculated from the beginning of any calendar quarter to the 31st December in each year, any portion of a calendar quarter being considered as a full quarter. In the case of boxes at any summer resort offices the rent is payable monthly in advance, any portion of a month being considered as a full month.

(b) When the rental of a box expires and payment for its renewal is not made within twelve days (or three days in the case of summer resort offices), the renter will forfeit his right to the box, which may then be re-let by the Postmaster-General.

(c) When a box is rented two keys will be supplied and an amount of 7s. 4½p., in addition to the rent of the box, will be deposited by the renter. When the box is given up the amount deposited will be refunded to the renter, provided that the box and lock are in good order, and that the two original keys for the box are returned. Otherwise the deposit will be forfeited.

(d) Delivery into a private box is in all respects equivalent to personal delivery to the addressee.

(e) A box must be taken for a particular address; and postal packets for delivery therein should, in addition to the number of the box, bear the full address. Postal packets bearing as an only address a Post Office Box number will be treated as insufficiently addressed and not delivered.

(f) Persons may not rent a private box under a fictitious name, or for improper purposes.

(g) The business or private address of the renter must be furnished.

(h) Persons or firms trading under two or more designations may be required to rent a box for each designation. Under this regulation any group of companies having a joint management may be required to rent a separate box for each company.

(i) Several persons will not be permitted to share in one box. The use of each box is restricted to the individual, firm, or *bona fide* employees or residents of the house to whom or to which it may be assigned. A person not being a renter, whose correspondence is addressed to a box, can only obtain such by means of the key or through the renter.

(j) Steel boxes are accessible at all hours. The hours for access to wooden boxes, when such are installed, will be made known to the renters.

(k) Correspondence mis-sorted or erroneously addressed to a wrong box must be immediately re-posted with the words "not for Box No. ..." written thereon. Should a case come under notice where this is not done, or where flagrant neglect is shown by the renter, or person in possession of the key, in detaining or delaying such correspondence the box may be declared forfeited and the return of the keys demanded.

(l) Unless the renter be well-known, or can be identified by some one known to a responsible officer of the Department, the only admitted "proof of identification" shall be the receipt for the rent of the box.

(m) A box is for use exclusively for the reception of correspondence which has passed through the post. Any other articles placed therein by the renter will be surcharged as if posted out of course.

(n) In exceptional circumstances—such as the loss of a key, for instance—correspondence from any box may temporarily be delivered at the counter subject to compliance with the provisions of condition (l).

(o) When a key of a box is lost, or the lock is broken, on receipt of 7s. 4½p. in cash a new lock and keys will be supplied. *If a key be lost it is essential for the security of the correspondence that a new lock be fitted to the box.*

(p) No lock, other than that supplied by the Department, shall be placed on any box; and no repairs to a box, lock or keys may be executed except by the Department.

(q) The renter of a box must defray all expenses for damage to such box or to the lock or keys thereof, if caused by him or due to his negligence. A renter giving up or forfeiting his box will be held responsible for the due return of the keys originally supplied.

(r) No box will be granted to any person who from any cause (non-payment of rent excepted) has previously forfeited his right to a box.

(s) Transfer of a box in the same town from one person to another, or from one town to another, if the renter changes his residence permanently, will be permitted only with the sanction of the Postmaster-General.

(t) The Postmaster-General may refuse to let or re-let a box to any person without assigning any reason for such refusal.

(u) The Post Office takes no responsibility for any delay to correspondence occasioned by the use of private boxes.

2. The foregoing conditions may at any time be augmented or revised, as may from time to time be deemed expedient, by notification in the *Cyprus Gazette*; and any such addition or revision shall apply to every box rented under the foregoing conditions.

3. Post Office Notice dated the 21st March, 1924, published under Notification No. 180 in the *Cyprus Gazette* No. 1630 of the 28th March, 1924, is hereby cancelled as from the 1st January, 1937.
