A LAW TO AMEND THE LAW RELATING TO THE ACQUISITION OF LAND AND OTHER IMMOVABLE PROPERTY FOR PUBLIC PURPOSES.

BE it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

Short title.

6 of 1899  
2 of 1928  
29 of 1936.

Insertion of  
new section  
3A in the  
principal  
Law.

1. This Law may be cited as the Land Acquisition (Amendment) Law, 1944, and shall be read as one with the Land Acquisition Laws, 1899 to 1936, (hereinafter referred to as "the principal Law") and the principal Law and this Law may together be cited as the Land Acquisition Laws, 1899 to 1944.

2. The principal Law is hereby amended by the insertion therein immediately after section 3 of the following section :—

"Preliminary investigation.

3A.—(1) Whenever any land is needed for any undertaking of public utility it shall be lawful for the Governor and his servants and workmen to do all or any of the following things :—

- (a) to enter upon and survey and take levels of any such land ;
- (b) to dig or bore into the subsoil ;
- (c) to do all other acts necessary to ascertain whether the land is suitable for such purpose and the value of the land and of the buildings, trees and crops thereon ;
- (d) to clear the land proposed to be acquired and to set out and mark the boundaries of such land and the work, if any, proposed to be made thereon :

Provided that no person shall enter into any building or upon any enclosed court or garden attached to a dwelling house (except with the consent of the occupier thereof) without previously giving such occupier at least seven days' notice of his intention to do so.

(2) As soon as conveniently may be after any entry made under sub-section (1) the Governor shall pay for all damage done, and in case of dispute as to the amount to be paid either the Governor or the person claiming compensation may refer such dispute to the Court whose decision shall be final."

Repeal of  
section 5 of  
the principal  
Law and sub-  
stitution of  
new section.

3. Section 5 of the principal Law is hereby repealed and the following section substituted therefor :—

" Notice  
to persons  
interested.

5.—(1) The Commissioner before submitting the recommendations and plans or particulars to the consideration of the Governor shall cause a public notice in the form set out in the Schedule hereto to be published in the *Gazette* and also to be posted at convenient places on or near the land to be acquired :

Provided that the period set out in such schedule may, with the approval of the Governor be abridged to ten days.

(2) At the expiration of the period set out in the notice the Commissioner shall forward to the Governor the recommendations and plans or particulars, together with the objections made, if any."

4. The principal Law is hereby amended by the insertion therein immediately after section 9 of the following section :—

" Rules for assessment of compensation.

9A. In estimating the compensation to be awarded for any land, the arbitrators or the Court, as the case may be, (hereinafter in this section referred to as "the Assessing Authority") shall, subject to the provisions of sections 14 and 14A, act in accordance with the following rules :—

- (a) no allowance shall be made on account of the acquisition being compulsory ;
- (b) the value of the land shall, subject as hereinafter provided, be taken to be the amount which the land, if sold in the open market by a willing seller, might be expected to realize :

Provided that the Assessing Authority in estimating such compensation shall assess the same according to what it shall find to have been the value of such land at the time when the notice under section 5 is published and without regard to any improvements or works made or constructed thereafter or to be made or constructed thereafter on the said land :

Provided further that where His Majesty's Naval, Military or Air Force Authorities or any Department has been in possession of the land, by virtue of a title less than absolute ownership, compensation shall be estimated without regard to any increase in value on account of works constructed on the said land by the said Authorities or any of them or by any Department :

Provided further that the Assessing Authority, in estimating such compensation, shall give consideration to all returns and assessments of capital or rental value for taxation made by or acquiesced in by the claimant ;

- (c) the special suitability or adaptability of the land for any purpose shall not be taken into account if it is a purpose to which it could be applied only in pursuance of powers derived from legislation or for which there is no market apart from the special needs of a particular purchaser or the requirements of the Governor ;
- (d) where the land is and but for the compulsory acquisition would continue to be devoted to a purpose of such a nature that there is no general demand or market for land for that purpose, the compensation may, if the Assessing Authority is satisfied that re-instatement in some other place is *bona fide* intended, be assessed on the basis of the reasonable cost of such equivalent re-instatement ;

Insertion of new section 9A in the principal Law.

- (e) where part only of the land belonging to any person is acquired under this Law the Assessing Authority shall take into consideration any enhancement of the value of the residue of the land by reason of the proximity of any improvements or works made or constructed or to be made or constructed by the Governor ;
- (f) the Assessing Authority shall also have regard to the damage, if any, to be sustained by the owner by reason of the severance of the land acquired for public purposes from other land belonging to such owner or other injurious effect on such other land by the exercise of the powers conferred by this Law."

Repeal of section 14 of the principal Law and substitution of new section.

5. Section 14 of the principal Law is hereby repealed and the following section substituted therefor:—

"Gratuitous expropriation for making or widening roads.

14. Where any land is acquired under this Law for the purpose of making a new road or of widening any existing road or part of it, the owner of the land so acquired shall not be entitled to compensation unless the area taken exceeds one quarter part of the total area of the plot which he owns :

Provided that, if it is established that hardship would be caused if no compensation were paid, the Governor may in his discretion grant such compensation as, having regard to all the circumstances of the case, he shall think fit. If the area taken from any owner exceeds one quarter part of the total area of the plot owned by him, compensation shall be paid to the owner for the land taken in excess of such one quarter part in accordance with the provisions of this Law."

Insertion of new section 14A in the principal Law.

6. The principal Law is hereby amended by the insertion therein immediately after section 14 of the following section :—

"Betterment charge where land taken for making or widening roads.

14A.—(1) Where, by the acquisition of any land under this Law for the purpose of making a new road or of widening an existing road or part of it, any land is increased in value, the Governor shall, if he makes a claim for that purpose within one year of the execution of the work, be entitled to recover from any person whose property is so increased in value a contribution towards the cost of the work, not exceeding one fourth of the amount of that increase :

Provided that, where a contribution is imposed under this section, compensation shall be paid for any land so taken ; and the amount of compensation may be set off against the contribution due under this section.

(2) Any question whether any land is increased in value within the meaning of this section and as to the amount of such increase shall, in default of agreement, be determined by the Court.

(3) In default of agreement, the contribution due from the owner towards the cost of the work shall be payable in not less than four equal annual instalments and shall be recoverable as a civil debt by the Governor from the owner of the land for the time being."

7. The principal Law is hereby amended by the insertion therein at the end thereof of the following Schedule :—

Insertion of  
Schedule in  
the principal  
Law.

“ SCHEDULE.

(Clause 5.)

LAND ACQUISITION LAWS, 1899 TO 1944.

Notice is hereby given that the following lands (describe lands, giving measurements and showing boundaries whenever practicable) are required by the Governor for an undertaking of public utility.

Any person claiming to have any right or interest in the said lands is required within six weeks from the date of this notice to send to me a statement of his right and interest and of the evidence thereof, and of any claim made by him in respect of such right or interest.

The Governor is willing to treat for the acquisition of the said lands.

The ..... day of .....

.....  
Commissioner of.....”

Objects and Reasons.

This Bill effects certain amendments to the Land Acquisition Laws which are considered to be desirable.

2. Clause 2 enables the carrying out of preliminary investigation on the land which it is proposed to acquire.

3. Clause 3 repeals section 5 and re-enacts it in another form providing for collective notice to interested persons by a notice in the *Gazette* and by the posting of notices near the land affected. This clause read together with the Schedule as set out in clause 7 requires as at present notice of six weeks unless the Governor approves of a notice of only ten days.

4. Clause 4 sets out the rules which should guide the arbitrators or the Court in assessing compensation for land acquired under these Laws. It may be noted that, *inter alia*, where part only of the land is acquired, any enhancement of the value of the residue by reason of the proximity of any improvements due to the acquisition shall be taken into consideration ; if on the other hand by reason of the severance of the land from other land belonging to the owner such owner sustains any damage, compensation will be paid for such damage.

5. Clauses 5 and 6 deal with the acquisition of land for the purpose of widening existing roads or the construction of new roads.

If the land acquired does not exceed one quarter part of the total area of the plot, the owner shall not be entitled to any compensation unless the Governor thinks that this would cause hardship in which case the Governor may grant such compensation as he may think fit.

If by reason of the widening of any road or the construction of a new road the value of any land is increased the Governor may, within one year of the execution of the work, recover from any persons whose property is so increased in value a contribution to the cost of the work, not exceeding one fourth of the amount of that increase.

10th December, 1943.

STELIOS PAVLIDES,  
Acting Attorney-General.

## A BILL

## ENTITLED

## A LAW TO AMEND THE STAMP LAWS, 1923 TO 1940.

**B**E it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

## Short title.

31 of 1923  
27 of 1926  
19 of 1927  
6 of 1931  
1 of 1937  
1 of 1940.

Amendment  
of the  
Schedule to  
the principal  
Law.

1. This Law may be cited as the Stamp (Amendment) Law, 1944, and shall be read as one with the Stamp Laws, 1923 to 1940, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Stamp Laws, 1923 to 1944.

2. The Schedule to the principal Law is hereby amended as follows :—

(i) by the insertion at the end of item 4 thereof (relating to Bills of Exchange) of the following :—

## "EXEMPTIONS.

(a) Any Bill of Exchange draft or order drawn upon any bank in Cyprus by an officer of His Majesty's Navy, Army or Air Force for the payment of money out of a public account ;

(b) any Bill drawn by any person under the authority of the Admiralty, the War Office or the Air Ministry upon and payable by the Accountant General of the Navy, War Office or Air Force."

(ii) by the insertion therein immediately after item 18 (relating to receipts or discharges for the payment of £1 or upwards including the Exemptions thereto) of the following item :—

"19. Undertaking to Shipping Agent for the delivery of goods pending arrival of shipping documents :—

(a) where no fixed sum is stipulated or where the sum stipulated does not exceed £50 .. .. . £0.0.6.

(b) where the sum stipulated exceeds £100.. .. . £0.1.0."

*Objects and Reasons.*

1. The object of paragraph (i) of clause 2 is to exempt from the payment of Stamp Duties Bills of Exchange, etc., drawn by or on behalf of His Majesty's Naval, Army or Air Forces : this paragraph in fact regularizes a practice which has been in force for some time.

2. Paragraph (ii) provides for a maximum stamp duty of one shilling on undertakings given to shipping agents for the delivery of goods to the consignees pending the arrival of the shipping documents receipt whereof is sometimes delayed : but for this provision, such undertakings would be chargeable with an *ad valorem* duty or, where no fixed sum was stipulated, with a duty of five shillings which in all circumstances is considered to be excessive for an undertaking of this nature.

22nd December, 1943.

STELIOS PAVLIDES,  
Acting Attorney-General.

By His Excellency's Command,

H. M. FOOT,  
Colonial Secretary.

The following draft Bill, which will in due course be submitted for enactment, is published for general information :—

## A BILL

## ENTITLED

## A LAW TO AMEND THE ESTATE DUTY LAW, 1942.

**B**E it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows :—

1. This Law may be cited as the Estate Duty (Amendment) Law, 1944, and shall be read as one with the Estate Duty Law, 1942, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Estate Duty Laws, 1942 and 1944.

Short title.  
28 of 1942.

2. The principal Law is hereby amended by the insertion therein immediately after section 19 of the following sections :—

Insertion  
of new  
sections 19A,  
19B, 19C and  
19D in the  
principal  
Law.

“ Remission  
of estate  
duty in case  
of persons  
killed in war  
or by opera-  
tions of war.

19A.—(1) Where—

(a) any person dies from wounds inflicted, accident occurring, or disease contracted, within three years before death, while on active service against an enemy, whether on sea, land or air, or on service which, in the opinion of the Governor in Council, is of a warlike nature or involves the same risks as active service, and was, when the wounds were inflicted, the accident occurred or the disease was contracted, subject to any naval, military or air force law ; or

(b) any person, other than a person referred to in paragraph (a) of this sub-section, dies from injuries received within three years of his death and which were, in the opinion of the Governor in Council, caused by the operations of war,

the Governor, may, if he thinks fit, remit, or in the case of estate duty already paid, repay, in any one case, the whole or any part of the estate duty leviable under this Law in respect of property passing upon the death of the deceased to his widow or lineal descendants or lineal ancestors or to his brothers or sisters or the descendants of such brothers or sisters, not exceeding the following amounts :—

(i) where the value for the purpose of such estate duty of the property passing to the widow, lineal descendants, lineal ancestors, brothers or sisters or the descendants of such brothers or sisters does not exceed five thousand pounds, the whole of such estate duty in respect of that property, and

(ii) where the said value exceeds five thousand pounds—

(a) in respect of the first five thousand pounds the whole of estate duty ; and

(b) in respect of the remainder an amount not exceeding one-half of the estate duty leviable under this Law in respect of such remainder.

(2) The benefits of the relief given by this section as respects the first five thousand pounds shall be apportioned rateably among the several persons who would otherwise bear such estate duty remitted or repaid according to the amounts which they would so bear and without regard to their respective rights of priority.

Remission of estate duty in case of property passing more than once owing to deaths caused by the war.

19B.—(1) Where the Governor is satisfied that estate duty leviable under this Law has become payable on any property passing on the death of any person to which section 19A of this Law applies and that subsequently such estate duty has again become payable on the same property or any part thereof passing on the death of some other person to which section 19A of this Law applies, the whole of such estate duty payable on such subsequent death in respect of the property so passing shall be remitted, or in case such estate duty has been paid, repaid, and the property shall not be aggregated with any other property passing on such subsequent death for the purpose of determining the rate of such estate duty.

(2) This section shall apply whether or not on any such death any property passes to the widow, lineal descendants, lineal ancestors, brothers or sisters, or the descendants of such brothers or sisters, of the deceased.

'Widow' in sections 19A and 19B to include widower.

19C. In this Law any reference to a widow shall, in the case of a married woman whose husband survives her, be deemed to include a reference to the surviving husband.

Application of sections 19A, 19B and 19C.

19D. The provisions of sections 19A, 19B and 19C of this Law shall apply only in respect of deaths occurring on or after the first day of December, 1942."

#### *Objects and Reasons.*

This Bill provides for the remission of estate duty in the case of persons killed as a result of war activities; it covers all cases of death through war causes of land, sea and air service personnel and of civilians and generally makes provision for remissions of estate duty in respect of death from such causes analogous to those existing in the United Kingdom.

2. The new provisions apply in respect of deaths occurring on or after the 1st day of December, 1942, the date on which estate duty first became chargeable in Cyprus.

Nicosia,  
28th February, 1944.

STELIOS PAVLIDES,  
Acting Attorney-General.  
(M.P. 1426/40.)

**No. 230.****Evcaf: Report of Delegates on Accounts.**

E. No. 4-1943.

EVCAF OFFICE, CYPRUS.

NICOSIA, 11th March, 1944.

SIR,

We have the honour to submit herewith for the information of His Excellency the Governor and for publication in the *Gazette* the audited accounts of the Evcaf for the year 1943.

**REVENUE.**

2. The total revenue for 1943 was £11,088. 15s. 2p. as compared with £11,491. 11s. 7p. for 1942. The revenue for 1942 included a sum of £1,431 from sale of properties: in 1943 no revenue was received from the sale of properties, but increased revenue was obtained in respect of Deftor Hakani fees, Audit fees and Sheri Court fees.

**EXPENDITURE.**

3. The total expenditure for 1943 was £10,612. 5s. 7p. This amount includes the payment of £50 to the Antiquities Department for repairs and improvements to St. Sophia Mosque, etc., at Famagusta and the sum of £1,503. 12s. 4p. paid as war bonus to the Evcaf employees.

**MAINTENANCE OF WORKS AND BUILDINGS.**

4. The sum of £710. 4s. 1p. expended on Maintenance of Works and Buildings represents the minimum and essential repairs carried out, chiefly at the request of the Health and Municipal Authorities, to all the Evcaf properties and certain Mosques in Nicosia, Larnaca, Limassol and Famagusta.

**MOSQUES, ETC.**

5. The sum of £1,182. 3s. 2p. paid as Grants to other Mosques for building, etc., includes £699 for assisting in the payment of wages to Imams in village Mosques. This sum also includes grants amounting to £385 made to the Mosques in the villages of Aradhion, Xerovouno, Beykeuy, Kotehina, Mansoura and Platani. Djami Kebir in Larnaca and Djami Djedid at Paphos. It also includes grants of £8. 3s. 2p. to Ay. Kebir, £50 to Ay. Iakovos for water supplies, £30 to Votili for construction of a wall round the Moslem Cemetery and £10 to Arodhes for the school building. During 1943 other Mosques in the towns and villages were repaired out of their own funds.

6. Under the supervision of the Fetva Emini the Moslem Theological School continued to work quite satisfactorily. The Moslem villages were periodically visited by the Travelling Preachers. The Dervishes of the Ancient Order of the Mevlevi Brotherhood continued to perform their rites and ceremonies under the supervision of their Sheikh and the Mevlevi Tekyé has been kept in repair.

**SCHOOLS, ETC.**

7. The sum of £888. 13s. 1p. paid as Grant to Moslem Secondary Schools includes the yearly instalment for the repayment of the Lycée building loan. The annual instalments for the repayment of loans made for the Larnaca Girls' and Boys' schools and for Geunyeli, Kyrenia, Lefkara and Paphos schools were also paid in 1943. Out of the sum of £155 paid as Grants to other schools for building, etc., £125 was allocated on the recommendation of the Education Department to the villages of Ay. Kebir, Yerovasso (Limassol), Monarga, Lapithiou, Asproyia and Phasoula (Paphos) and this amount was credited to the account of the villages concerned by the Education Department in the usual way. £30 was also paid as a grant to the Shakespeare School for the school year 1943-1944. Out of the funds of the village Mosques various schools received assistance during 1943.

**PLANTATIONS.**

8. The Hala Sultan Tekyé Plantation at Larnaca and the Tekyé plantation at Famagusta were carefully maintained. The plantation at Larnaca was again extended by a further fifteen donums which are growing well. Repair planting was also done to make good the unavoidable damages to the plantation as a result of necessary defence works. No felling was done during 1943 but it is hoped that the plantation will have grown up sufficiently to justify some light improvement fellings during 1944. At present this plantation is in the course of establishment but it is developing very well and will be a future source of revenue from reclaimed waste land as well as providing great scenic amenity in the vicinity of the Tekyé.

**MULHAKA VAKFS.**

9. The Mulhaka Vakfs continue to be administered by the Evcaf Agents stationed at the Headquarter towns of each District and they also supervise the Evcaf affairs in their Districts. The Evcaf Agents at the end of the year notify each village concerned in respect of the various transactions and dealings with the funds and Mosque properties administered by them and this system works admirably. The total number of these vakfs administered by the Evcaf Agents at the end of 1943 was 390 and on the 31st December, 1943, the cash and bond balance of the vakfs under their charge amounted to £26,973. 11s. 7p. and £21,758. 10s. 6½p. respectively. Certain properties belonging to Mulhaka Vakfs have been sold in 1943 at very favourable prices and the amounts thus realized form part of the cash balance.

10. In 1943 ten Government Premium Bonds to the value of £100 have been purchased out of the funds of Mulhaka Vakfs. In order to encourage cultivation with crops so as to get the maximum yield of produce out of Evcaf properties, the Evcaf Agents have made great endeavours during the year to lease all the lands available under their charge.

**CHARITIES.**

11. In 1943 assistance has been given to the Moslem poor Societies and Organizations in the different parts of the Colony out of Evcaf funds. Small grants were also made during the year to the Turkish Sports Club, the Lycée poor fund, the English School poor relief fund, the British Institute poor students fund, the Cyprus Anti-Tuberculosis League, the British Red Cross and Prisoners of War Bureau and the British Legion (Cyprus Branch).

**GENERAL.**

12. In 1943 special prayers were offered on the days approved by His Majesty the King in all the Mosques of the Colony and prayers continue to be offered after the regular Services in all the Mosques of the Island throughout the year for the speedy and glorious victory for our gracious King and His Majesty's Armed Forces on Land, Sea and Air and for the preservation and welfare of the British Empire. As heretofore the Moslems of the Island display great loyalty, affection and devotion towards the British Crown. The visit to Cyprus on the 31st January, 1943, of the Right Honourable Winston Churchill, M.P., Prime Minister of Great Britain was most enthusiastically welcomed.

We have the honour to be,

Sir,

Your obedient Servants,

R. A. GODWIN-AUSTEN } Delegates of  
M. MUNIR } Evcaf.

The Honourable  
The Colonial Secretary, Nicosia.

*Objects and Reasons.*

1. Immovable Property (Vakf Idjaretein and Arazi Mevkoufé Takhsisat (Conversion) Law.
2. Immovable Property (Registration and Survey Fees and Charges) Law.

The object of these two Bills is to convert Arazi Mevkoufé Takhsisat and Vakf Idjaretein into Arazi Mirié and Mulk respectively and to consolidate into one enactment the fees and charges levied by the Department of Land Registration and Surveys abolishing at the same time distinctions based on the existence of the various categories of immovable property. This is calculated to facilitate and simplify to a very great extent the work in the Land Registration and Survey Department and also to pave the way to the introduction of the Immovable Property (Tenure) legislation later on.

*Conversion.*

2.—(1) The first Bill provides for the abolition of Arazi Mevkoufé Takhsisat and of Vakf Idjaretein and their conversion into Arazi Mirié and Mulk, respectively. This abolition has already been foreshadowed by the draft Immovable Property Law which was published in the *Gazette* of the 28th February, 1939.

(2) It may be noted that upon the conversion of Vakf Idjaretein the annual rents (idjarés) payable thereon will not be chargeable any longer (clause 2 (2)) ; in place thereof such property will be liable to the payment of a single sum, payable in five equal instalments such sum being 3% on the registered value where there has been no extension of inheritance and 2% where there has been such an extension.

(3) Under clause 5 of the Bill all fees, etc., hitherto payable to the Delegates of Evcaf in respect of dealings with Arazi Mevkoufé and Vakf Idjaretein will be payable into General Revenue on payment to the Delegates of Evcaf of an annual sum of £2,230 which however will be recovered by Government in each year from transactions relating to the immovable property now converted. (This amount includes compensation for the loss of the annual rents, Government being compensated for these payments by the charge imposed under clause 2 (2) as explained above which is calculated to produce sufficient capital to provide for these annual payments.)

This principle had been already accepted in the draft Immovable Property Law except that the amount of compensation was then fixed at £1,760. This amount had been fixed on a twenty years average as between 1915 and 1935 ; the present amount has also been fixed on a twenty years average but as over the last twenty years.

(4) Clause 7 of the Bill preserves the manner of devolution of Vakf Idjaretein by inheritance except that all cases will be treated on the footing that there has been an extension of inheritance and this on account of the fact that by charging a bigger fee under clause 2 (2) the owner is made to pay for an extension of inheritance. This is really a transitory provision pending the enactment of the Wills and Succession legislation.

No saving is necessary in the case of Arazi Mevkoufé Takhsisat because even now it devolves in the same manner as the Arazi Mirié into which it is converted.

*Fees and Charges.*

3. A list of the fees and charges at present levied by the Land Registration and Survey Department is to be found in the *Gazette* of the 22nd July, 1943. Some of them are payable under some law, some under some old Turkish enactment, some under some rules and some as administrative measures.

All these are now incorporated in this draft Law ; they remain the same except in the following cases :—

(A) *Clause 3 of the Bill.*—This clause deals with commuted succession dues. At present these fees are payable under sections 28 and 29 (2) of Law 12 of 1907 which provide for the payment of an annual charge equal to 1/40th of 2½% of the value of the property in the case of Arazi Mirié and Arazi Mevkoufé, and ½% in the case of Mulk or Idjaretein. The present Bill strikes at a medium percentage and provides a general basis for all categories of land equal to 1/40th of 1½% on the value of the property.

(B) *First Schedule.*

(a) Item 4 (Leases under Public Lands Law).

These are payable under section 11 of these Laws which provide for the payment of 10s. for every "British statutory acre or part thereof" but as such measure unit is unknown in Cyprus it has been replaced by "per donum". No case is recollected in which this Law has ever been applied so that no one is likely to be affected by this small change.

(b) Item 8 Registration of title—

(i) by undisputed adverse possession: Instead of the fees at present payable under Part IX, paragraph (2) of the list above-mentioned there have been provided fees on a graduating scale to bring it into line with other registration fees.

This has already been accepted on principle in the Bill published in the *Gazette* of the 28th February, 1939, pp. 160-166.

(ii) upon exchange.

The present rates are set out in Part IX (3) A of the list. Exchanges are not of frequent occurrence and the Land Registration and Survey Department is quite content to unify the fees by taking the minimum fees payable thereunder.

(iii) upon gift.

The present rates for gifts by parents for Arazi Mirié is 2½%. A graduating scale is now provided from 1½% to 2½% assimilating these fees to fees on gifts of Mulk.

In other cases the fee for Arazi Mirié was 5%; a graduating scale is also adopted in this case from 3% to 5% as in the case of Mulk.

(iv) upon sale.

The position is analogous to (iii) above.

Acting Attorney-General.

Provided that any compensation payable under section 26 or 27 of this Law shall be paid to the mortgagee or the judgment creditor, as the case may be.

**Objects and Reasons.**

It will be remembered that in the *Gazette* of the 28th February, 1939, there were published (together with another Bill) two draft measures:—

(a) the Immovable Property Bill; and

(b) the Immovable Property Registration and Valuation (Amendment) Bill.

The object of the first was to consolidate and amend the law relating to land tenure whilst the second effected substantial amendments to the Immovable Property Registration and Valuation Law, 1907.

2. For reasons not unconnected with the present war emergency it had been found impossible to make a forward move in the matter though frequent requests were made from time to time that final consideration of the measures should be expedited; in addition, the Land Utilization Committee recommended certain rules against undue fragmentation of holdings of immovable property and pressed for early action. It has now been found possible to review the position, and to consider various suggestions made on the above Bills from various quarters; final consideration however made it apparent that the Bills would have to be very extensively revised and I have, therefore, decided to draft a practically new comprehensive measure which can be considered as a whole.

As already explained, the Immovable Property Registration and Valuation (Amendment) Bill was only an amending measure but I found it more satisfactory to overhaul the principal Law and include the provisions regarding Registration and Valuation in the present Bill under appropriate parts.

3. The present Bill is divided into five parts, Part II thereof being sub-divided into two chapters; the following may be noted:

**PART I.—PRELIMINARY.**

Clause 2 contains definitions of various terms and clause 3 abolishes the remaining categories of immovable property except Vakf, which will continue to be held and administered as heretofore. The Vakf Idjaretein and Arazi Mevkoufé Takhsisat categories will be converted into Mulk and Arazi Mirié respectively when the Immovable Property (Vakf Idjaretein and Arazi Mevkoufé Takhsisat Conversion) Law, 1944, comes into operation and the assimilation of the Arazi Mirié lands with property owned and enjoyed as private property will be completed when this measure is enacted.

**PART II.—TENURE.**

**CHAPTER I.**

This chapter contains provisions relating to immovable property other than Vakf.

(a) The period of prescription which had been set at 30 years under the previous tenure bill remains the same but provision is made saving the rights of persons whose adverse possession began before the enactment of the new Bill; in their case the periods of prescription will be computed on the old basis.

In this connection it may be noted that, in view of the extension of the period of prescription over the present periods, it is considered that no further extension should be allowed on grounds of disabilities so that when adverse possession is established for a full period of thirty years, an indefeasible title is obtained:

Prescription does not run against the Crown or against a registered owner: generally it will be found that registered owners are protected in several respects (c.f. cl. 20).

(b) Clause 21 creates a series of presumptions in favour of the owner of the land but saves in any case agricultural instruments and tenant's fixtures. The general aim is to ensure common ownership of land and of anything on the land and when it is not possible to effect this by partition, division or re-adjustment of interests, power is given to the owner of the major interest to acquire compulsorily the minor interest so that both interests are brought under the same ownership (see clauses 27 and 30).

(c) Clause 25 imposes some paramount restrictions on divisions, partitions and re-adjustment of interests in immovable property so as to avoid fragmentation into plots of uneconomic size and value. No division, partition or re-adjustment which offends against these fundamental rules will be lawful and even those effected before the enactment of this measure will not be considered effective unless in the meantime perfected by registration.

#### CHAPTER II.

This chapter contains provisions affecting Vakf property. At present only Mulk property can be made Vakf and with the abolition of the distinction between Mulk and Arazi Mirié it is necessary to restrict this right to property within the limits of towns and village sites which were mostly of the Mulk category; outside these limits, land can only be made Vakf if sufficiently covered with trees or buildings, to the satisfaction of the Director so as to keep the old notion that only Mulk property could be validly dedicated. Provision is made for an annual charge equal to 1/40th of 1½ per cent. reckoned on the value of the property.

#### PART III.—REGISTRATION.

This part incorporates provisions relating to registration of immovable property.

(a) The corresponding part of the Immovable Property Registration and Valuation Laws, 1907 to 1937, has been re-drafted and simplified. The principle of compulsory registration is retained and such may be ordered to be made either in respect of particular property or generally in respect of properties in specified areas.

(b) Clause 41 corresponds to clause 8 of the Bill referred to in (b) of paragraph 1 above but enables religious corporations to apply for registration within five years from the commencement of this measure instead of requiring them to complete registration within three years. In due course the repeal of the Ecclesiastical Properties Law, 1935, will be considered.

The transfer fee now payable upon the registration of immovable property in the name of the corporation from the name of a person holding the property on the corporation's behalf is abolished but an annual charge equal to 1/40th of 1½ per cent. reckoned on the registered value shall be payable on the lines of the provision relating to succession dues which are commuted on the same basis.

(c) Clause 47 enables the payment by instalments of the registration fee on voluntary registrations in the same manner as in the case of compulsory registration: the object of this is to encourage unregistered owners to apply for registration.

#### PART IV.—VALUATION.

This part incorporates provisions relating to the valuation of immovable property.

(a) It will be recollected that a general valuation of immovable property was started in 1909 under the Immovable Property Registration and Valuation Law, 1907, which provided that the valuation should be completed within a period not exceeding twenty years.

(b) No new general revaluation of an Island scale is contemplated but provision is made for the valuation of any property which has for some reason or other not been valued or for property which has come into existence since the commencement of this measure and also for revaluation during intervals of not less than five years, except in cases in which immovable property has been substantially increased in value on account of additions and improvements in which case revaluation may proceed though five years do not elapse from the last registration.

#### PART V.—MISCELLANEOUS.

(a) Clause 72 makes a general provision about the giving of notices. Owing to the nature of the tenure of immovable property, the great many number of co-owners in many cases and the absence of persons from the Colony without appointing an agent great difficulties are experienced and expenses incurred under the present provisions whereby notices have to be served personally. With the expansion of the postal service there is no reason why notices should not be sent through the post; in the case of infants, mental patients and prohibited persons the notice is given to his guardian or to a person directed by the Court; in the case of persons absent from the Colony a notice is also posted up.

In towns the posting up of notices will be made by posting up the notice on the Land Registry Office Board and in villages by posting up the notice in a conspicuous place in the village.

(b) The repeal clause includes all the Ottoman Laws relating to immovable property as set out in paragraphs (1) to (38) in the Fourth Schedule to the Courts of Justice Laws, 1935 to 1943: also several articles of the Mejellé relating to matters dealt with in the present Bill.

This Bill provides that the rate of interest on all debts and obligations contracted after the date of its publication shall not exceed nine per centum per annum.

2. Provision is also made that no interest shall become payable on any interest due under any debt or obligation until one year after such interest has become due ; in this respect the Bill follows section 4 of the Usury (Farmers) Law, 1919, the operation of which, however, is restricted to dealings with farmers.

3. The Bill further provides that in no case the aggregate amount paid as interest shall exceed the principal sum originally advanced.

4. The Interest Law, 1882, which dealt with the legal rate of interest is repealed ; judgment debts shall carry interest at the rate of four per centum under the provisions of the Bill amending the Civil Procedure Laws, 1885 to 1939.

**B**E it enacted by His Excellency the Governor and

follows :—

1. This Law may be cited as the Sale of Mortgaged Short title.  
Property (Amendment) Law, 1944, and shall be read as one

#### *Objects and Reasons.*

This Bill provides that as from the date of an application to the Land Registry Office, made under section 1 or 2 of the principal Law, for the sale of mortgaged property the interest on the amount due will be calculated at 9 per centum unless the contract of mortgage provides for a lower rate in which case the interest shall be calculated at such lower rate.

STELIOS PAVLIDES,  
*Attorney-General.*

## A BILL

## ENTITLED

A LAW TO AMEND THE CIVIL PROCEDURE LAWS,  
1885 TO 1939.

**B**E it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the Civil Procedure (Amendment) Law, 1944, and shall be read as one with the Civil Procedure Laws, 1885 to 1939, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Civil Procedure Laws, 1885 to 1944.

Short title.

10 of 1885.  
5 of 1924.  
15 of 1926.  
9 of 1929.  
37 of 1934.  
10 of 1939.

2. The principal Law is hereby amended by the insertion immediately after section 9 of the following section:—

Insertion of  
new section  
9A in the  
principal  
Law.

debts to  
carry interest  
at 4 per  
centum.

9A. Every judgment debt shall carry interest at the rate of four per centum per annum from the date on which the judgment is pronounced until the same shall be satisfied and such interest may be levied under a writ of execution on such judgment:

Provided that nothing in this section contained shall apply to any judgment pronounced before the and every such judgment shall carry such interest as may be specified therein and in accordance with the terms thereof:

Provided always that where any judgment relates to a debt carrying interest, no interest shall be paid under the provisions of this section except on the principal or any balance thereof remaining due and unpaid."

*Objects and Reasons.*

The object of this Bill is to restrict the rate of interest on judgment debts to 4 per centum, safeguarding judgments pronounced before the Bill is enacted into Law.

The second proviso makes it clear that where a judgment relates to a debt payable under an agreement providing for repayment with interest, interest is payable on the principal debt only or on any balance thereof remaining due and unpaid.

STELIOS PAVLIDES,  
*Attorney-General.*

## A BILL

## ENTITLED

## A LAW TO AMEND THE STAMP LAWS, 1923 TO 1944.

**B**E it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the Stamp (Amendment No. 2) Law, 1944, and shall be read as one with the Stamp Laws, 1923 to 1944, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Stamp Laws, 1923 to (No. 2) 1944.

Short title.

31 of 1923.  
27 of 1926.  
19 of 1927.  
6 of 1931.  
1 of 1937.  
1 of 1940.  
10 of 1944.

Amendment  
of the  
Schedule to  
the principal  
Law.

2. The Schedule to the principal Law is hereby amended as follows:—

(i) by the insertion after paragraph (3) of item 15 thereof (relating to policies of insurance) of the following paragraph:—

“(4) Workmen’s Compensation.. £0 0 4½”

(ii) by the deletion of paragraph (b) of item 19 thereof (relating to undertakings to shipping agents for the delivery of goods pending arrival of shipping documents) and the substitution therefor of the following paragraph:—

“(b) where the sum stipulated exceeds £50 .. .. . £0 1 0”

#### *Objects and Reasons.*

Paragraph (i) of clause 2 provides for a stamp duty of 4½ piastres in respect of Workmen’s Compensation Insurance Policies. But for this provision such policies would come under the general provision of documents not otherwise chargeable where the rate is five shillings which is considered excessive; it is desirable that every possible encouragement should be given to people to insure against workmen’s compensation risks.

2. Paragraph (ii) corrects an error in section 2 (ii) of the Amendment Law No. 10 of 1944 in which it was intended that the fee of 1s. for undertakings to shipping agents for the delivery of goods pending the arrival of shipping documents would be payable where the sum stipulated exceeded £50 and not £100 as mentioned in the section in question.

STELIOS PAVLIDES,  
*Attorney-General.*

By His Excellency’s Command,

L. S. GREENING,  
*Acting Colonial Secretary.*

## A BILL

## ENTITLED

A LAW TO AMEND THE INCREASE OF RENT (RESTRICTION)  
LAWS, 1942 AND 1943.

**B**E it enacted by His Excellency the Governor and Commander-in-Chief of the Colony of Cyprus as follows:—

1. This Law may be cited as the Increase of Rent (Restriction) (Amendment) Law, 1944, and shall be read as one with the Increase of Rent (Restriction) Laws, 1942 and 1943, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Increase of Rent (Restriction) Laws, 1942 to 1944.

Short title.

16 of 1942  
7 of 1943

2. Section 5 of the principal Law is hereby amended as follows:—

Amendment  
of section 5  
of the prin-  
cipal Law.

(a) by the addition in the proviso to sub-section (1) thereof of the following paragraph:—

"(iii) an increase of rent by an amount proportionate to an increase in the amount of rates and taxes payable by the landlord in respect of the premises since the first day of March, 1941, shall not be deemed to be an increase for the purposes of this Law."

(b) by the insertion in paragraph (c) of sub-section (4) thereof of a comma immediately after the words "such rent as" (line 5);

(c) by the deletion from the proviso to sub-section (4) thereof of the words "of paragraph (ii) of the said proviso." and the substitution therefor of the following words:—

"of paragraphs (ii) and (iii) of the said proviso."

3. The principal Law is hereby amended by the insertion therein immediately after section 6 of the following section:—

Insertion of  
new section  
6A in the  
principal  
Law.

"Special  
powers of  
Board in  
subtenancies.

6A.—(1) Notwithstanding anything in this Law contained a landlord or any subtenant may apply to the Board for an enquiry into the terms and conditions of any subtenancy of the premises granted by the tenant whether prior or after the coming into force of this Law and whether the tenant had power to sublet the premises or not.

(2) Upon an application under sub-section (1) of this section, the Board may enquire into the terms and conditions of the subtenancy with a view to ascertaining whether having regard to the rent paid by the tenant to the landlord any rent payable to, or charged by, the tenant for any subtenancy is unreasonable or whether the tenant by taking in lodgers or by sub-letting or otherwise parting with the possession of, the whole or any part of the premises is making a profit, whether directly or indirectly, which, having regard to the rent paid by the tenant, is unreasonable.

(3) On an enquiry under sub-section (2) of this section the Board may make an order—

(a) limiting the number of subtenants in the premises;

(b) fixing the maximum rent payable by each subtenant and the maximum charge, if any, which the tenant may make in addition to the rent for any service rendered to the subtenant:

(c) fixing the maximum profit, which the tenant may make, whether directly or indirectly, by the subtenancy.

(4) Any person who fails to comply with an order made by the Board under this section shall be guilty of an offence and shall be liable on conviction to a fine not exceeding one hundred pounds or to imprisonment not exceeding six months or to both such fine and imprisonment, without prejudice to any other remedy for the enforcement of the order.

(5) The powers of the Board under this section shall be in addition to and not in derogation of any other powers of the Board exercised under this Law and any order made shall have the same effect and be executed in the same manner, as any other order made by the Board under this Law."

Provided that—

(i) no judgment or order shall be given or made under this paragraph if the landlord or any subtenant has applied to the Board under section 6A of this Law and the Board has made an order in respect of the premises which are the subject of the proceedings before the Court;

(ii) the Court may direct that any judgment or order given or made under this paragraph shall not affect any subtenancy lawfully subsisting before the proceedings for ejectment were instituted; or"

Insertion  
of new  
section 11A  
in the  
principal  
Law.

5. The principal Law is hereby amended by the insertion therein immediately after section 11 of the following section:—

"Enforcing  
orders of  
the Board.

11A. An order of the Board or a copy thereof certified to be a true copy by the President or the Chairman of the Board shall, upon being filed with the Registrar of the District Court of the District within which the premises affected by the order are situate, be executed and obedience thereto enforced, as if it were an order of the Court."

*Objects and Reasons.*

This Bill effects certain amendments to the Increase of Rent (Restriction) Laws which are considered desirable in the light of the experience gained since their enactment. The following may be noted :—

- (a) clause 2 (a) enables an increase of rent by an amount proportionate to any increase in the amount of rates and taxes payable by the landlord in respect of the premises since the 1st March, 1941, i.e. the date mentioned in section 5 of the principal Law ;
- (b) clause 3 enables the Board to enquire into the terms of any subtenancy granted by the tenant and to fix the number of subtenants, the maximum rent payable by each one of them and the maximum charges which the tenant may make in addition to the rent for any service rendered to the subtenant ; the Board can also fix the maximum profit which may be made directly or indirectly, by the subtenancy. The enquiry may be initiated either by the landlord or by any subtenant ;
- (c) clause 4 (a) makes it incumbent upon the Court in any proceedings for ejectment on the ground that the premises are reasonably required by the landlord for occupation by himself, to consider the alternative accommodation available for the landlord and not only that of the tenant ;
- (d) clause 4 (b) provides for an additional ground for ejectment where the tenant by taking in lodgers or by sub-letting or otherwise parting with the possession of the whole or part of the premises, is making, having regard to the rent payable by him, a profit which in the opinion of the Court is unreasonable.

No judgment or order will, however, be given or made under this clause if the landlord or any subtenant has applied to the Board under clause 3, as above, and the Board has made an order in respect of the premises in question.

Power is also given to the Court to direct that no judgment or order under this clause shall affect any subtenancy lawfully subsisting before the proceedings were instituted ;

- (e) clause 5 makes provision for the enforcement of orders of the Board.

3rd July, 1944.

STELIOS PAVLIDES,  
*Attorney-General.*

By His Excellency's Command,

H. M. FOOT,  
*Colonial Secretary.*

- (f) generally for the better carrying into effect the purposes of this Law.

18. This Law shall come into operation on a day to be fixed by the Governor by notice in the *Gazette*.

Date of coming into operation.

#### *Objects and Reasons.*

Except for small differences as explained in paragraph 4, this Bill is the same as the Bill on the same subject published in the *Gazette* of the 20th January, 1939.

In view of the delay in enacting it, Government has decided to re-publish it in order to ascertain up-to-date Moslem opinion.

2. As explained in the Objects and Reasons which accompanied the Bill when it was first published the measure had been prepared by a Committee appointed by the Governor comprising four Moslem members under the Chairmanship of the then Acting Attorney-General Mr. N. Paschalis, O.B.E., K.C., and its main object was to make provision for the registration of marriages, divorces and revocations of revocable divorces.

3.—(1) The main provisions of the Bill are the following :—

- (a) No marriage can be celebrated unless and until a permit therefor had been obtained from the Sheri Judge of the Mussulman religious tribunal exercising jurisdiction in the District in which the female party to the intended marriage has her usual place of abode.
- (b) The Sheri Judge shall refuse to issue a marriage permit where he is not satisfied that—
  - (i) the male party to the intended marriage has completed the age of eighteen years ; and
  - (ii) the female party thereto has completed the age of sixteen years.
- (c) Sheri Judges are made registrars of marriages and divorces in their respective Districts and are required to keep proper registers of marriages and divorces.
- (d) Applications for the registration of marriages, divorces and revocations of revocable divorces are to be made to the Sheri Judges as registrars.
- (e) An appeal lies to the Supreme Court from every refusal—
  - (i) of a Sheri Judge to issue a marriage permit ; or
  - (ii) of a registrar to register a marriage, divorce or revocation of a revocable divorce.
- (f) Marriages, divorces and revocations of revocable divorces which have not been registered in accordance with the provisions of the Bill are declared to be null and void.
- (g) Persons celebrating marriages without a marriage permit issued under the Bill are guilty of an offence and are liable to imprisonment not exceeding one year or to a fine not exceeding one hundred pounds or to both such imprisonment and fine.
- (h) Power is given to the Governor to make, with the advice and assistance of the Chief Justice, rules relating to various matters and generally for the better carrying into effect the provisions of the Bill.

(2) Government has been assured that the provisions of the Bill are neither inconsistent with, nor repugnant to, the fundamental principles of the Moslem Sacred Law governing marriages, divorces and revocations of revocable divorces.

4. The differences referred to in the first paragraph above are as follows :—

- (a) the last part of clause 3 has been altered to cover the case where one of the parties professes the Moslem Faith. This gives effect to a suggestion that in accordance with the Moslem Sacred Law a Moslem may marry a woman who is not a Moslem ;
- (b) in clauses 8 (2) (c), 9 (2) (c), 10 (2) (c) and 11 the period of 14 days has been extended to 30 days to meet representations that the period was short ;

- (c) paragraph (a) of clause 16 (1) has been deleted. This paragraph made the failure to lodge applications with the registrar, a criminal offence; but it has been suggested that clause 13 which provides that marriages, etc., unless registered are void, is sufficient safeguard against non-registration;
- (d) in paragraph (a) of clause 17 (1) the words "marriage permits" were inserted after the word "applications" to make it clear that marriage permits may be prescribed by rules.
- (e) small drafting alterations in clauses 6, 8, 9, 10 and 17.

*Objects and Reasons.*

This Bill amends the Municipal Corporations Laws in three matters :—

- (a) town rates ;
- (b) surcharges by the Government Auditor for illegal payments ;
- (c) trade and professional licences.

2. The following may be noted with regard to each matter :—

## A.—TOWN RATES.

Provision for the imposition of a town rate already exists but as the Law stands at present a town rate would only be imposed, as a last resource, if the town fund proved insufficient to meet the needs of the town.

One of the main sources of the present municipal revenue is derived from import tolls collected by Government and paid to municipalities under Law 69 of 1932 ; this manner of raising municipal revenue may have been a convenient way of meeting a situation which had arisen at the time but it cannot be supported as a permanent measure for proper municipal financial administration and it is felt that the time has come to reconsider the whole situation with a view to enabling municipalities to take a more direct and responsible part in the raising of municipal revenue.

With this object in view Government is prepared to abolish the whole of the Immovable Property Tax on property within municipal limits (including the additional tax payable under section 65 of the Elementary Education Laws, 1933 to 1944) and to entrust to municipalities the imposition and collection of rates with increased powers and on a basis which will be sufficient to compensate municipalities for the loss of revenue from import tolls and from other sources of municipal revenue which may be considered either unsatisfactory or insufficient.

The new scheme is to the following effect :—

- (a) every council—unless it is a council excluded by an order in council—has to make and levy annually a town rate not exceeding five shillings in the pound on the annual value of the immovable property within the municipal limits. The rate will be levied in respect of 12 months commencing on the 1st January in every year and the amount of five shillings in the pound on the annual value corresponds roughly to the 10 per centum on the capital value at present levied as immovable property tax so that the property will not be subjected to any greater charge ; in other words what a person now pays in the shape of immovable property tax in respect of his property within municipal limits he will pay, as a maximum, in the shape of a town rate.

The provision for exclusion is made to enable the Governor in Council to exclude village municipalities in the first instance ;

- (b) valuations will be made by valuers appointed by the council with an appeal to a "revision committee" consisting of not less than three and not more than five persons appointed by the Governor, with a final appeal to the Court. A person may object not only against the valuation of his own property ; he may object that the valuation of any other property is incorrect or unfair ;
- (c) the town rate will be levied either on owners or on occupiers as the council may in any year decide ; the rate shall be levied either on all the owners or on all the occupiers ; councils will not be able to levy it during one and the same year partly on owners and partly on occupiers ;
- (d) certain types of immovable property are exempted from assessment (such exemptions are provided in the present Law and also the Immovable Property Tax Law, 1932) ; but regarding property within municipal limits belonging to, or occupied by or on behalf of Government, which is at present exempted, a proviso has been added enabling the Governor in Council to make a contribution to the town rates ;
- (e) provision is made regarding the payment of the rate by persons in occupation for part of the time ;
- (f) the collection of town rates will be entrusted to a town bailiff but, if a council so requests, the Governor may direct that the collection shall be made by Government in the same manner as taxes ;
- (g) a council may, under clause 105, instead of proceeding to make its own valuation, decide to adopt the Government valuation. In such a case the Director of Land Registration and Surveys

shall supply the council with a list showing the registered or recorded value of the property and the town rate will be payable by the persons registered or recorded as owners thereof.

The annual value, for the purposes of this clause, is deemed to be 4% of the capital value of the property as assessed for Government purposes (analogous provision exists in the Income Tax Laws);

- (h) councils are enabled, when the rate is levied on occupiers, to exempt persons from the payment thereof on account of poverty. Lists of such persons will be posted up and any person who objects to the inclusion therein of the name of any other person, may make representations therefor to the Commissioner whose decision is final and conclusive.
- (i) the valuation by councils shall stand good for five years unless in the meantime the property has for some reason or other been substantially altered in which case a revaluation may be carried out forthwith;
- (j) upon the making and levying of town rates the levying of immovable property tax on properties within municipal limits will cease except that as regards Moslems and persons belonging to a religious community other than Greek-Orthodox or Moslem there shall be raised immovable property tax sufficient to cover the amounts at present provided for under sections 73 and 74 of the Elementary Education Laws, 1933 to 1944. (In the case of Greek-Orthodox the amounts required are assessed under section 72 of these Laws).

#### B.—SURCHARGES BY GOVERNMENT AUDITOR.

Experience has shown that the present machinery for recovering surcharges made by the Government Auditor under section 110 of the Municipal Corporations Laws on persons making or authorizing illegal payments and for deficiencies or losses incurred by the negligence or misconduct of persons in charge of municipal accounts, is cumbersome and unsatisfactory.

The Bill retains the right of any person aggrieved by any surcharge to appeal to the Governor in Council but provides that the decision of the Governor in Council shall be final and conclusive.

Payment may thereafter be enforced against the defaulter by filing in Court a certificate signed by the Colonial Secretary that the amount surcharged or charged is due and unpaid; such certificate will then be executed and obedience thereto enforced as if it were an order of the Court without the need of bringing an action, a course which entails costs and loss of time.

Provision is also made that if the person surcharged or charged is a member of the council and fails to make good the amount within a certain period he shall be deemed to have vacated his office.

#### C.—TRADE AND PROFESSIONAL LICENCES.

Representations were made by the councils that the division of persons liable to pay trade and professional licences into classes, makes the work of councils difficult and also results in many cases of injustice.

With a view to meeting these representations the respective provisions of the Municipal Corporations Laws have been amended abolishing the classes and providing only for a maximum fee.

The maximum fees remain the same as at present but the council will now be able to charge a fee within the limits set out in the present Ninth Schedule without proceeding to classify the various traders, etc. An added advantage is that provision has been made for the payment of only the one-half of the fees for half yearly licences.

A person aggrieved may still appeal to the Commissioner of the district whose decision is again final and conclusive.

The following draft Bills, which will in due course be submitted for enactment, are published for general information :—

## A BILL

## ENTITLED

## A LAW TO AMEND THE COMPANIES (LIMITED LIABILITY) LAWS, 1922 TO 1943.

BE it enacted by His Excellency the Officer Administering the Government and Commander-in-Chief of the Colony of Cyprus as follows :—

Short title.

18 of 1922  
16 of 1931  
4 of 1934  
20 of 1938  
17 of 1940  
15 of 1943

Amend-  
ment of  
section 63 (1)  
of the  
principal  
Law.

Insertion of  
new section  
150A.

1. This Law may be cited as the Companies (Limited Liability) Amendment Law, 1944, and shall be read as one with the Companies (Limited Liability) Laws, 1922 to 1943 (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Companies (Limited Liability) Laws, 1922 to 1944.

2. Sub-section (1) of section 63 of the principal Law is hereby amended by the insertion therein at the end thereof of the following proviso :—

" Provided that nothing in this sub-section contained shall apply to a charge on movable property where such charge is created for the purpose of securing any advance of money made or credit given to a company by a bank and whilst such property remains in the possession and under the control of the bank making such advance or giving such credit."

3. The principal Law is hereby amended by the insertion therein immediately after section 150 of the following section :—

" Registrar  
may strike  
defunct  
company off  
register.

150A.—(1) Where the Registrar of Companies has reasonable cause to believe that a company is not carrying on business or in operation, he may send to the company by post a letter inquiring whether the company is carrying on business or in operation.

(2) If the Registrar does not within one month of sending the letter receive any answer thereto, he shall within fourteen days after the expiration of the month send to the company by post a registered letter referring to the first letter, and stating that no answer thereto has been received, and that if an answer is not received to the second letter within one month from the date thereof, a notice will be published in the *Gazette* with a view to striking the name of the company off the register.

(3) If the Registrar either receives an answer to the effect that the company is not carrying on business or in operation, or does not within one month after sending the second letter receive any answer, he may publish in the *Gazette*, and send to the company by post, a notice that at the expiration of three months from the date of that notice the name of the company mentioned therein will, unless cause is shown to the contrary, be struck off the register and the company will be dissolved.

(4) If, in any case where a company is being wound up, the Registrar has reasonable cause to believe either that no liquidator is acting, or that the affairs of the company are fully wound up, and the returns required to be made by the liquidator have not been made for a period of six consecutive months, the Registrar shall publish in the *Gazette* and send to the company or the liquidator, if any, a like notice as is provided in the last preceding sub-section.

(5) At the expiration of the time mentioned in the notice the Registrar may, unless cause to the contrary is previously shown by the company, strike its name off the register, and shall publish notice thereof in the *Gazette*, and on the publication in the *Gazette* of this notice the company shall be dissolved:

Provided that—

(a) the liability, if any, of every director, managing officer, and member of the company shall continue and may be enforced as if the company had not been dissolved; and

(b) nothing in this sub-section shall affect the power of the Court to wind up a company the name of which has been struck off the register.

(6) If a company or any member or creditor thereof feels aggrieved by the company having been struck off the register, the Court on an application made by the company or member or creditor before the expiration of twenty years from the publication in the *Gazette* of the notice aforesaid may, if satisfied that the company was at the time of the striking off carrying on business or in operation, or otherwise that it is just that the company be restored to the register, order the name of the company to be restored to the register, and upon an office copy of the order being delivered to the Registrar for registration the company shall be deemed to have continued in existence as if its name had not been struck off; and the Court may by the order give such directions and make such provisions as seem just for placing the company and all other persons in the same position as nearly as may be as if the name of the company had not been struck off.

(7) A notice to be sent under this section to a liquidator may be addressed to the liquidator at his last known place of business, and a letter or notice to be sent under this section to a company may be addressed to the company at its registered office, or, if no office has been registered, to the care of some director or officer of the company, or, if there is no director or officer of the company whose name and address are known to the Registrar of Companies, may be sent to each of the persons who subscribed the memorandum, addressed to him at the address mentioned in the memorandum."

#### *Objects and Reasons.*

Representations were received from several banks in the Colony that the absolute provisions of paragraph (a) of section 63 (1) of the Companies (Limited Liability) Laws, 1922 to 1943, (which requires that notice of all charges on the movable property of a company should be given to the Registrar of Companies) causes great, though unnecessary, inconvenience to the commercial world and impedes everyday commercial transactions in connection with advances made or credits given by a bank on the security of movable property belonging to a company deposited with the bank making the advance or giving the credit.

It may be noted that such charges are not subject to registration in England and clause 2 of the Bill brings our Law into line with the English provisions in this respect.

2. Clause 3 incorporates section 295 of the English Companies Act, 1929, and enables the Registrar of Companies to strike defunct companies off the register.

## A BILL

## ENTITLED

A LAW TO AMEND THE EMPLOYMENT OF CHILDREN AND  
YOUNG PERSONS LAWS, 1932 AND 1942.

**B**E it enacted by His Excellency the Officer Administering the Government and Commander-in-Chief of the Colony of Cyprus as follows:—

Short title.

16 of 1932  
3 of 1942

Amendment  
of section 3  
of the  
principal  
Law.

1. This Law may be cited as the Employment of Children and Young Persons (Amendment) Law, 1944, and shall be read as one with the Employment of Children and Young Persons Laws, 1932 and 1942, (hereinafter referred to as "the principal Law"), and the principal Law and this Law may together be cited as the Employment of Children and Young Persons Laws, 1932 to 1944.

2. Section 3 of the principal Law is hereby amended as follows:—

(a) by the insertion therein at the end thereof of the following proviso:—

"Provided that, subject to the provisions of sections 4, 5, 6 and 6A of this Law, a child may be employed as an apprentice, for the purpose of learning a trade or calling, by any person who holds a licence therefor under the hand of the Commissioner of Labour."

(b) by the insertion therein of the following sub-section (2) the first part thereof being numbered as sub-section (1):—

"(2) Every licence issued by the Commissioner of Labour under the provisions of this section shall specify—

(a) the number of apprentices who may be employed;

(b) the qualifications to be possessed by an apprentice before he is employed;

(c) the course of study or instruction which each apprentice shall pursue or receive and the period of such study or instruction;

(d) the hours in each day during which each apprentice shall be employed,

and may contain such other terms and conditions regarding the employment of an apprentice as the Commissioner of Labour may think fit to impose for ensuring that the apprentice shall be employed to his best advantage."

Amendment  
of section 8  
of the  
principal  
Law.

3. Section 8 of the principal Law is hereby amended by the deletion of the proviso thereto and the substitution therefor of the following proviso:—

"Provided that the Commissioner of Labour, if satisfied that the conditions and nature of the employment or work in any industrial undertaking are such as to justify an extension of the hours of employment or work therein, may, by licence under his hand, extend the hours of employment or work in such undertaking to a maximum period of eight hours in each day, subject to such terms and conditions as may be specified in the licence."

Amendment  
of section 12  
of the  
principal  
Law.

4. Section 12 of the principal Law is hereby amended by the addition thereto immediately after sub-section (4) of the following sub-section:—

"(5) Any person being the proprietor, owner or manager of any public or private industrial undertaking in which any child or young person is employed in contravention of any matter specified in any licence of the Commissioner of Labour or of any terms or conditions contained or specified in any such licence

shall be liable on summary conviction to a fine not exceeding ten pounds, and in case of a continuing offence such person shall be liable to a further fine not exceeding two pounds for each day during which the offence continues."

*Objects and Reasons.*

Boys usually complete their elementary education when they are about 12 years of age and the prohibition of employment of children under 14 in private or public industrial undertakings creates a gap of forced inactivity, sometimes extending to two years, for boys who do not propose to pursue higher studies.

This Bill makes provision for a system of regulated apprenticeships, pending the establishment of proper technical schools, by enabling the employment of children under 14, for the purpose of learning a trade or calling, by any person holding a licence from the Commissioner of Labour. The Commissioner of Labour will have power to specify the number of apprentices who may be employed by any particular employer, the course of study or instruction which an apprentice should pursue or receive, the hours of employment, the qualifications to be possessed by an apprentice and generally to impose conditions for ensuring that the apprentice shall be employed to his best advantage.

2. Clause 3 gives to the Commissioner of Labour the power to extend in suitable cases the hours of employment of young persons: from six hours to eight hours; this power at present vests in the Governor in Council but it is considered that it can be more conveniently exercised by the Commissioner of Labour.
